# THE DARK BYENING TREESERT -FULLIDELING, FRIDAY, JANUARY 18, 1871. THE DAILY EVENING TELEGRAPH--PHILADELPHIA, FRIDAY, JANUARY 13, 1871.

## MEWS SUMMARY.

### City Affairs.

A fire occurred last evening at No. 212 Gold street, in the third story, occupied by George W. Heppard, jewelry manufacturer. The fire burned down into the second story. occupied by James B. Beath, lapidary. The damage in both cases was trifling. -The installation of Rev. Dr. Crowell as

astor of the Woodlands Presbyterian Church, corner of Forty-second and Pine streets, took place last evening. Rev. Alex-ander Heberton conducted the preliminary services. Rev. Dr. Breed presided and preached the sermon. The charge to the new pastor was delivered by Rev. Dr. Rice, and the charge to the people by Rev. D. A. Cunningham.

-A meeting of journeymen bricklayers was held last evening, on which occasion an address was made on the importance of maintaining trade unions in large cities.

A meeting of the mecative committee of the Presbyterian Alliance of Philadelphia was held yesterday afternoon. The business transacted was of no great public interest.

-The Fourth Annual Report of the Trus-tees of the building fund of the Academy of Natural Sciences states that the subscriptions amount to \$93,255.73, on which \$9233.06 interest has been received, making the total assets \$102,488.79. Of this sum there has been expended for a lot, for taxes, fees, etc., \$71,191 79, leaving a cash balance of \$31,-296 84. There are \$15,175 of unpaid sub-scriptions and \$1200 supposed to be irre-coverable, making the nominal total assets \$45,271'84, an insufficient amount for the purpose. A suggestion is made that a site might be obtained gratuitously in Fairmount Park, if the society would consent to remove so far; and that the society in that event might assume charge of the botanical and zoological gardens. It is also suggested that the State might appropriately do something. One bundred thousand dollars more will do all that the society wants, and leave a balance.

Domestic Affairs. -The Presidential election is the absorbing topic just now with the people of Mexico. -The wife of Juarez died on the 2d inst.,

causing much gloom in the city of Mexico. —The wife of Cespedes, of Cuban renown, sailed from Havana yesterday for the United States

-The court-martial in the case of the colored cadet at West Point closed yesterday, and the papers are to be forwarded to Wash-ington immediately.

-Governor Geary gave a reception last evening at the executive mansion, Harris-burg, which was well attended by a large number of prominent ladies and gentlemen. -At Baltimore, early yesterday morning, Policeman Charles Walsh, being about to go on duty, was examining his pistol, when it was accidentally discharged, the ball entering

his forehead and causing death. —The greater portion of the session of the State Legislature yesterday was absorbed in the discussion of points bearing upon the contested seats of members. A chaplain was chosen, and the Committee on Education reported favorably the bill authorizing the election of female school directors.

The minutes were read. Mr. Glenn moved to adopt the minutes as read. It appearing by the reading that the resignation of Mr. Joseph S. Allen and Wagner from the decision of the President in ruling the re-signation out of order, was not printed in the jour-nal.

signation out of order, was not printed in the jour-nal. General wagner hoped the motion would not prevail, as the journal was manifestly incorrect. He took the ground that Council would have to de-cide to-day whether it would admit a wilful misre-presentation of its record or not. He had affixe i his name to an appeal which had been printed in a mutilated condition in the journal. The original copy had been carried off, some per-son in Council either mutilated a public record or took away private copy. This was not a factious opposition on his part. He regarded it as his duty to see that the record of Council was correct. Mr. Buzby stated that he would vote for the adoption of the journal as read. He was opposed to wasting time in the manner of last Thursday. Mr. W. S. Allen stated that he recollected that the paper which did not appear on the journal con-tand the committee. The Chair stated that after the resignation of Mr. Alien had been ruled out of order, an appeal was appended thereto and sent to the Chair, who did not again send it to the clerk's desk. General Wagner, at length, reviewed the matter. He regarded it as of great importance to investi-gate this matter. He doubted the right of any President of th's Conneil to mutilate public records or carry off private documents. The motion to adopt the journal as read was then acreed to, the veas being 30, the pays 22.

Mr. Wagner moved to proceed to the drawing of a committee. Mr. E. K. Nichols stated that he believed the proceedings were irregular. He did not see that the certificate, required by rule and custom, was appended to the petitions. He was told that the Court had recently made a decision to the effect that no certificate was received. Councils had not been notified thereof. Mr. Logan appealed to the members to be fair. Mr. Buzby was opposed to the abolition of the custom requiring affidavits that the petitioners were legal voters at the last election. Mr. Walker took the same grounds, and raised the point of order that the petitions, not being properly certified to by a City Commissioner or other officer, required by the act of Jaly, 1837, were illegal and not properly before the Chamber. The Chair, in deciding, read the act of consoli-dation relating to the trial of contested elections. The act of 1839 provides that every petition com-plaining of a false election shall be presented to the presiding officer of the branch of the Legisla-ture in which the contested seat may exist. The act makes certain restrictions to a petition; first, the petition must be presented within ten days after organization; the petitions must be signed by fifteen qualified voters, five of whom must make affidavit. (The act of consolidation, which makes the same regulations for the Councils of the city of Philadelphia, changes the number of affidavits to three.) No complaint of an undue election shall be heard except the qualification as electors of the county. In view of this the Chair decides the point of order of the gentleman from the Thirteenth well taken, and rules the petitions are not properly before the Chamber. Mr. Fagen thereupon appealed from the decision of the chair. The appeal was drawn up by General desent to the clerk's desk. The appeal sets forth that the second section of the act read refers to contested seat in the Councils of Philadelphia. Mr. Glenn moved to lay the appeal on the table, on which the yeas and nays w
