THE BURDELL MURDER.

NEW EXCITEMENT!!

NEW YORK, Feb. 14.—There is a turn purg, on Wednesday last. The following is a in the popular excitement about the Bur- list of the members : dell murder case.

Young Snodgrass, who was discharged from arrest for a time, as having had nothg ing to do with the affair, appears now to have had a principal hand in it.

It was proved this morning that he had bought a dagger the day before the murder. He has accordingly been committed.

This new development causes a great deal of excitement, and there is more speculation than ever as to who assisted him. in the transaction, or whether he only fur-

nished weapons for others to use. -There has been a great crowd around the house all day. Before the inquest commenced there was a row outside between Captain Rynders and Snodgrass, but it was soon over.

Snodgrass was examined first, and he swore positively that he had never purchaput upon the stand. She swore positively for ordinary State expenditures, that three days before the murder, Snodgrass had purchased from her a dagger; paying her three dollars for it.
