Jenekes From the Boston Advertises The defeat of Mr. Jenckes in Rhode Island was brought about by means which the Providence Journal says have not been equalled for shamelessness since the first election of Mr. Sprague as Governor of the State. A list has been prepared containing the names of one hundred and sixteen free and independent electors in one ward, who sold their votes openly to the only bidders, generally at the rate of five dollars a vote. The bribery was Etc.s equally open and shameless in other wards, but was not carried on at such a wholesale rate. After the election was over the Spragues fired an artillery salute in front of their office in honor of their triumph. The Senator, who is require the official vote, however, to decide the

The French Victory at Orleans.

Tours, Nov. 11 .- A despatch from General D'Aurelles de Paladines, commander of the army of the Loire, was received by the Minister of War, last evening, and has just been given to the public. It is as follows:-

We have taken possession of the city of Orleans after a fight which lasted two days. Our aggregate losses in killed and wounded do not reach two thousand, while those of the enemy are much larger. We have made more than one thousand prisoners thus far, and are continually adding to them as we follow up the fleeing enemy. Among the property captured are two cannon of Prussian model, twenty ammunition wagons, and a great number of yans and provision wagons. The hottest of the fight took place around Coulmier on Wednesday, November 9. Notwithstanding the bad weather, and other unfavorable circumstances, the elan dis played by the troops was remarkable.

General de Paladines, on occupying the city, issued the following cor gratulatory order to the officers and soldiers of the Army of the Loire :--The action of yesterday was a glorious one for our army; every position of the enemy was vigorously carried

and the enemy himself is no retreating. I have informed the Government "your conduct, and am instructed to return & you their thanks for your victory amid the d.s isters in which France is plunged. The amount of the bill was \$32. Mrs. Jones never for a moment suspected that the individual was a swindler, and at once paid over the stamps. Soon after his departure, the re-gular collector for Black's Sons called on the same errand, and then it was discovered that the lady had been victimized. It is thought that the swindler was in the grocery store at the time the regular collector was receiving instructions as to outstanding bills, and managed to reach Mrs. Jones' residence before the collector got around that way.
