THE FAMINE IN FINLAND.

Last year's harvest in the north of Finland appears from all accounts to have fallen far shor of the wants of the populalation, and apparently, from the difficulty of communication as wister approached, the scarcity that aiready existed at the Greytown, March 21: milencement of winter has now increase ed to the extent of a fearful famine.

though aided by contributions from Swe den, has long been exhaustod. In Helsing forsitteeff a single merchant gave 10,000 and Baron Steiglis 5000 roubles allver .- ted in vain." Unfortunately much of the grain that was In this no mention is made of the five

themse'ves and their parents, and numbers American. of adults had already fallen victims. All round about Oesterbottom, in the open country, the famine is driving the country prople in half famished bands starving with coll and hunger into the towns, where the available resources are in consequence soon consumed

be as bad; among the Laplanders the famine 6th: has alr dy attained such a pitch that the outrages under the constitutional Landesshautmann of Norbotten, who prose coule lithither to inquire into the state of the case, affirms to have seen children whose be taken, and a constitutional convention I John Covole, ad gnawed their own hands from hunger. and adults who had died from starvation, while striving to prolong life with hands fol fatraw. It is only very lately that any intelligence of this melancholy state of things in the north of Sweden has ob tained any mention in the Stockholm papers and now that all at once the most fearful extreme of misery is stated to exist there various journals form disposed to call the trainess of the accounts juto question apparently, because they have not yet received official correboration. It is, howerer, true that Swedish government has

been unremittiting in its emleavors to aff one, and this is not a sixth part as large as fold relief to the distressed arriers ever Lawrence. The other precincts are ileawork and at length (the 18th ult) the official journal, Posttidningen, Tas publish ed a number of particulars fully establishil the melancholy truth and intended to neuns to remedy the evil.

The pride of mankind is singularly de the bair; perhaps from the fact that it is the only portion of the human way we can train in any way we choose; how important then, having this portion left to our care, that we should use all the man science has placed in our hands to reader it beautiful and permanent. If you would have cautiful hair, glossy hair, permanent hair, hair with its natural color eleganty afternoon. The amount of loss is not ascertained, but it cannot be less than \$20, purchase. Wood's Hair. Restorative. Daily I was State Gazette. Sold by gists generally.

> A Recipe that Rarely ever fulls to cure a cold .- Now, while winter, with its burthen of Colds and Coughs, is with us, we think a remedy that will relieve such visitations should be highly prized, and all who know the worth of this remerly, will do as we do ever tried, for we have rarely to repeat the dose to be entirely free from Cough, and the collected matter, the cure is complete. As a family medicine, for the cure of Bowel Diseases, Worms, Derangement of the Stomach and Liver, we can recommend it

knewingly. ver, and Dauggists generally.

CLOSING THE ASSYLUMS IN INDIANA -Owing to the failure of the last legislature of Indiana to make the necessary appropriations, the Asylums for the deaf and danio and the biind of Indianapolis, have been closed, and the children returned to their respective counties. The Junnal says that it was a melancholy sight to witness the appearance of them as they were busy in calling each others attention to the sights and scenes so long fimiliar, which they have probably seen for the last time. Governor Willard bus been urged to cell an extra session of the Legis. lature but he doce, not seem incline in do so The inconvenionce of biennial sessions is again This rated in this case.

A man from the country whose wife had eloped and carried off the feather. bed, was in Imuisville recently in search of them, -ust that he cared anything about the wife, but the feathers, says he, "them's worth sixty-eight cents a pound."

A New Definition .- The Charlesten Mercury defines Kangas as "the last impregnable fortress of the South in the chira of defence from the Atlantic to the
