A BETTER TONIC THAN QUININE.—Cassaya bark of the prime quality is a prominent ingredient of PLANTATION BITTERS. With it are combined the juices and extracts of a variety of aperient, antilithic, anti-spasmodic, and antiseptic vegetable substances, and these properties are conserved and rendered diffusible by the pure spirit of the sugar-cane, the most genial and harmless of all stimulants; but this inestimable bark is, after all, the most important medicinal agent contained in the Bitters.

In the various complaints for which quinine is prescribed, PLANTATION BITTERS may be given with the certainty of producing all the good effects claimed by the faculty to result from the use of that dangerous alkaloid, without fear of any subsequent evil consequences. The entire harmlessness of the Bitters is guaranteed; the testimony on this point, from the highest sources, being conclusive.
