THE NINTH CENSUS.

NEW ENGLAND STATES.

The Complete Census Returns of Massachusetts, Rhode Island, and Connecticut-The Progress of their Population since 1790-The Principal Cities and Towns.

The labor of the census-takers in Massachusetts, Rhode Island, and Connecticut is complete, and from the full returns of the population by townships, etc., we compile the following summaries.

Taking this into consideration, the actual increase in Massachusetts since 1860 has been 220,474, or 17-96 per cent.

FAST LIVING AND ITS CONSEQUENCES,-When 'fast life" has undermined the strength, destroyed the appetite, impaired the digastion, and stolen the bue of health from the cheek-when the hand trembles, the spirits droop, and the whole physical and mental organization languishes, is it possible to repair the evil and restore the dilapidated system to full health and vigor? We answer that it is, Hundreds of cases have been cited, thousands might be cited, in which this regeneration has been accomplished by the regular and persistent use of PLAN-TATION BITTERS. Abstinence from the indulgences which have wrought the mischief is, of course, one of the means of restoration. But it is not sufficient alone. The consequences remain after the cause has been abandoned. A wholesome and genial tonic is absolutely necessary to rouse the corporal and mental energies from their state of collapse. This good work it is the mission of the Plantation Bitters to perform. But no other stimulant must be

A NEW AND HEALTHFUL ARTICLE OF FOOD.-The SEA Moss FARINE, manufactured from Irish Moss, by the Rand Sea Moss Farine Company, has been placed on our table at different times, and proves to be one of the best, most nutritious, and easilydigested of all the farinas now in use. It is palatsble to the taste, is lighter and less compact than any other faring, and hence better adapted to weak stomachs, to dyspepties, to invalids, and all persons of frail constitutions. In cases where tapioca, sage, barley, corn starch, maizena, and similar articles are beneficial, the Ses Moss Farine is not only a substitute, but has advantages which neither of them possess, because the main ingredient of the moss has been considered by medical men for many years as having invaluable remedial properties. It is particularly recommended for pectoral affections, scrofulous complaints, diarrhoea, etc .- Editor Hali's Journal of Health.

A FINE THING FOR THE TRETH .- The fragrant SOZODONT has taken a very prominent place among the most approved dentrifices of the day. It is a very popular article for the toilet, highly recommended by all who have used it, as a beautifier and preserver of the teeth, refreshing the mouth, sweetening the breath, and arresting the progress of decay.

MR. WILLIAM W. CASSIDY, the jeweller at No. 8 South Second street, has one of the largest and most attractive stocks of all kinds of Jewelry and Silverware in the city. He has also on hand a fine assortment of tine American Western Watches, Those who purchase at this store at the present time are certain to get the worth of their money.

Concentrated Fluid Extract Buchu.

The Creat Diuretic.

The proprietor trusts that his remedies, from the fact of being advertised, may not be classed as patent medicines. BUCHU, in one form or other, has been prescribed

by every educated Physician for more than

Two Hundred Years.

H. T. HELMBOLD claims a superior mode of extracting its virtues. The experiments were made while engaged in the DRUG business in the city of Philaderphia, nineteen years ago, prompted by the alarming increase of diseases of the Bladder, Kidneys, Gravel, and Urinary Organs, existing in both sexes. These diseases were justly attracting as much attention as diseases of the Liver, or any other vital organs of the body. Upon the sound and healthy condition of these important organs, the healthy and harmonious action of the nervous system and Liver, and consequently the happiness of the entire human family, depend. That Buchu should act upon both Liver and Kidneys, to prepare it so that it would retain its strength and active principle was h's aim. It must not be made, as housekeepers make tea, by boiling. It is a delicious Leaf, and its active principle would be destroyed by such a process. It must be prepared in VACUO. and from the long leaf, fresh and carefully selected. THE SUPERIORITY OF MY MODE OF PREPA-RATION BRING ACKNOWLEDGED, I now ship even to the point (CAPE OF GOOD HOPE) where

the leaves are gathered large quantities of

IN FACT, THE ARTICLE STANDS PRE-EMI-NENT, AND IS KNOWN IN ALL PARTS OF THE WORLD.

The first and most important object was to offer to the afflicted a remedy that was perfectly safe, and could be taken by adults and children. Ignorant persons, who pay no attention to dose, direction, or advice, might reason, "That if a teaspoonful, taken occasionally, did good, two would do better, and perhaps a bottle would cure in a day."

Many have broken down their health by dissipation, and on this principe; but they had been years in doing so.

What I would have understood is, that no injury can arise from its use. It is as safe as any article of food; but patients must not expect any medicine to rebuild a wrecked or shattered constitution in a few days.

This truth is so self-evident that it would seem unnecessary to repeat it, were it not for the fact that thousands of persons who are intelligent in all other matters seem to think, unreasonably, that a curative agent must exhibit its specific effects immediately, when the fact is that time is often an important element in the progress of a safe and thorough cure, even when the medicine is working the best results. These same persons would expend

HUNDREDS, YES, THOUSANDS OF DOLLARS, IN ARTICLES OF LUXURY AND DISSIPATION,

And think less of it than they would of

Fifty Dollars in Medicine

To rebuild a Broken-down and Worn-out Constitution.

I propose to give evidence that this Remedy is not a patent medicine. The objection which generally lies against all discoveries and inventions in medicine is "publicity." If somebody should discover a remedy to prolong life, or an infallible cure for cholera or consumption, what a monster he would be to withhold his knowledge! We have yet to learn from what chapter or verse in Scripture to quote, "That may not heal others of their fellow-men of any disease.

Nor have we asked Pickwicks, affected prudes, or, in short, men who are possessed of every kind of sense but common sense, and all kinds of opinions but their own. The Buchu is a good thing. It has hundreds of thousands of living witnesses to attest its virtues and commend it. It is the prejudice of bigots and the envy of "Quacks."

It is given chiefly in complaints of the urinary organs, such as gravel, chronic catarrh of the bladder and urethra, diseases of the prostate gland, and retention or the incontinence of prine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in dyspepsia, chronic rheumatism, cutaneous affections, and dropsy.

CURE OF GRAVEL OF FIVE YEARS STANDING -STONE PASSED AND TO BE SEEN.

SAVANNAH, Tenn., May 14, 1869. Dr. H. T. Helmbold:-DEAR SIR:-We introduced your "Fluid Extract DEAR Sir:—We introduced your "Fluid Extract Buchu" in this country about eight months ago, and are happy to state that it is meeting with universal faver. We wish to inform you of one instance (among many) where your "Bucha" has worked wonders. A man in our country named J. B. Estell has been suffering about live years with gravel. About six weeks ago he bought of us one bottle of your "Buchu," and before he was through with one bottle he passed a gravel that weighs eight grains, which we now have on exhibition at our drug store. He says that he will never be without the "Buchu" in his house again. Your preparations are gaining favor every day. Very respectfully yours, etc., ECCLES & HINKLE, Druggists.

OF REOF BLADDER AND KIDNEY AFFECTION OF LONG STANDING-STONE PASSED AND TO BE SEEN.

WESTFORT, Conn., Sept. 9, 1869.

H. T. Helmbeld, Esq.—

DEAR SIR:—I commenced taking your "Extract of Buchu" about two weeks since for an affection of the bladder and kidneys. I have suffered by spells very much for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a large pea, and I now feel perfectly well and entirely from the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to WESTPORT, Conn., Sept. 9, 1869.

GRARD, Penn., March 31, 1889.
EDITOR "COSMOPOLITE":—I desire as an unsolicited tribute to the merits of Heimbold's Buchu, and for the benefit of those similarly afflicted as myself, to say that after consulting many eminent physi-cians, and trying nearly all the best advertised remeclans, and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder diseases, from which I have suffered excessively for many years, good fortune finally suggested to me Heimbold's Buchu, which I commenced using with little fatth, and no apparent beneficial results, for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which encouraged me to persever buts use and now at the couraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would, I have found such unspeakable relief and rermanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought to publicly record the fact, as an acknowledgment to him and a valuable suggestion to the public. Yours respectfully, D. M. LAREN.

DR. KEYSER is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College, and of the University of Medicine and Surgery, of Philadelphia.

Mr. H. T. Helmbold:—

DEAR SIR:—In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form of preparation of it I have not used, or known to be used, in the various diseases where such medicate agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired, in my judgment, is warranted by the facts.

I have seen and used, as before stated, every form of Buchu—the powdered leaves, tincture, duid extract—and I am not cognizant of any preparation of that plant at all equal to yours. Twelve years ex-perience ought, I think, to give me the right to judge of its merits; and, without prejudice or partiality, I give yours precedence over all others. I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more discases of the bladder and kidneys than I have ever seen cured with any other Bucha or any other pro-prictary compound of whatever name.

Respectfully yours, etc., GEO. H. KEYSER, M. D., No. 110 Wood street, Pittsburg, Penn.

A CASE OF TWENTY YEARS' STANDING. H. T. Helmbold, Druggist:—
DEAR SIE:—I have been a sufferer for upwards of

twenty years with gravel, bladder, and kidney affections, during which time I have used various medical preparations, and been under the treatment of the most eminent physicians, experiencing but little

relief.

Having seen your preparations extensively advertised, I consulted my family physician in regard to using your Extract Buchu.

I did this because I rad used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies because for unless I know of the ingradients. It was hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs and juniper berries, it occurred to me and my phy sician as an excellent combination, and, with his advice, after an examination of the article and con-sulting again with the druggist, I concluded to try I commenced to use it about eight months ago, at which time I was confined to my room.

From the first bottle I was astonished and gratified

at the beneficial effect, and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time, but thought my improvement unight only be temporary and therefore concluded to defer, and see if it would effect a perfect cure, knowing that it would be of greater value to you and more satisfactory to me. I am now able to report that a cure is effected after using the remedy for five months. I have not used any now for three months, and feel as well in all respects as I ever did.
Your Buchn being devoid of any unpleasant taste

and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.

H. T. Helmbold, Esq.:— DEAR SIR:—I take great pleasure in sending you a certificate, in addition to the many you have received from suffering humanity. I can scarcely find language sufficiently s'rong to express my heartfeit gratification at the wonderful cure your "Buchu" has effected. For four years I have suffered beyond description. All my friends (with myself) came to the scription. All my friends (with myself) came to the conclusion that my case was incurable. Accident placed your advertisement in my hands. I commenced taking your "Buchu." I followed the directions, and to my utter astonishment, before I had taken seven bottles of your valuable medicine (I would give \$100 a bottle, if I could not get it at any other price), I am entirely cured. I most carnestly recommend it all those suffering from disease. recommend it to all those suffering from disease. have told many persons to take your valuable medi-cine, and they are doing so with great success. Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge many any contributed on the of our use of your Bachu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child suffering more from weakness than from habit, may be spared punishment that is (not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may alike be benefited, I am respectfully yours,

General Sup't and Director.

HELMBOLD'S PREPARATIONS. GREAT SALT LAKE CITY, UTAH, Jan. 20, 1868.

Mr. H. T. Helmbold:—
DEAR SIR:—Your communication requesting our terms for advertising was duly received, but from a prejudice I had formed against advertising "cures for secret diseases" it was left unanswered. During an accidental conversation in a drug store the other an accidental conversation in a drug store the other evening, my mind was changed on the character of your Buchu. It was then highly commended for other diseases by two physicians present. Inclosed please find our rates of advertising. Yours, etc., T. B. H. STENHOUSE, Editor and Proprietor of Daily and Semi-weekly Telegraph.

A CASE OF INFLAMMATION OF KIDNEYS
AND GRAVEL.
FROM MORGAN, FRAZEL & CO.
GLASGOW, Mo., Feb. 5, 1868.

Mr. H. T. Helmbold:—

DEAR SIE:—About two years ago I was troubled with both inflammation of the kidneys and gravel, and I resorted to several remedies without deriving and I resorted to several remedies without deriving any benefit whatever, and seeing your extract Buchu advertised, I procured a few bottles, and used them. The result was a complete cure in a short time. I regard your Extract Buchu to be decidedly the best remedy for all and any diseases of the kidneys, and I am quive confident that it will do all you claim for it. You may publish this if you desire to do so.

Yours respectfully, EDWIN M. FRAZEL.

PERMANENT CURE OF A PATIENT WHO HAD SUFFERED FOR FAFTEN YEARS WITH DISEASE OF THE KIDNEYS.

This is to certify that in the year 1869, one of our customers, a gentleman aged 50 years, who had been customers a gentleman aged 50 years, who had been customers are not become the fideway years. afflicted for fifteen years with disease of the kidneys, called on us for HELMBOLD'S EXTRACT BUCHU, and after having used eight bottles, stated to us that he considered himself permanently cured. He has no hesitation in staing that he received more benefit from the use of HELMBOLD'S EXTRACT BUCHU than from the treatment of various eminent physicians during the time above stated, and recommends the same to all who may be suffering from any disease originating from a disordered state of

the kidneys. Statements similar to the above have been received by us from various sources during the past feur years. Yours, truly,

FROM THE PRINCIPAL PHYSICIAN OF THE SAN-TARY INFIRMARY OF THE STATE OF LOUISIANA.
PARISH LA FOURCHE, La., April 29, 1879

H. T. Heimbold, Esq.:—
DEAR *IR:—I have in my practice used (in the majerity of cases where disease of the urinary organa existed) HELMBOLD'S EXTRACT BUCHU, and can confidently say that I have never known it to be used without the greatest beneficial results. I have consulted patients after partaking of it, and they invariably confirm my statement. I am satisfied that the preparation is an established fact, convincingly proved by the practical test of long experience.
Yours respectfully, JOHN B. C. dAZZO, M. D.

CURE OF NERVOUS PROSTRATION AND DE-CLINE OF A YOUNG LADY.

H. T. Helmbeld:—I have now been giving your Ex-tract Buchu to my daughter, who has been unable to sleep, very nervous, loss of appetite, general de-bility, and rapidly failing into a decline—in fact, consumption was talked of. I was recommended to use your Buchu by a highly respectable lady of this place, who had given it to her son with complete success. My daughter had been troubled for along time. I purchased one bottle some eight weeks since, which lasted one week, and from which she received great benefit, and induced me to parchase one billi-dozen bottles, as I had tried many other remedles, and my family physician, to no avail. It is now more than two weeks since she has taken the last bottle, and I am happy to inform you of its com-

plete success. Very truly yours,
GEORGE M. MARSHALL, Germantown, Pa., Feb. 12, 1869.

A PERMANENT CURE OF GRAVEL OF TWELVE YEARS' STANDING-STONE PASSED AND TO BE SEEN. BURNSIDE, Conn., Dec. 15, 1869.

DEAR SIR:—It is with much pleasure that I write you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder."
Have consulted doctors, both in Massachusetts
and this State, and taken pills, I may say by the
quart, also liquored medicines, but found no relief any, and got worse the last six months. so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with night or day. It would soon have been "all up" with me, if I had not seen your advertisement in the Berkshire Courier, headed "Kidneys," I read it through, and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I finished it and got another. By the time I took half of the second I still got worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so, before I had finished the second, that I had made up my mind it was of no use trying any more and all this time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Hartford on Saturday, to one of the best doctors in the city. He said it was the neck of the bladder, and I should have to undergo an operation. He gave me medicine and I went home quite downhearted. On Sunday I was unable to go to church. I had not taken any of his medicine, but on my return con-tinued using the "Buchu," and in the afternoon it

had the desired effect.

I cannot tell you all, but this is a true story of my case, and you are welcome to make such use of my case, and you are welcome to make said use of my name as you think proper. I am pretty well known in Berkshire; also in Connectiont. The advertisement saved me. Why not publish more? The Springfield Republican is a wide-spread paper. If any one wishes to see this wonder they can do so. I could write all day, but think I have said enough this time so I remain your ever well-wisher.

NEW YORK, Peb. 6, 1870. DEAR FIR: -For the past eight months I have been suffering from diabetes. I have consulted several of our leading physicians, but have falled to receive the slightest benefit from their costly medicines. Four months ago I saw your advertisement in "Herald." I was persuaded by a friend who had been benefited by your world-renowned Buchu. I purchased a bottle, took the contents, and was so relieved that I continued the use of it. The diabetes has entirely disappeared after using it three months, I would give \$50 a bottle if I could not get it at any

I most earnestly recommend it to all those suffering from this disease. Sincerely yours, ANNA E. STOUGHTON, No. 123 West Twenty-seventh street.
