Coroner Taylor-was not invited to participate in the ceremony, and up to this time that officer has no official knowledge of its existence. The question of the necessity of such a building has been agitated for some years, and it was not until 1867 that cils took any action. A resolution was then intro-duced in Select Conneil, authorizing the appoint-ment of a joint special committee of three from each chamber to attend to the details of its erection. The resolution was also very explanatory of the use and benefit of a Morgue. The committee was appointed, and the site

recommended for its erection was at the corner o Brown street and Corinthian avenue, in the rear o the Eastern Penitentiary. The ordinance to build the Morgue passed Select Council, but in the other chamber it was referred to the Committee on Finance. The project would have ended in smoke had not the Committee on City Property, in making up their budget of appropriations last year, inserted one of \$5000 for carrying it out.

In May last proposals were received for the erec-tion of the Morgue at Beach and Noble streets, the site first selected having been abandoned. Upon opening the proposals it was discovered that George W. McCullough, Esq., was the lowest bidder -- \$7331. To him the contract was awarded.

To him the contract was awarded. The structure is very plain, with a front of pressed brick on Noble street. The superintendent will reside in the building, to be ready at all times to receive bodies and place them within the Morgue proper. There is an entrance-hall and reception-ioom for visitors. The Morgue proper is provided with four stone slabs, upon which the bodies are to be placed. When a corpse is recognized it will be removed to another apartment, provided with but Upon each body water will constantly In the second story the Coroner is provided one slab with two rooms, one in which to hold inquests and

te other as an office. There has been a telegraphic instrument placed in the building, which will connect the Coror with all the police stations in the city. The Morgue is now ready for occupancy, but the Coronor cannot take possession until it is regularly turned over to him by the Commissioner of City Property.

THE ECLIPSE EXPEDITION .- A portion of the Ame-rican expedition fitted out for the purpose of making observations on the December eclipse will sail on Thursday of this week for Gibraltar, Spain, by way of Liverpool, England. They go in the stcam-ship Abyssinia from New York. Another portion of the same party sailed on the 13th of last month for Sicily. This was accompanied by Benjamin Pierce, Superintendent of the Coast Survey. The present party, on its arrival at its destina-

tion, will break up into small bodies, who will scat-ter and station themselves at different points within a radius of one hundred miles, for the purpose of observation. The party saling on Thursday includes Joseph Winlock, Professor of Astronomy at Har-vard; Professor C. A. Young, of Dartmouth, who has charge of the spectroscopic observations, of which subject he has made a spectal study; Pro-fessor Pickering, of Boston, and a party of scien-tific gentiemes from the Washington Observatory. The only Philadelphians in the party are Messrs. Williard and Mahoney, who have charge of the photographing, and who expect to make several separate negatives during the totality itself. This will require very quick and skilful operating and very delicate apparatus. The entire app aratus taken a radius of one hundred miles, for the purpose o very delicate apparatus. The entire apparatus taken out, photographic and otherwise, is of the finest and most perfect description.

"MENTAL DYSPEPSIA" is the subject of Rev. Dr. Willits' lecture in West Arch Street Church. Eighteenth and Arch streets, this evening. To all di-gestion there will be some very fine music on the ago Dr. Willits visited one of the cities of New Jersey for the purpose of delivering this lecture, and he was called upon by a man who had suffered from dyspepsia for some thirty years. The stranger expressed the utmost satisfaction at the meeting, minutely detailed his symptoms and sufferings, and told the Doctor he had called to get him to pre-scribe for his complaint. The Doctor did so, and his patient departed highly delighted with the interview and mode of treatment. and mode of treatment. Passing through the same place months afterwards, the Doctor met his enthu-siastic patient and was informed that his treatment had effected a cure. Those who suffer from dys-pepsia had better go to Weat Arch early this even-ing. In this case the remedy is much better than

THE TWELFTH AND SIXTEENTH STREETS RAIL-WAY .- This morning the Tenth and Eleventh Streets Passenger Railway Company commenced running their cars on the Twelfth street track recently laid y that corporation. It will be remembered that a harter was obtained at the last Legislature orgaaizing a company under the name of the Empire Passenger Railway Company, with the right to lay tracks on Twelfth and Sixteenth streets For some reason the company failed to complete the line, and the stock was subsequently purchased by the Tenth and Eleventh and Seventeenth and Nineteenth Streets Roads, the former securing the right to ran their cars down Twelfth street, and the latter optaining the use of Sixteenth street, on which a track is shortly to be laid. The Tenth and Eleventh Streets line run as usual on Tenth and Eleventh streets, and the cars running down Twelfth go up Eleventh street. By this arrangement extra cars are placed on the Eleventh street track to accommodate the immense travel north. The time tables of the line have been changed, and the cars are now run on much shorter time. The Twelfth street cars this morning appeared to be well patronized.

A COWHIDING AFFAIR-ONE LAWYER USES A WHIP OVER ANOTHER.-There was quite a flutter this morning among the members of the bar about a cowhiding which was alleged to have transpire cowhiding which was alleged to have transpired yesterday afternoon in a lawyer's office on Fifth street, below Walnut. The parties are practising attorneys, and the little difficulty is said to have arisen from an argument which was had a few days ago in the Court of Quarter Sessions, during which some inelegant language was used by one of the counsel. The parties aggrieved determined on sum-mark vangeance. One of them must the order mary vengeance. One of them met the offender yesterday in front of the Post Office and siapped nim in the face. He, however, took no notice this affront, and later in the day another purchased a cowhide and repaired to the office of the offender on Fifth street, where, after giving him the lie, pro-ceeded to work with his weapon, and dusted the office coat quite lively. An office boy and a col-league of the cowhided individual set upon the cow-hider and compelled him to beat a hasty retreat. It a rumored that a suit for assault and battery will be instituted.

#### OBITUARY.

Captain Napoleon B. Harrison, U.S. N. Captain Harrison, whose death at Key West is announced to-day, was born in Virginia, February 19, 1823, and was appointed to the navy from that State in February, 1838. After various services, he served in California during the Mexican war as a volunteer in the expedition that rescued General Kearney's command, and in other perilous employments. After service at the National Observatory, on the Coast Survey, in the East Indies and on the coast of Africa, he commanded, in 1862, the steamer Cayuga, which, as the flag-ship of Captain Bailey, Admiral Farragut's second in command, led the line of vessels at the famous passage of Forts Jackson and St. Philip up the Mississippi to New Orleans, manœvring his vessel so creditably that he was specially commended in the official reports. During the latter portion of the war he saw service on the James river, and in the North Atlantic Blockading Squadron. Last year he was in command of the midshipmen at the Naval Academy.
