NOT DOWN IN THE BILLS.

Rough-and-Tumble Fight for the Posses-sion of a Lady Promenader. An incident occurred at the music in the President's Grounds on Saturday evening which was

not in the programme.

A gentleman was observed in the grounds walking with a lady, when another gentleman stepped up and spoke to the lady, notifying her that she must not walk any more with the other man, backing up his mandate with an assertion of his marital relations. The lady refused to of his marital relations. The lady refused to comply, expressing a preference for the society of the party to whom she was not married. Whereupon the husband stepped up to the other party and gave him a tremendous crack on the head. A lively fight ensued, of a roughand-tumble character, the partisanship of the lady being decidedly manifested in faver of the man who did not claim to be her husband, crying at frequent intervals during the engagement, "Give it to him;" "Pitch into him; he's not my husband;" and other expressions of active interest in the proceedings. The result can be imagined. The ladies are always on the winning side, and in a few moments the alleged husband yielded to the adverse circumstances of the situation and called for quarter. The victor then tucked the lady under his arm, and the twain continued their premenade, amid the plaudits of an admiring auditory that had gathered around during the fray.—Wash. Patriot, yesterday.

TROPICAL FRUITS.

To correctly form an idea of the immense traffic in tropical fruits, one need only take a stroll some pleasant morning along Delaware avenue. There can be seen hundreds of retailers purchasing from the ample supplies of wholesale dealers the luscious fruits. The Italian street-vender, with huge basket, striking a close bargain, the proprietors of our elegant retail establishments making their selections, and dealers from all parts of the State making purchases, which meet with ready sale on arrival at their destination.

Bananas make their appearance in our market about the 1st of March, and are abundant till the 1st of August—the demand being heaviest during the months of April and May. Pineapples commence heavy till the middle of July. From the enterprising firm of Messrs. Davis, Warner & Co., No. 232 South Delaware avenue, we obtained much valuable information concerning the fruit trade. Commencing less than three years ago to devote their attention to fruit as a specialty during its season, they have increased their business steadily, are now undoubtedly the heaviest dealers in West India fruit in Philadelphia. From New York importers they have kept themselves regularly supplied with a choice stock of bananas, their trade in this article alone amounting to upwards of forty thousand dollars the past two months. Some idea of the trade in cocoanuts can be formed when we state that since the commencement of the present year this firm have disposed of nearly three hundred thousand (300,000). At the present time they are discharging a cargo of pineapples imported direct from the Bahamas, and have other vessels loading and en route with this now universally favorite fruit. This spirit of enterprise is commendable, and we trust will meet with the success it

HAS ACQUIRED A WORLD-WIDE FAME.

All of my preparations are meritorious. A period of twenty years has PROVED THIS to be the case.

See remarks made by Benjamin Travers, F. R. C. 8. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarssparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic, with this invaldable attribute, that it is applicable to a state of the system so sunken and yet so irritable as renders other substances of the tonic class unavailable or injurious. See REMARKS of the GREAT CHEMISTS AND

we have ever known for the purpose intended. WM. R. WARNERI& CO. H. T. HELMBOLD will remark, in conclusion, that his remedies are the result of long and careful study. The Fluid Extracts have been before the public twenty years; the sale of them in that time proves their value. All have been benefitted by them who followed my instructions, and to-day they stand UNEQUALLED in the extent of their sale and UNSURPASSED by any Medicament in the Dispensatory of the United States, not excepting a single HERB, ROOT, PLANT, or scientific preparation.
