The building of the Northern Pacific Railroad (begun July last) is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly completed 956 miles westward from Lake Superior; trains are 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and track-laying is progressing at the rate of one to two miles per day. Including its purchase of the St. Paul and Pacific Road, the Northern Pacific Company now has 413 miles of completed road, and by September dent this will be increased to at least 560. The Chesapeake and Ohio Railroad.

A NEW TRUNK LINE FROM THE SEA. A GOOD INVESTMENT.

We are now selling and unhesitatingly recom-mend, as a Profitable and perfectly Safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to ran, bear Seven and Three-tenths per cent. gold interest (more than 8 per cent, currency), and are secured by first and only mortgage on the ENmiles, and there remain but 200 miles now under TIRE ROAD AND ITS EQUIPMENTS, and also on

SINKING FUND. The Land Grant of the Road exceeds Fifty Mil-lion Acres, having an average soil of great fertility, in a climate that is simply unsurpassed. The Trus-tees of the Mortgage, Messrs. Jay Cooke and J. Edgar Thomson, are required to devote the pro-ceeds of all Land Sales to the repurchase and can-cellation of the Company's Bonds. This immense Sinking Fund will undoubtedly cancel the principal of the entire issue of First Mortgage Bonds (now selling) before they fail due. selling) before they fall due.

PROFITABLE AND SAFE.

PROFITABLE AND SAFE. With their ample security and high rate of inte-rest, there is no investment accessible to the peo-ple which is more profitable or safe. In view of the Government's expectation soon to call for the surrender of its outstanding 6 per cent. Bonds, under the present movement for funding the debt at lower interest, many holders of United States Five-Twenties are exchanging them for Northern Pacific Seven-Thirtles, thus realizing a handsome profit, and greatly increasing their annual income.

OTHER SECURITIES\_AGENCIES. All marketable Stocks and Bonds will be received at their highest current price in exchange for Narthern Pacific Seven-thirtles. EXPRESS CHARGES on Money or Bonds received, and on Seven-thirties sent in return, will be paid by the Financial Agents. AGENCIES for the safe of this loan are established in nearly every city and important town throughou the United States and Canada.
