MEWS SUMMARY.

City Affairs.

-At the quarterly meeting of the Pennsylvania Baptist General Association, held yesterday afternoon, the Secretary's report was read, showing the following:—The receipts for the quarter were \$4800, \$800 of which only goes into this quarter's account. The accounts for the last year were closed with only a balance of \$59.91 against the Association. The reports received from the twentyseven missionaries show that they have preached during the quarter 1017 sermons, attended 598 other meetings, baptized 52 persons, made 1968 pastoral visits, travelled 7274 miles, and supplied thirty-seven churches and twenty-three out-stations.

-At the annual meeting of the stockhold-ers of Horticultural Hall, held last evening, a resolution was adopted tendering the use of the hall, at a moderate rent, to the Franklin Institute for the purpose of holding an exhi-bition of arts and manufactures in September next. An election for directors to serve the ensuing year resulted in the choice of the following-named:—William L. Schaffer, J. E. Mitchell, James Ritchie, H. A. Dreer, Edwin Satterthwaite, Thomas Evans, Charles P. Hayes, Robert Cornelius, William Hacker, and Stephen Flanagan.

-A meeting was held last evening at the office of the Clerks of Councils of the Committee, on Fire Department of Select and Common Councils for the purpose of organization, Nicholas Shane, of the Nineteenth ward, in the chair.

After some discussion as to the right of the Fire Commissioners to act without consultation with the committee, Mr. Loudenslager, President of the commissioners, explained that they had no place of meeting, hence the action relative to the reconstruction of the office of Chief Engineer.

Mr. Plumly stated that the commission had done nothing that they had not a perfect right to do under the ordinance.

Mr. Marcus moved that the meaning of section 5 of the fire bill is understood to be that the Fire Commissioners cannot create bills without the consent of the Committee on Fire Department of Councils.

After some discussion the motion was with-

A motion prevailed for the appointment of a committees of three from the Fire Committee of Councils, in connection with a similar committee of Fire Commissioners, for the purpose of fitting up the Chief Eugineer's room, Fifth and Chesnut streets.

-At a special meeting of Common Council held yesterday, a committee was appointed to try the right of William H. White to a seat in Common Council from the Sixteenth ward. Mr. Henry Eisenbrown (Democrat) is the contestant in the case. The committee meets this afternoon at 4 o'clock.

-Professor James McCosh, LL. D., of Princeton College, lest evening delivered a lecture in Concert Hall upon Renan's Life of Jesus. The address was critical in its bearing, the eminent gentleman proceeding on the ground that if one part of Renan's Life be true, then the peculiar conclusions drawn by him are not authorized. M. Renan has taken the liberty to select what he considers true, and reject what he considers untrue, a very dangerous doctrine, tending to overthrow all historic investigation. The Bible will bear thorough investigation, and when that is performed the same careful steps must be followed as in other historic ques tions. The account of the doings and sayings of our Saviour is just as capable of proof as the existence of Julius Casar.

Domestic Affairs.

-The Virginia Legislature is again discussing the arbitration of West Virginia's share of the State debt. -The Kansas Legislature met yesterday,

and much excitement exists on the Senatorial contest in that State. -The Sherman House of Boston took fire on Monday evening, and, though little dam-

age ensued, much excitement occurred. On Monday night the through train from New York for Washington, which left Baltimore at . alf-past 8, was boarded by robbers,

who rifled the baggage car.

—The Roman Catholic Church of St. John the Evangelist, located on Fiftieth street, near Fourth avenue, New York city, was totally destroyed by fire last evening.

The reception given by Mrs. Grant yesterday afternoon is reported as being one of the most brilliant affairs of the kind that ever took place at the Executive Mansion. -The Legislature of New Jersey effected

its organization yesterday at Trenton, and from its present complexion the election of ex-Senator Frelinghuysen to the United States Senate is thought probable. -The Republican members of the Legis-

lature held their caucus last night for State Treasurer, and upon the first ballot the result was as follows:—Mackey, 52; Coleman, 9; Hough, 8; and Taggart, 1. The nomination of Mr. Mackey was made unanimous. -Just prior to its adjournment yesterday. the House of Representatives passed the bill

reported by Mr. Morrell, of Pennsylvania, to provide for the celebration of the one hundredth anniversary of American independence by holding an international exhibition of arts and manufactures in this city en July 4, 1876. -The Legislature reassembled yesterday at

Harrisburg, and after the Speaker of the Senate announced the standing committees for the session, he expressed his determination not to entertain certain classes of bills, which, of right, do not belong to the jurisdiction of the Legislature, but to the several courts of the State. In both houses parties were put in nomination for the State Treasurership, and the question as to where Rothermel's painting of the Battle of Gettysburg shall be ultimately deposited was discussed at great length.

Foreign Affairs.

-The Prussians have raised the siege of Langres. -Heavy reinforcements have recently ar-

rived in France from Germany.

-Writs for the election of members of the German Parliament will be issued during the present month.

-A report comes from London that the financial status of France is worse than her military situation. -On Monday night an immense meeting

was held at Greenwich, England, to demand the resignation of Gladstone. -The Prussians claim to have increased the fire of their batteries before Paris, and

that the return fire of the French is weak. -A despatch from Berlin announces that the second instalment of the German loan. has been taken by contractors at an advance. -In the engagement before Vendome, on Friday, the French claim a great victory with trifling toss, while they assert that their

foes suffered severely. -Colonel Pratt, director of the Anglo-American Ambulance Corps, has gone to Bordeaux to negotiate an exchange of wounded prisoners, of whom there are now large numbers on both sides.

Board of Education. The stated meeting of the Board of Eiucation was held yesterday afternoon, Mr. M. Hall Stanton in the chair.

A communication was read from Messrs. A. B. Justice & Co., stating that in two instances the rates at which they offered supplies were lower than those accepted. They claim to have been the lowest bidder for "soapstone pencils," which they offered for \$4.25 per 1000, while the award for the same article was \$4.50. They ask a reconsideration of the case, and say they think the board is bound to purchase supplies at the lowest rates, Referred to the Committee on Supplies.

Mr. Steinmetz presented a communication from Messrs, Eldredge & Brother, stating that the action of the Board of Education, at its meeting in December, has been so represented as seriously to interfere with their business relationships and damage their business interests. Judging from the tenor of the remarks of Mr. Steinmetz at the last meeting, the firm say they did not believe that either he or the board anticipated such a result, and they ask that such a resolution be offered as will locate its position in the premises and place the action fairly before the community.

Mr. Steinmetz offered a resolution declaring that the board had not intended to injure the business of the firm, and that there was no reason why a contract might not now be made with them.

The communication and resolution were laid on the table.

The board then went into committee of the whole and considered the report of the committee on the revision of studies, pre-sented at the last meeting. Considerable debate followed, and the board adjourned without fival action.

SOLDIERS' ORPHANS.

Append Report of Colonel George F. McFarland, State Superintendent of Soldiers' Or-

The annual report of Colonel George F. McFarland, State Superintendent of Soldiers' Orphans, to the Governor, has just been received. It shows the operations of the soldiers' orphans schools of the State for the year enging May 31, 1870. From the table given elsewhere in this report it will be seen that the number of evideren in the schools on that day was 101 bear than on the that the number of epideren in the schools on that day was 161 less than on the same day one year previous, while the number of applications on file was 79 less, making a net decrease of 180 in the number of children under the care of the State in one year.

Thus the bulk of the patriotic debt assumed has fiready been paid, and the sums required will diminish annually until the work is completed. And yet there have been already discharged, with from one to six years of instruction and training, 1475 soldiers' orphans. 1475 soldiers' orphans.

There are now 15 advanced and 6 primary soldiers' orphans schools in the State, in addition to which 23 different orphans' homes, etc., in various sections of the State are required to accommodate the wards of the Commonwealth. The following shows the num-ber of soldiers' orphans in these establishments on May 21, 1870:—
