SCHENCE'S MANDRAKE PILLS.

The Liver is an organ of great importance, so far as a healthy digestion and proper nutrition of the body are con erned. The fact is, that a large majority of all the diseases to which the human family is liable are caused by a deranged action of the Liver, and consequent impaired digestion and imperfect nutrition. It is a west-known truth, that a d'sordered Liver will cause an almost ingnite variety of disease, and create almost every conceivable symptom that disease in its protean form presents; hence the great importance of a healthy action of the Liver in order to keep the system free from disease, and as a consequence a good digestion, perfect nutrition, and a good old age are the results.

In past ages, for disordered Liver, mercury, in some of its forms, was regarded as the only remedy; but as this drug acts upon all the secretions alike, and being a mineral poison, its use would produce salivation and a breaking down of the vital powers.

A desideratum, long desired, was to discover a remedy for disordered Liver that was as efficaclous as mercury and free from any of its injurious results. After long and patient research in the vegetable kingdom Schenck's Mandrake Pills were discovered, having for their basis the Podophyllum Peltatum of botanists, but known in common parlance as Mandrake, combined with other equally efficacions vegetable ingredients, which is peculiar to Schenck's Mandrake Pills, and cannot be found in any other preparation.

These Pills have been very extensively used for years, and never have failed to relieve all derangements and disorders of the Liver, as thousands of living witnesses can testify. In no one instance where they have been used, either by the smallest child, most delicate lady, or robust man, they ever produced any injurious effects, but, on the contrary, the most disordered Liver, in thousands of cases, by the use of the Pills have been made to secrete a healthy bile, as has been seen in the evacuations, restoring this most important organ to a healthy condition giving to the hitherto unfortunate invalid restored health, freedom from despondency, peace of mind, and renewed happiness and pleasures in life.
