THE COAL TRADE.

The Reading Railroad and its Drawings—Symptoms of Dissatisfaction Among the Members of the W. B. A.—The Complete Tonnage for the Week—Quotations, Etc.—An Explanation.

The Philadelphia and Reading Railroad Company has issued the following orders, which went into effect on Tuesday last: On and after November 1, 1870, and until further notice, there will be paid the following drawbacks on anthracite coal shipped from Port Richmond...

On and after November 1, 1870, and until further notice, the tolls on Anthracite coal on the Schuylkill Canal will be \$1.15 per ton for such coal as is shipped from Port Clinton to Philadelphia.

These drawbacks are only in effect as an offset to the dull state of the trade, and to encourage the shipments from Port Richmond. It is the opinion of the majority of operators, however, that to meet the present requirements, and that many Schuylkill collieries will be compelled to stop from want of orders.

The only alternative left for such is to coal at a loss or stop work for the winter. The recommendation of the company that the miners have the benefit of the statement is not expected to be accepted by the miners.

The miners are now receiving the lowest wages agreed upon with the present basis. The last meeting of operators and miners representatives was held on Saturday last, and the October rates was found to be \$2.00-\$1.10 per ton, and the price was therefore fixed at 16 1/2 per cent. reduction.

There are symptoms of dissatisfaction with the W. B. A. in several places. At one colliery in Schuylkill the miners are withdrawing from the association and work independently in order to get higher wages, but the proprietors would not allow it, saying that the market is not so good as it should be held to it.

The following is the complete summary of the trade for the week ending November 5, as reported for the Pottsville Advertiser Journal of 10 days: 1869. WEEK. TOTAL. 1870. WEEK. TOTAL. INC. & DEC.

Table with columns: WEEK, TOTAL, INC. & DEC. for 1869 and 1870. Rows include Anthracite, Semi-Anthracite, Bituminous, and Total all kinds.

The anthracite trade for the week is 339,745 tons, against 358,491 for the corresponding week last year. Increase so far this year 18,744 tons, or 5.2 per cent.

The market at this port is in no better condition, but is rather weaker if anything. The following are the prices of coal by the cargo at Port Richmond, for shipments east of Bordentown and south of Cape Henry, and to points along the line of the Delaware and Hartian Canal:

Schuylkill Red Ash, \$4.00; White Ash, \$3.00; do. do. Egg, \$4.00; do. do. Stone, \$4.25; do. do. Chestnut, \$3.25; Shenandoah Broken, \$1.00; Egg, \$1.40; do. Stone, \$1.40; do. Chestnut, \$2.25.

The following are the current rates of freights from Port Richmond for the week ending November 4: Bucksport, \$2.40; Portland, \$2.25; Boston, \$2.25; 2.25; Chelsea, \$2.20; East Cambridge, \$2.25; Fall River, \$1.95; Lynn and Hils, \$2.20; Milton and Low, \$2.25; Nantucket, \$1.25; New York, \$2.00; Rockport, \$2.00; Salem, \$2.00; Somerset, \$2.00; East Greenwich, \$1.75; Providence, \$1.75; Pawtucket, \$1.75; Norwich, \$1.75; Brooklyn, \$1.75; New York, \$1.50; Jersey City, \$1.50; Newark, \$1.50; Georgetown, \$1.50; Washington, \$1.50; Norfolk, \$1.50; Petersburg, \$1.50; Richmond, \$1.50; Charleston, \$1.50; Savannah, \$1.50.

With regard to the communication of Mr. Wistar, President of the Pennsylvania Canal Company, which was published in the Evening Telegraph, and which charges us and the Miners' Journal with publishing a wrong tonnage for that company, the editor of the Journal gives the following ample explanation: We do not report any coal tonnage under the name of Pennsylvania Canal Company, nor do we give the tonnage sent from the Wyoming region, that passes through the locks at Beach Haven. All the other anthracite tonnage of the coal sent from the Pennsylvania Canal Company are received by us each month generally, sometimes every other week, and sometimes weekly. When we do not receive them weekly, we only give the aggregate for the year from the last report. This was the case for the last week's report. We did not receive our reports for the last two weeks, but received them yesterday up to October 20, 1870, which fact we set forth as follows: Week ending Oct. 20. Total. In 1870.....11,913.....261,278 In 1869.....15,866.....265,140

Increase in 1870.....3,925.....1,811 This is the official report from the Beach Haven scales. We do not know whether the increase is gross or net tons. The tonnage of the Reading Road and some others is reported at a per cent. off, which is allowed on the tolls of coal sent to market. The Philadelphia Register reports to give the quantity of coal sent to market at the time we examined the publication it gave the tonnage of the different roads and canals, but so far as regards the quantity of coal sent to market, it was nearly a half million tons. In the case of the Reading Road, we would therefore advise Mr. Wistar to be a little more careful how he charges others with publishing a wrong tonnage, when he evidently does not understand the matter, or when the terms he makes use of will apply only to a small portion of the tonnage.

SHUFFLERS ARRESTED.—Yesterday afternoon John Maguire and Charles O'Brien were arrested at Ridge avenue and Callowhill street upon the charge of the larceny of a piece of muslin from Mr. Jenkins' store, No. 1105 and 1107 Spring Garden street. Maguire is a resident of this city and O'Brien had from New York. They have a hearing before Alderman Massey and were committed for trial.

Philadelphia Trade Report. SATURDAY, Nov. 5.—Seeds.—Cloverseed is in steady demand, and 30 bushels sold at \$6.70; Timothy ranges from \$5.25 to 5.75 for lots from second hands; Flaxseed is taken by the crushers at \$2.10 per bushel. Bark.—In the absence of sales we quote No. 1 Querciton at \$2.00 per ton. The market is quiet, and prices are hardly so firm. The demand is limited to the wants of the local millers, whose purchases foot up from 800 to 1000 barrels, in lots, at \$4.00 to 4.75 for superfine; \$3.50 to 4.00 for Western; and Wisconsin extra family \$2.50 to 3.00 for Minnesota do.; \$2.50 to 3.00 for Pennsylvania do.; \$2.50 to 3.00 for Ohio do.; and \$2.25 to 2.75 for fancy brands, all in quality. Rye Flour may be quoted at \$3.25. In Corn Meal nothing doing. There is a fair feeling in the wheat market, but not much activity. Sales of 6000 bushels Indiana red at \$1.90 to 1.40, including 5000 bushels on secret terms; 500 bushels do. amber at \$1.40 to 1.41; and white at \$1.40 to 1.41. In the latter a few days ago, Western at \$1.60 to 1.65. Corn is in better demand. Sales of 5000 bushels yellow at \$1.00 to 1.05, and Western mixed at \$1.00 to 1.05. Delaware at \$1.00 to 1.05, and Pennsylvania at \$1.00. In barley and malt no sales were reported. Whisky is firm, and held at 90c. for Western iron-bound.
