The interview was entire y unofficial, and had no reference whatever to the great questions to be considered by the High Commission. The conversation was on general topics, and was

participated in freely by all present.

The President was informed by Minister
Thornton that the remaining English members
of the commission would reach Washington almost immediately.

Particulars of the Loss of the Quaker City New York, Feb. 25.—The steamer Quaker City was abandoned sixty miles east of Cape Lookout on Feb. 12, on her beam ends, with sixteen feet water in her bilge. Her smoke-stacks were carried away, and the fires put out by water. The report that the disaster was caused by the explosion of her bollers is doubted. The officers and crew were landed at Bermuda on the 19th. The steamer was a Hay-tien war vessel under the name of La Re-

WHAT KIND OF BREAD IS THE BEST ?- Aerated Bread, which is manufactured from flour without the aid of yeast, is now attracting more attention than heretofore. Notwithstanding the almost universal opinion of scientific men that it is the healthiest form in which bread can be eaten, yet its progress in public favor has been slow. It is now coming rapidly into use, and this is as it should be, for it is undoubtedly by far the best, and the reason simply is that flour treated by yeast is decomposed in order to furnish the carbonic acid by which the dough is puffed up. In the aerated bread the carbonic acid is made in a huge boiler and forced into the dough, thus securing the raising without the destruction of the sugar in the wheat. Mr. D. B. Fuller, whose Aerated Bread and Cracker Factory is at No. 16 South Eighteenth street, has made the manufacture of this ar-icle a specialty, and the article he furnishes is not excelled by any in the country. Aside from its purity, aerated bread enjoys another advantage, and that is its perfect cleanliness. From the time water is added to the flour the dough is not touched by human hands. This is an important consideration.

THE MEDICAL PRO-

PERTIES OF TAR.

The pine tree has long been known to pos sess valuable medical properties. For pal monary diseases it is doubtful whether any remedy has as yet been discovered equal to it. It seems to change and renew the very structure on which it acts, and to infuse into the system an indescribable power equal to the natural power before disease had even taken hold of the body, so as to make, as it were, an entirely new tissue, and to give newness of life and energy which one who has been sick a long time knows the value of ut cannot fully describe. The great object tion, however, to all tar preparations has been their uppleasant taste, and consequent liability to sickness and nauseate the stomach We have before us, however, a preparation of the kind referred to, which obviates all these objections, and is as agreeable to the palate as it is valuable in the cure of disease. We mean "Dr. Wishart's Pine Tree Tar Cordial," a real, genuine, bona fide medicinal cordial. distilled from the pine tree by a process known only to the Doctor himself, the sale and popularity of which are only equalled by the amount of suffering it has relieved, and the number of diseases it is so well calculated to effectually cure. In the Pine Tree Tar Cordial the invalid may be sure he has remedy of very extraordinary power for throat and lung affections, and when taken in conjunction with the "Great American Dyspepsia Pills," an infallible cure for dyspepsia, liver complaint, sick headache, and the many ailments arising from a disordered state of the liver and digestive organs.

In our sphere as publishers we feel some degree of cautionsness in what we recommend to our readers, but when we know of anything of value to the public we shall not hesi tate to make it known through our columns. We advise those of our readers who are saffer. ing from dyspepsia, etc., to give Dr. Wishart's celebrated remedies a trial.

A medical expert, holding honorable colle giate diplomas, devotes his entire time to the examination of patients at the office parlors. Associated with him are three consulting physicians of acknowledged eminence, whose ser vices are given to the public free of charge.

This opportunity is offered by no other in stitution in the country.

Thousands of certificates of absolute cure (when all else failed to afford relief), as well as recommendatory letters without number, have been received by Dr. Wishart, the proprietor, attesting the uniform success with which they have been employed. Many of said letters are from the highest sources, in cluding eminent statesmen, Governors, State judges, clergymen, etc. -men slow to be convinced, prejudiced perhaps at first, but feeling themselves under a sense of duty bound to tell the Doctor what they had done for them and to recommend them to others The Great American Dyspepsia Pills and Pine Tree Tar Cordial are sold by all druggists throughout the world. They can also be obtained at Dr. WISHART'S GREAT FAMILY MEDICINE STORE, No. 232 North SECOND Street, Philadelphia, where a successful practising physician can be consulted each day, free of charge. Those in need of professional aid or counsel will do well to make a note of the above. Communications by mail, soliciting professional advice, will be considered strictly confidential and promptly answered, free of charge.
