The Annual Meeting of the Germantows and Vorristowa Ratirond-Important Business-The Proposed Lease of the Road.

The Proposed Lease of the Road.

The annual meeting of stockholders of the Philadelphia, Germantown and Norristown Ruironal Company was held this morning at 10½ o'clock, in Handel and Haydu Hall, Eighth and Green streets, Mr. H. L. Gaw was called to the chair and Mr. Lewis Eight was appointed secretary.

The following annual report of the Board of Directors was read by the Secretary and adopted:

"The income of the company during the fiscal year ending September 30, 1870, from passangers, freight, mails, etc., amounted to \$700,450 M, exceeding the income of previous year by \$2018 47. From the receipts of the year, after the payment of all expenses for maintaining and operating the road, United States iax on receipts, State tax on receipts and tonnage, United States iax on dividends, State tax on capital, two dividends on the capital stock of five per cent. each were declared, leaving a balance five per cept, each were declared, leaving a balance of \$134,442.44 carried to the credit of contingent account, exceeding the net income during the pravi-

ons year by \$10,88175.
"The convertible loan of the company has been reduced by conversion into stock during the year from

\$55,900 to \$25,400. "The Plymouth Railroad has been extended to and connected with the North Pennsylvania Railroad at Creland. That road, and the buildings required to accommodate the business thereof, will soon be completed, and we believe that the income from that suportant branch will be satisfactory. Tables of statistics, giving the returns in detail, accompanied the report.

The subject of the proposed lease of the P. G. & N. R. R. to the Reading Railroad Company was then taken up. The latter road proposes to lease the Germantown and Norristown roads for the term of Germantown and Norristown rough for the term of nine hundred and ninety-nine years, the Resding road to pay all expenses, to increase the stock to two millions, and pay annual dividends of 12 per per cent, on the stock so increased.

The terms of the proposed lease were then read.

After the lease had been read, Mr. Samuel Estin
effered the following:-

Revolved. That the resolution passed by the Board of Managers at their meeting to-day, in reference to the execution of the lease and supplement routed in the minutes of the Board, be and the same are here by ratified, confirmed, and adopted by the stock

holders of this company, the said resolution referred to being as iollows:— Resolved, That the President be and he is hereby Resolved, That the President be and he is never authorized, for and on behalf of this company, affix the corporate seal of the company to the salease, to cause the same to be duly attested by the Secretary, and to daily acknowledge and deliver the said lease as the act and deed of this company, and that the President be further authorized to do for and on behalf of this company whatever, in his opinion, may be necessary or proper to fully carry out the true latent and meaning of each and all of the provisions of the said investment.

It was moved that this resolution be laid upon the

until the stockholders have an ample opportunity to inquire into the subject. The lease was objected to on the ground that the road is already earning more than the Reading Road proposes to give, and the increase of thirty-five per cent. In the stock is no more than an equivalent for the yearly surplus earnings of the company. It was also thought that if the Reading Rai road got control of the road no changes in trains would be made to suit the convenience of the travellers when they were wanted. It was said that nothing was known of the subject until last Friday, and that the stockholders ought to have due notice.
Mr. Colket said that the subject had been before
the board for a year, but they could not obtain anything definite from the Reading Company until

Considerable discussion took place as to the de-Birability of postponing the subject.

Mr. Henry M. Phillips, in behalf of the President and Board, said that there was no opposition to a postponement, but they hope the time will be a short one. He said that though the company had really been earling seventeen per cent., yet seventeen per cent on the present stock is not seventeen per cent, on the stock as it will be increased. The Realing company will commence to take charge on the 1st

of December, if agreeable to the stockholders. Mr. Phillips then explained the terms of the lease in detail and explained the advantages to both parties. The motion to postpone was then put to a stock vote, the subject to come up before a special meeting of the stockholders of the company to be held on

the 15th of November. und that 543 had voted in favor of the postpone ment and 1186 against it. The resolution to accept the lease was then dopted by a manimous spoken vote.

The meeting then adjourned to hold an election

Assaulting an Officer.—William McMullin (not the Squire) was arrested at Front and Master streets yesterday for assaulting Polleeman McGlynn. The prisoner was held in \$500 ball by Alderman Shoe-maker.

FORTUNATE DISCOVERY .- Shortly after 5 o'clock this morning a fire was discovered by police officers in the grocery store No. 1120 Race street. They broke open the door, and with a few buckets of water extinguished the flames.

CARELESSNESS.—The lieutenant of the Sixth dis-trict reported to the Chief of Police this morning the fact that his men had found several houses open in the district on Sunday night.

Gunness Arrested.—The police of the Sixteenth district yesterday arrested a number of persons for gunning in the city—a violation of ordinance. The prisoners were all fined.

DESCRICTIVE FIRE.—At an early hour this morning the extensive wooden mill of Mr. John Campbell in Montgomery county, west of Manayauk, was destroyed by fire, together with its valuable contents of stock and machinery. The building was of stone and five stories high. The fire burned with great rapidity, and in two hours after being discovgreat rapidity, and in two hours after being discovered the establishment was one mass of rules. The fire originated under a stairway on the first floor, and is supposed to have been the work of an incendiary. THE BRIDGE ACROSS THE DELAWARE-THE PORT Wardens Profest.—At a meeting of the Board of Port Wardens held this afternoon, Charles Cramp, Eag., representing the property owners along the Delaware above Market street, appeared and read a protest against the construction of the proposed bridge at a less height than will accommodate all the vessels which navigate the river without the ald of a draw. A motion was then made by Mr. John . Everman that the board protest to the Secretary War, to whom the matter has been referred, against the construction of any bridge across the Delaware unless at a height to accommodate all vessels passing up or down, and also protesting against the construction of any piers in the channel way of the river. This was agreed to unanimously, and the president was directed to forward the document. At the same meeting permission was granted for the extension of coal piers 5 and 5 at Port Rich

mond, and a remonstrance was received against the location of the pier of the Peurose Ferry Bridge in the centre of the Schuylkili river channel. BOARD OF SURVEYS .- At a meeting of the Board of surveys held this morning, sewers were authorized to be constructed on the following named streets:—Three feet sewers on Clearfield street, between Codar and Memphis: Dickerson street, between Sixth and Seventh; Sergeant street, from Emerald to Kensington avenue; Master street, from Mascher to Front; Locust street, from Fourth to th, and Spruce street from Thirty-seventh to

LEGAL INTELLIGENCE.

The Mobrman Murder-Trial of John Hanion.

Court of Oyer and Terminer-Judges Ludione and Prirec.

The trial of John Haulon for the murder of Mary Mohrman was resumed this morning, the court-room seing crowded to its utmost capacity, about one half the audience consisting of females. The prisoner had a care-worn appearance, and seemed more quiet and moody then at any other stage of the trial.

There was considerable delay this morning, the District Atterneys being in long consultation with

the detectives.

The jurers handed the Judge a written query as to the propriety of putting a particular question to Mr. Tryon.
Judge Ludlew, after having submitted the note to

the prisoner's counsel, said to the jurors that the witness would be recalled, and then they could put to him any legal enestion. Daniel Daragh, the carpenter who made the plans used by the Commonwealth, was put upon the stand again and questioned as to some disputes concern-ing the distances and size of buildings marked upon

their plans.

their plans.

Detective E. K. Tryon recalled.

Question by a juror. Did you testify that at any time you did or did not communicate to Michael Dunn any of the facts of Mary Mohrman's case? A. answered that by saying no, and now answer it by saying no.
Ouestion by Mr. Hagert. When did you first learn

that a man had seen a man go behind the old build-ing on the lot? A. Yesterday afternoon a week ago I learned it from Alderman Heins; I did not see the witness William Quester until I saw him here on the stand. Q. Prior to the confession made by the prisoner did

you ever bear that a mun had seen a man go behind the building on the lot at Sixth street and Sisque-hana syenue? A. I did not; I had not heard of it prior to December 27, 1869; I first learned last Sunday a week ago that John Giberson had any knowledge of this transaction. Detectives Taggart and Smith were recalled and

Said that they first learned on the afternoon of last Sanday week that on Tuesday morning, September 8, 1808, a man was seen going behind the old house on the lot, and never heard anything of it prior to

on the lot, and never heard anything of it prior to the confessions made by Hanion to Dunn; and the same with regard to John Giberson, of both which facts they were informed by Alderman Heins.

Alderman Fields recalled—I have stated that I was occasionally in the habit of going to John Handon's to shave; I have seen him there with boots and shoes on, and eccasionally slippers.

The Commonwealth then offered the plans and the cictibing of the child in evidence. Mr. Hagert then said:—"May it please your Honors, we have now offered all the evidence we have in the case, with the exception of the witness of whom we have only heard since the beginning of the trial, and we cannot tell how soon he can be brought in; and if we can reserve the right to examine him hereafter when he comes in, we are now prepared to close."

Objections being made by the prisoner's counsel, Judge Ludlow said:—it is our usual practice to re-

Judge Ludiow said:—It is our usual practice to re-serve the right to examine but one witness, giving counsel for the prisoner time to answer that testimony. The Judge suggested that the District At-torney should now state the difficulty in producing this witness and the probability of his appearance.

Mr. Brewster also requested that the point to which he would be offered should be sinted; but Mr. Hageri, in order to avoid difficulty now, closed without any reservation, saying that if he deemed it

advisable he could hereafter renew his offer to examine the witness. The Defense. P. E. Carroll, Esq., junior counsel for the pri-soner, arose and opened the case for the defense. He said the Commonwealth had exhausted a whole week in presenting their case; had presented a great week in presenting their case; had presented a great many isolated facts, which, but for the statement of the infamous witness. Michael Dunn, would not have thrown the slightest ray of light on the matter. He would prove that the prisoner was not where he was said to have been by the prosecution, and, in fact, would establish a complete alibi and vindicate the

prisoner's innoceace; he would prove that the wit-nesses examined in corroboration of Dunn's statement gave en irrely different statements when the occurrence was fresh in their minds, and the; were examined before the Coroner; and they would produce witnesses who testified before the Coroner and were not examined here, to prove his innocence; in short he would prove that at the time of this occur-rence Hanion was in bed and remained there all

John Fisher sworn—I live at the southwest corner John Fisher sworn—I live at the southwest corner of Fifth and Diamond streets; keep a lager beer saloon; I remember the evening Mary Mohrman was missed; Mr. Hanlon was in my tavern that evening from Tag till sig o clock; he had on a white shirt with brown stripes; don't remember that he had a hat on; wore light pants, I think, with a stripe down the side; he left my place in the neighborhood of a quarter after 8; I do not know where he went after leaving my house; he had no cost on; I had lived there four or five months before that; don't live there now; the entrance to my tavern is on Diamond street; there entrance to my tavern is on Diamond street; there

FROM WASHINGTON.

Politics in Louisiana. Special Despatch to The Evening Telegraph. WASHINGTON, Nov. 7 .- A telegram from Senator Kellogg, of Louisiana, just received, says the election there is proceeding quietly, though apprehensions are felt of trouble in New Orleans. Kellogg estimates that if the election is not interfered with, and if a full vote is got out, the Republicans will carry the State by from eight to ten thousand, electing all their candidates for the Forty-second Congress.

Juage Casey, of the Court of Claims, will retire this week and resume the practice of law at his old home, Harrisburg. He will likely be succeeded by Senator Drake, of Missouri, especially if the Legislature of that State, which is to be elected to-morrow, is carried by the Schurz-Brown

The English Mission. As regards the appointment of the Minister to England, it may be stated that the rumor of the place being offered to Schenck is not confirmed by inquiry in official circles. The President is still in a quandary about it, but he will make a selection before Congress meets.

Revision of Army Tactics. Despatch to the Associated Press.

Washington, Nov. 7 .- The Board of Officers now in session in St. Louis, Mo., for the revision of tactics, assembled by orders from the War Department in August, 1869, is dissolved by orders just issued, and the following officers comprising it will join their proper stations:-Major-General J. M. Schofield; Lieutenant-Colonel J. H. Potter, 4th Infantry; First Lieutenant H. H. C. Dunwoody, 4th Artillery: Second Lieutenant T. J. March, 7th Cavalry; Lieutenant-Colonel Wesley Merritt, 9th Cavalry; Majors James Van Voast, 18th Infantry, and John Hamilton, 1st Artillery. Theirs Still at Versailles LONDON, Nov. 7-(Special to the N. Y. Tele gram) .- A despatch from our correspondent at Versailles, dated this morning, states that Thiers is still at the Prassian headquarters. M. Laurier strongly favors the armistice, and all hopes of this desired consummation is not yet yielded. Our correspondent rays:- I have good authority for stating that the

Bombardment of Paris will commence to-morrow. The Prussians are now resolved to push the war to its extremity, without an instant's delay.

The Duke d'Aumale. A general feeling is spreading all over France in favor of calling Duke d'Aumale to the Presidency of the Republic.

The Armisitee Floatly Refused. Tours, Nov. 7 .- A despatch from Vendome says the proposition for an armistice has been unanimously refused by the leaders of the Faris Government. The reason for this is found in the refusal on the part of Prussia of a project to revictual the city, and also because she accepted with reserve the scheme for allowing Alsace and Lorraine to vote for members of the Constituent Assembly.

The Paris Government Supported. The Paris Government is generally supported in her action by the people of all classes. The Journal Official approunces the formation of three armies in Paris. At the latest advices perfect order existed there. The government in this city is acting energetically, and a universal uprising is expected to take place.

It now seems to be the general impression that Prussia has only sought to gain time by seeming to admit the possibility of an armistice, in order that the troops lately investing Metz could come forward to Paris without dan-Franc-Tireur Successes.

FROM NEW ENGLAND. Great Fire in Boston. Boston, Nov. 7 .- The Boston Lead Works, burned on Saturday night, was insured for \$170,000, nearly all in local offices. The loss exceeds \$250,000.

N. V. MONEY MARKET ON SATURDAY.

From the N.Y. Herald. "The gold market was weak, and declined to 110 on the absence of the speculative support, which kept the premium from faling to its legitimate level. At the same time the loan market became easier, and the rates began to favor borrowers, although the variation from 'flat,' or no interest be-tween holders and sellers, was of little moment. "The news received this evening from Europe announcing the cessation of the armistice between the Prussian and French armies at Paris, involves important considerations in connection with the effect upon the gold market. In the midst of the war the money and capital of the continent sought refuge in London, whence there was a huge diversion of it to this country. The property of present of present of present of the continent sought. sion of it to this country. The prospect of peace, however, reas used the owners of this money, and the Bank of England for the past two or taree weeks has shown a decrease in builion, while with the armistice itself vast sums were ready while with the armistice itself vast stims were ready to go back to the continent. It will be curious, therefore, to watch the result of the resumption of hostilities. Will not the frightened financiers of the Old World again look to London and New York as a refuge for their gold? And shall we not again find a fresh transfer of foreign capital to our shores, such as was experienced mid-way of the Franco-Prinsian war?

Prussian war? The Government list was weak, in sympathy with the decline in gold, and prices declined in some instances pearly one per cent. despite an advance in the London quotation. Toward the close the market was better, and closed strong at a

"The weekly statement of the associated banks presented on Saturday shows a most flourishing condition of affairs on the part of those institutions. The legal reserve during the week increased \$2,781,892, against an increase in liabilities of only \$1.649,920, enabling the banks to add \$2.369,912 to their surplus reserve—which now stands at the first-tering figure of \$12,112.841. In addition to this they have strengthened themselves by reducing their leans to the extent of \$2,635,579—their incentive to do so being the lower rate of interest on call, which has impelled them to layest a portion of their re-sources in Government bonds and other securities paying a higher rate of interest than is attainable on demand loans."
