FINANCIAL. 7-30 GOLD LOAN Northern Pacific Railroad. Rapid Progress of the Work.

The building of the Northern Pacific Railroad (begun July 1st) is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly even, and 200 miles westward from Lake Superior, and track-running over 100 miles, at a rate of one to two miles per day, including its purchase of the St. Paul and Pacific Road, the Northern Pacific Company now has 418 miles of completed road, and by September next this will be increased to at least 600.

A Good Investment. We are now selling, and unhesitatingly recommend, as a profitable and perfectly safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear seven and three-tenths per cent. gold interest (more than 5 per cent. currency) and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also on

23,000 Acres of Land to every mile of track, or 500 Acres for each \$1000 Bond. They are exempt from United States Tax; Principal and Interest are payable in Gold; Denominations: Coupons, \$100 to \$1000; Registered, \$100 to \$10,000.

Lands for Bonds. Northern Pacific 7-30s are at all times receivable at TEN PER CENT. ABOVE PAR, in exchange for the Company's Lands, at their lowest cash price. That is, in addition to their character as a first-class prompt-paying Railroad security, these bonds are in effect Land Warrants bearing a profitable rate of interest until exchanged for Homesteads, at TEN PER CENT. PREMIUM.

Sinking Fund. The Land Grant of the Road exceeds Fifty Million Acres, having an average soil of great fertility, in a climate that is simply unsurpassed. The Trustees of the Mortgage, Messrs. Jay Cooke and J. Edgar Thomson, are required to devote the proceeds of all Land Sales to the repurchase and cancellation of the Company's Bonds. This immense Sinking Fund will undoubtedly cancel the principal of the entire issue of First Mortgage Bonds (now selling) before they fall due.

Profitable and Safe. With their ample security and high rate of interest, there is no investment accessible to the people, which is more profitable or safe. In view of the Government's expectation soon to call for the surrender of its outstanding 6 per cent. Bonds, under the present movement for funding the debt at lower interest, many holders of United States Five-Twenties are exchanging them for these bonds, and the present market, realizing a handsome profit, and greatly increasing their annual income.

Other Securities—Agencies. All marketable Stocks and Bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. EXPRESS CHARGES on Money or Bonds received, and on Seven-Thirties sent in return will be paid by the Financial Agents. AGENCIES for the sale of this loan are established in nearly every city and important town throughout the United States and Canada. Full information, maps, pamphlets, etc., can be obtained on application at any agency, or from the undersigned.

FINANCIAL. OFFICE OF DE HAVEN & BRO., No. 40 SOUTH THIRD STREET, PHILADELPHIA.

The Chesapeake and Ohio Railroad, A NEW TRUNK LINE FROM THE SEABOARD TO THE WEST.

Is already completed and in operation from Richmond to the celebrated White Sulphur Springs, 227 miles, and there remain but 300 miles now under construction, to complete it to the Western terminus on the Ohio river, 315 miles below Pittsburg, at the head of reliable and continuous navigation.

The completed portion of the road is doing a GOOD LOCAL BUSINESS, which will be enormously increased as it progresses and opens the immense mineral riches of Virginia and West Virginia, whose coal and iron are celebrated for their quality and abundance, and would alone enrich the means of communication which afford them access to the markets East and West.

The advantages of the Chesapeake and Ohio Railroad AS A GREAT EAST AND WEST THROUGH LINE for the transportation of the heavy freights (which constitute the principal part of the East and West through traffic) are numerous and important.

1. A SHORT ROUTE between the Atlantic Coast and the Great West. 2. LOW RATES. 3. LIGHT CURVES. 4. A GENERAL CLIMATE, which admits of safe, economical, and rapid railroad operation throughout the year.

5. EAST AND WEST TERMINI, at favorable points on tide-water and the Ohio river. 6. A VERY LARGE THROUGH AND LOCAL TRAFFIC awaiting its progress. 7. A COMPARATIVELY LIGHT CAPITAL AND DEBT, and consequently a light tax upon traffic for payment of interest and dividends.

All these conditions favor a cheap and economical working of the line, which will enable the Chesapeake and Ohio route to do a profitable East and West through business at rates which would not pay by the more difficult and costly lines, and to control our resources Southwestern through trade.

We are now authorized to sell an additional amount of FIRST MORTGAGE SIX PER CENT. GOLD BONDS of the company, at the original price of 90 and accrued interest.

The bonds are secured by a mortgage upon the entire road, franchises, and property of the company, WHICH NOW IS COMPLETED ROAD AND WORK DONE, EXCEEDS THE ENTIRE AMOUNT OF THE MORTGAGE, and which, when completed, will be worth at least \$20,000,000.

A Sinking Fund of \$100,000 per annum is provided for their redemption. They are issued as Coupons or Registered Bonds, and in denominations of \$100, \$500, and \$1000.

Interest payable May and November, in the city of New York. The superior advantages, valuable property and franchises, and able and honorable management of the Chesapeake and Ohio Railroad Company, render it one of the most substantial, reliable, and trustworthy corporations in the country, and command its securities to the unhesitating confidence of capitalists and investors.

Pamphlets, maps, and full particulars furnished upon application. Interest payable May and November, in the city of New York.

DE HAVEN & BRO., No. 40 SOUTH THIRD STREET, PHILADELPHIA. 3 24 11mwp
