A good-looking friend of ours, who is on his side, though somewhat hoary-headed, while absent from the city a few days, used Prof. Wood's Hair Restorative, and on his return called to see his lady-love, but was unable to find her. He recognized her; and immediately determined to pass for a cousin of his, but was eventually chastised to find he was pursuing his former self in the affections of the lady, which caused him to make himself known; but the lady still says that she likes the counterfeiter better than the original, and insists that he continue (if possible) to use the Hair Restorative.

It has become an established fact that Dr. Sanford's Inventor will cure Liver Complaint, Jaundice and General Debility. Many people, personally known to us, whose word cannot be doubted, have given their certificates to prove this, and with such a mass of evidence who can doubt, it is truly the invalid's friend, and will give relief when all other remedies fail, and in some instances that have come under our observation it seems as if the means of establishing his vitality from the grave, we wish all our readers who need medicative would try one bottle, for it will surely give relief.
