LONDON, March 2.-Paris despatches state that several battalious of Germans entered the city at 7 o'clock vesterday morning to prepare quarters. At balf-past 8 the Palais d'Industrie was occupied. Some battalions soon afterwards paraded in the Place de la Concorde, but a small number of the inhabitants were present, and no demonstrations were made. There was soon a line of Germen troops along the Seine from Pont du Jour to the Palais Bourbon, while on the right bank the French National Guards stopped the passage of all persons in uniform. Horse patrols circulated and occupied their quarters. No acts of depredation were committed.

The main body of occupation formed at Longchamps and in the Bois de Boulogne, where the review was held, and entered Paris at noon. The Emperor's staff are quartered at the Palace of the Elysee. General Kamecke commands the army of occupation.

A Prussian military commission has been established to receive complaints of the inhabitants who deserted the occupied quarters. The public buildings are also deserted and closed. The Emperor declares that he will not enter the city. The Crown Prince will review the German army.

CONGRESS. FORTY-FIRST TERM-THIRD SESSION.

Washington, March v. The credentials of Sena-tors elect Henry Cooper, of Tennessee, and J. R. West, of Louisiaus, were presented, read and filed. Upon the request in writing of Mr. Brownlow, the House bill for collecting duties due the Government from Southern railroads was taken up and passed.

Mr. fill presented a communication from the present and former members of the Legislature of Georgia remonstrating against the election of Foster Blodgett as United States Senator from that State.

Ordered to be filed.

Mr. Davis moved to take up his resolution for an investigation into the condition of the Union Pacific Railroad. Negatived—ayes, 13; nays, 29.

Mr. Sherman moved to proceed to the second reading of the Cincinnati and Southern Railroad

Mr. Davis opposed the motion, and characterized the measure as an attempt to farm out the State of Kentucky for the benefit of corporations.

Mr. Sherman's motion was agreed to, and the bill was taken up, partly read, and laid over for a final reading to-morrow.

Mr. Sawyer, from the committee of conference on the Legislative, Executive, and Judicial Appropriation bill, reported that the committees of the two houses were unable to agree, and asked to be dis-

charged. So ordered. Messrs. Sawyer, Morrill of Vermont, and Thurman

were appointed a new committee.

The Appropriation bill was then considered as in Committee of the Whole, and various amendments reported from the Committee on Appropriations reducing items of appropriation were adopted, including an amendment limiting the total cost of the new Post Office and Sub-Treasury building at Boston to \$1.500,000, and also an amendment limiting advertisements of mail contract-letting to ones newspaper in each State in which contracts are to be let.

Mr. Howe moved an appropriation to provide for collecting, translating, and publishing all the documents relating to the early history of the West, commencing with the discovery of the Great Lakes in 1669, and including the exploration of the Rocky Mountains in 1781. Agreed to.

House. Mr. Stevenson, from the Committee on Mileage, reported a bill to allow mileage to members of Con-gress who are elected after the day fixed for the first

meeting of Congress. He explained that it would apply to members of the present Congress who may be re-elected from New Hampshire, Connecticut, California, and Texas, the re-elected members from other States not being entitled to mileage or the session commencing next Saturday, Passed Mr. Washburn, of Massachusetts, from the Committee of Claims, reported the bill to provide a board of three commissioners for the avaination of THE LATEST NEWS mittee of Claims, reported the bill to provide a board of three commissioners for the examination of claims of loyal citizens of the late Rebel States for stores or supplies taken or furnished during the Rebellion for the use of the army, including the use and loss of vessels or boats while employed in the military service of the United States. The commission is to exist for two years, and is to take testimony and to report its opinion in writing in each case, and certify the amount and value of greaters.

meeting of Congress. He explained that it would i

case, and certify the amount and value of property taken, furnished, or used.

The commissioners are not to be residents of

Southern States. They are to hold their sessions at Washington, and to have authority to adjourn to meet for the further prosecution of their duties at such time and place within the Southern States as

they shall themselves appoint. They are to make a report of their proceedings at the commencement of each session of Congress to the Speaker of the

House, who is to lay the same before Congress for consideration. The commissioners are to have \$5000 a year, and are to have a clerk and a short-hand

a year, and are to have a clerk and a short-hand reporter at \$2500 each, and a messenger at \$1200, who are to accompany the board. The necessary and actual expenses of travel are to be allowed and paid on vouches, as other judicial expenses are. After a brief explanation by Messra. Washourn and Ripley to some objections, the bill was passed. The Senate amendments to the Army and Navy Appropriation.

Navy Appropriation bills were non-concurred in, and committees of conference ordered.

Mr. Bingham, from the Judiciary Committee, reported a bill to divide the State of Illinois into three

judicial districts, and it was passed under suspen-

sion of the rules.
Mr. Townsend, from the Committee on Educa-

tion and Labor, reported the following resolution:

Resolved. That the policy pursued by the United States towards four and a half millions of its people

suddenly enfranchised by the events of a great civil war, in seeking to provide for their education, to render them

independent and self supporting, and extending to them civil and political equality, is a source of just national pride, and that the House hereby acquits Major-General O. O. Howard of the groundless and

causeless charges lately preferred against nim, and does hereby deciare is judgment. That in successfully organizing and admissistering, with fidelity, in-

tegrity, and ability, the Freetmen's Bureau, which has contributed so much to the accomplishment of the first two of these great ends, he is deserving of

the gratifude of the American people.

He moved to suspend the rules and adopt the re-

Mr. Randall remarked that there was no objection

to that part of the resolution in reference to educa-

tion of the negroes, but that he did object to that part of it as to General Howard.

The resolution was adopted, yeas 134, nays 52.
The vote was, without any exception, a party one.
Mr. Hooper moved to suspend the rules, and pass a bill repealing the income tax. Rejected—yeas, 91; nays, 116. The result was received with laughter.

Mr. Hooper remarked sarcastically that, as there

was evidently a majority against the repeal of the income tax, he would not move to go into Committee

of the Whole to take up the bill for its repeal, which is on the calendar of that committee.

bill directing the discontinuance of the sales of pub-lic lands, except under the homestead and pre-emp-

tion laws, and under agricultural college and bounty scrip. Rejected—yeas, 122; nays, 67, not two-thirds in the affirmative.

On motion of Mr. Paine, a resolution was adopted

relative to the payment of \$2000 to Mr. Couner, Representative from Texas, was rescinced, and the resolution came again before the House for action.

Messrs. Potter and Harry stated the facts which

in their opinion, entitled Mr. Conner to be allowed

for his expenses.

Mr. Washburn, of Wis., suggested as a jocular commentary on the resolution that a million dollars be appropriated to pay the expenses of all the sitting members who had incurred expenses in retain-

ing their seats.

Air. Hall, a member of the Election Committee,

protested against the resolution, and declared that not a single dollar should be paid to a member for

which he claimed, that his case was a peculiar one, and that he should be allowed the expenses incorred by him in defending his right to a seat.

MUSICAL AND DRAMATIC.

balance of the week. Attractive as have been

the performances of other standard pieces at the Chesnut, A New Way to Pay Old Debts has

been the great hit of the season, and it has

served to excite a most lively interest in the

laudable efforts of Mr. Davenport to establish a

reputation for the theatre under his manage-

ment as the home of the standard drama. His

To-morrow there will be a family night, when

the programme will be arranged for the especial

delectation of ladies, children, and family par-

ties, and, as on former occasions, the greatest care will be taken that nothing shall occur either

before or behind the curtain to offend the sensi-

bilities of the most fastidious. In his present elegant and commodious establishment, Mr. Fox

has been enabled to inaugurate a series of family

performances with success, and the liberal man-

per in which the family nights and family mati-

ness at the New American have been patronized is an evidence that his idea is a good one. A variety entertainment, in which sensational and

comic songs, negro personations and burlesques,

elegant ballet, funny farces and comediettas acrobatism, pantomime, and many other features follow each other in rapid succession, undoubtedly has many attractions for those who wish to pass a few hours in an agreeable manner. The constant change of subject at a particular transfer.

of subject at an entertainment of this kind keeps

the interest of the audience alive, and it fur

nishes something to suit every taste. Another

popular feature is that a person can enter or

leave at any time without breaking the thread of interest, and those who have only half an

hour to spare can pass it in a pleasurable man-

ner, and feel, on leaving, that they have had

their money's worth. The family nights at the American have attracted large audiences of

ladies and children, who have evidently highly

FROM WASHINGTON.

Special Despatch to The Evening Telegraph. Reduction of Dutles. WASHINGTON, March 2. - The Ways and Means Committee to-day directed Mr. McCarty to report a bill reducing the duty on salt to thirty-three and a third per cent.; pig iron to five dollars per ton; and lumber ten per cent. advalorem.

He will endeavor to get the matter before the House either at a late hour to-day or to-morrow. Efforts will be made to add other articles to it but they will fail. The conference committee on the

Legislative Appropriation Bill at its last meeting failed to agree, and asked to be discharged.

Mr. Dawes stated that it was impossible for him to consent to the amendments of the Senate increasing the salaries of judges, heads of depertments, for the State Department buildings, and for the extenseion of the Capitol grounds, increasing the expenditure a million of dollars. The Senate is working on the

Deficiency Bill, and it is their intention to pass it and one other appropriation bills before they adjourn to-night. Frequent efforts have been made to get to the Speaker's table, but they have failed. No measure of importance has been passed to-day.

The Land Grabbers are somewhat demoralized, and fear they will fail in all efforts to get their jobs through.

THE NATIONAL AIR LINE ROAD. The Action of the New Jersey Legislature Yes-terday—The National Road Victorious. From Our Own Correspondent.

TRENTON, N. J., March 2 .- Yesterday was an exciting day at Trenton. The enemies of the National Road called the "Air-line to New York" have been counting all the session of the New Jersey Legislature to repeal a section of one of the charters of that road, so as virtually to defeat its construction. Every influence that could be exerted, directly and indirectly, was brought to bear upon the Legislature to accom-plish that object. Enemies of the enterprise far and near in New Jersey were brought to Trenton to create an irresistible lobby pressure These efforts, however, proved fruitless.

A committee of the Legislature had been appointed by the chairman of the Senate to in-Street superfine, \$550@6; do, extra, \$650@725; do, family, \$775@9; City Mills superfine, \$550@775; do. extra, \$6575@8725; do. family, \$850@11; Western superfine, \$550@6; do. extra, \$650@725; do, family, \$737%@850. The report was made yesterday to the Senate and notwithstanding its introduction, the ene-mies of the National saw defeat so clear and certain from the determination and strength of the friends of the new road that they withdrew their forces, leaving the National in clear and undisputed possession of all its chartered rights.

Thus ends this long-mooted contest, and places the new road in a firm position to complete an enterprise which cannot fail to be of great advantage to the city of Philadelphia.
