NOTES OF THE WAR.

LAONIC CORRESPONDENCE.—MOLTKE TO TROUPE. The following correspondence is published in the French journals, and is presumed to be authentic.

PARIS, Dec. 22.—It may be useful to inform your Excellency that the Army of the Loire was defeated near Orleans, and that that town is recaptured by the German troops.

The Governor answered:—Your Excellency thought it might be useful to inform me that the Army of the Loire was defeated near Orleans, and that that town is recaptured by German troops.

The Tours correspondent of the Daily Telegraph gives us the following bit of gossip:—A few days since the department of Vendee, she who was captured a post-cart of the Prussian army, in which were some thousands of letters for the men and officers of the different corps before Paris.

The Prussians say that the Ministry in Paris have entrusted messages to balloons and published news by pigeon-post as a blind, and that the complete information as to military movements is conveyed to Paris by means of General Trochu's pigeons.

The London Daily News has received, by balloon post, Paris papers to the 1st instant. The Letter Journal, a newspaper the size of a single sheet of paper, contains a list of the provisions which were supplied day by day to the Parisians during last week.

LEGAL INTELLIGENCE.

Final Presentment.

This morning the Grand Jury for the December term made their final presentment. During the month they have acted upon 325 bills of indictment, of which 171 were found true and 154 were ignored.

They also condemned the use of the manufacturing department for the private gain of the officers. They complained of the driving of wild Texas cattle through the streets, and thought their introduction into the market should be prohibited, because they believed it to be unfit for food.

In the case of Judge Hamilton counsel have decided to take the record to the Supreme Court. Their bill of exceptions has been sealed by the Oyer and Terminer, and the writ of error will come before the Court in June some time next month.

FINANCE AND COMMERCE.

The local money market is comparatively quiet and very steady at last quotations. The business demand is merely nominal, and will probably continue so for a few weeks, as no revival is expected until after the holidays.

The gold market continues without special feature. Sales ranged from 110 to 110 1/2. Government bonds improved a fraction in price, but there is very little doing.
