Sudden Death—On the 5th instant the Hon W L Marcy, of New York died, very suddenly, in his room at a hotel in New York City

For the Argus

MESSRS. EDITORS:—I see by your paper of the 1st inst., that my name was used as a candidate for the office of Director of the Poor House, by the Republican Convention which assembled on the 29th ult. As my name was not before the people of the county at their primary meetings, and was brought before the Convention without due notice, I feel it my duty (after my best respects to my friends) to return the nomination to the party, that they may make such provision as may be thought best to remove any unkind feeling that might otherwise arise. With my best wishes for victory on the 2d Tuesday of October next, I remain, Truly yours,

July 8th. HUGH ANDERSON.

The following was read before the Republican County Convention, on the 29th ult, but as the Convention failed to take action in reference to its publication, we were not furnished with a copy in time for ... issue:

At the meeting of ... citizens of Green township, convened for the purpose of appointing delegates to the County Convention to be held in Beaver, on the 30th of June, 1857, the following resolutions were adopted by acclamation, as expressive of the sense of the meeting, and ... of the township:

Resolved, That we make no nomination for Director of the Poor, unless we have a pledge that the person nominated will oppose the removal of the Poor House. We now have to meet all the inconveniences resulting from the location of the county seat on the north side of the Ohio river, and view the attempted change as one uncalled for, and but adding one other difficulty to the many we experience from our location.

Resolved, That we will oppose the nomination of any man for Director of the Poor who is in favor of removal, and that we will use all fair and honorable means to defeat the nominee, if he does not give a pledge against removal; and that we will support a nominee without regard to party, if right on that question.

Resolved, That our delegates be instructed to present these resolutions to the Republican Convention, with a request that they be published with the proceedings. JAMES CAMERON, Pres't.

Hilton Lawrence, Sec'y.

TWENTY-ONE YEARS AGO.—The Baltimore Clipper, speaking of a similar season to the present one, twenty-one years ago, says that on the 29th day of May, 1836, after a protracted spring drought, rain commenced falling very grudgingly, and after repeated trials it "got its hand in" by the 31st of that month, and then began to come down in torrents. After that it was rain! rain! every day, we believe, until the 5th of july, and farmers who had cried out in April and May for rain, had for two or three weeks been praying for rain to stop. At different periods in the month of June, 1836, the air was so raw and chilly as to make fires necessary and comfortable

MORALS OF CHICAGO.—The moral condition of Chicago, boasted queen of the lakes, is of the most disreputable and deplorable character. Murders, affrays, robberies, assaults, drunkenness, and all kinds classes and conditions of crime prevail in that city. The Chicago papers of Wednesday publish a list of thirty-one burglaries committed in that place during the present month. Most of them were of the most audacious character, and in one a citizen, while defending his property from robbery, was killed. On Monday night a man was killed while attempting to rob the premises of Col E D Taylor.

CROPS IN MAINE.—A correspondent, writes from Farmington, Me., that the crops in that vicinity never looked better. Oats, wheat and potatoes are looking finely; corn rather backward, but has a decidedly healthy appearance, and no one doubts a large crop. Apples bid fair for an unusual harvest, he adds: "I have not seen such fields of grass for many years; the very road sides will yield a ton to the acre."

A LARGE FLEECE OF WOOL.—The Cadiz Republican says that a Mr Minteer, of Harrison county, brought to that town a fleece of wool shorn from an imported Buck which weighed 23 pounds The buck is four years old; cost $175, and was imported from France.

Holloway's Ointment and Pills—The applicability of these extraordinary medicaments to the disorders of all climates, renders them indispensible to all who journey by sea or by land. Scurvy, the most terrible scourge of seafaring men, is eradicated by the use of the Ointment; while the Pills, by their alterative and conservative operation upon the stomach, the secretions and the bowels, soon relieve the worst cases of billious fever, diarrhea and stomach complaint. Taken as a preventive, they fortify the system against the disorders consequent upon changes of temperature, and deprive the process of acclimation of its principal danger. Emigrants to the Far West had better go there unprovided with implements of labor, than without these unequalled curatives.

☞ There are occasions when even the healthiest people need medicine, the changes of the diet, of the weather, and hundreds of other causes, produce a laxity in the system that needs correcting or in other words, the liver becomes slightly deranged, and needs a stimulator. If all who find themselves in this situation will use Dr. Sanford's Invigorator, they may be sure of relief, as we can testify to its efficacy in curing Headache, Indigestion, Sour Stomach, and other ills so common in a family. It acts as a medicine, easier and better than any dose of pills we ever swallowed, and is so mild that the smallest infant can take it.

☞ Sold by Dr. O. Cunningham, Beaver, and Druggists generally.

MARRIED—On the 17th ult., by Rev. S. W Clark, Mr. *Robt. Harsha* and Miss *Eliza Ann M'Cauley* of Hanover Tp.

☞ WOOD'S HAIR RESTORATIVE—We refer the reader to the advertisement of this popular remedy. It is highly recommended by all who have used it, and has effected wonderful results by its magic influence. We know of gentleman in this country who have been almost bald for years, had their hair entirely restored to its former luxuriance and beauty, by the use of Wood's Hair Restorative.

☞ Sold by Dr. O. Cunningham, Beaver and Druggists generally.

RESOLUTION

Proposing Amendments to the Constitution of the Commonwealth.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met: That the following amendments are proposed to the constitution of the commonwealth, in accordance with the provisions of the tenth article thereof.

First Amendment.

There shall be an additional article to said constitution to be designated as article eleven as follows:—

ARTICLE XI.

OF PUBLIC DEBTS.

SECTION 1. The State may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for: but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SEC. 2. In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the state; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SEC. 3. Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the ...

SEC. 4. To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by the state, or the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the state, together with other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

SEC. 5. The credit of the commonwealth shall not in any manner, or event, be pledged, or loaned to, any individual, company, corporation or association; nor shall the commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

SEC. 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough or township; or of any corporation, or association: unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

SEC. 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

Second Amendment.

There shall be an additional article to said constitution, to be designated as article XII, as follows:

ARTICLE XII.

OF NEW COUNTIES.

No county shall be divided by a line cutting off over one-tenth of its population, (either to form a new county or otherwise,) without the express assent of such county, by a vote of the electors thereof; nor shall any new county be established, containing less than four hundred square miles.

Third Amendment.

From section two of the first article of the constitution, strike out the words, "of the city of Philadelphia, and of each county respectively;" from section five, same article, strike out the words, "of Philadelphia and of several counties;" from section seven, same article, strike out the words, "neither the city of Philadelphia nor any, and insert in lieu thereof the words; "and no;" and strike out "section four, same article," and in lieu thereof insert the following:

"SEC. 4. In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, representatives to the number of one hundred, shall be apportioned and distributed equally, throughout the state, by districts, in proportion to the number of taxable inhabitants in the several parts thereof except that any county containing at least three thousand five hundred taxables, may be allowed a separate representation; but no more than three counties shall be joined, and no county shall be divided, in the formation of a district. Any city containing a sufficient number of taxables to entitle it to at least two representatives, shall have a separate representation assigned it, and shall be divided into convenient districts of contiguous territory, of equal taxable population as near as may be, each of which districts shall elect one representative.

At the end of section seven, same article, insert these words, "the city of Philadelphia shall be divided into single Senatorial districts, of contiguous territory as nearly equal in taxable population as possible; but no ward shall be divided in the formation thereof."

The legislature, at its first session, after the adoption of this amendment, shall divide the city of Philadelphia into senatorial and representative districts, in the manner above provided: such districts to remain unchanged until the apportionment in the year one thousand eight hundred and sixty-four

Fourth Amendment.

There shall be an additional section to the first article of said constitution, which shall be numbered and read as follows:

SEC. 26. The legislature shall have the power to alter, revoke, or annul, any charter or incorporation hereafter conferred by, or under, any special, or general law, whenever in their opinion it may be injurious to the citizens of the commonwealth, in such manner, however, that no injustice shall be done to the corporators.

BEAVER MACHINE WORKS.

Childs, M'Connell and Darraghs,

FOUNDERS AND STEAM ENGINE BUILDERS

Fallston, Beaver County, Pa.

WE respectfully call attention to the inducements offered for purchasing Engines and Machinery mentioned below. We have purchased the right to make and sell the

PATENT OSCILLATING ENGINE

of Messrs. Cridge & Wadsworth, and are now engaged in the manufacture of them at the lowest possible rates, which is about twenty-five per cent lower than the Slide Valve Engine—Their simplicity and durability, combined with their cheapness, and almost utter impossibility to get out of order, renders them the most desirable Engine to have.

The following is a list of the different kinds of Machinery which we have made. Persons wishing to procure anything of the kind, will do well to give us a call before purchasing elsewhere.

Double Slide Valve Reciprocating Engines, the same as manufactured at Salem, Ohio; Oscillating Engines Cridge & Wadsworth's Patent; Tub and Bucket Machinery; Flour Barrel and Nail Keg Machinery; Planing Machines Cylinder or Barrel Saws; Fire Brick and Clay Rollers; Starch Rollers, Pipes and Castings for extracting Oil from Cannel Coal; Flouring Mill Gearing; Pullies and Shafting; Muley, Sash, and Circular Saw Mills; Lath Machinery, &c., besides numerous other Machines which it is not necessary to enumerate.

We might add a long list of certificates, but deem any but the following unnecessary.

ECONOMY, December 24th, 1856.

MESSRS. CRIDGE, WADSWORTH & Co. Gentlemen:—We hereby certify that we have had one of your Oscillating Engines in use for nearly four months, and that it gives satisfaction in every respect. Its principal advantages over the common Engine are—

1st. Its simplicity, and the consequent facility to keep it in good order.

2d. It takes up much less room.

3d. It requires less pressure of steam to do the same amount of work; and is, therefore, worked with less danger and less fuel.

Respectfully yours,
R. L. BAKER
JACOB HENRICI,
Trustees

Our facilities for shipping to any point whatever, by Rail Road, Canal, or on the Ohio River, is as good as at any other point. Our Works are situated in Fallston, Pa. on the west Bank of the Beaver River, opposite N. Brighton, and only one hour's ride by rail from Pittsburgh.

July Appointments

DR. H. TUBBS,

Will be at his room, Bridgewater, Lehmer's Hotel, Monday, July 20th, 1857.

For consultation upon all diseases of the Throat, Lungs, Heart, Liver, Stomach, Bowels, Kidneys and Spleen; also Dropsy, Gravel, Rheumatism, Nervousness, Debility, Dyspepsia, Female diseases, Ague and Fever, Fits, Impurities of the blood, Eruptions, Cancers, Ulcers, and all other varieties of long standing complaints, both external and internal.

For some ten years Dr. T. has devoted his entire time to chronic diseases, treating thousands annually, many of whom had exhausted every other resource within reach. In no case are mineral or other poisens employed, nor does he make sick to make well, or tear down to built up again. The medicines can be taken with safety by the most delicate, and patients may remain at home, and continue with prudence their ordinary diet and excercise. Many have recovered under the treatment after friends and physicians had given up all hope, the indisputable evidence of which can always be furnished. Invalids, however reduced or despairing, are invito call, and may be assured that no encouragement will be given or expense incurred, without a corresponding prospect of recovery.

The Dyspeptic and Dispairing should read the following:

Several years have elapsed, and Mr J. continuss to endure severe and constant labor.

BATH, Summit Co., O., Aug. 14, 1854.

DR. TUBBS—Dear Sir:—Seven years ago, I was taken with what doctors called dyspepsia, I consulted several who all told me I could never be cured, or able to work at my trade again which is blacksmithing. Sometimes a little better, then worse, scarcely able to do anything. I lingered alone until three years ago, when I was aken worse of my old complaint, followed by that besetting evil of dyspeptics, hypochondria. From this time up to seeing you, I could eat but very sparingly of light food, which always distressed me, and was often ejected from my stomach. My sufferings of mind were beyond what tongue can tell, or any one imagine who has not experienced similar tortures. I tried all the physicians in reach, with but little benefit, and while in the hopeless sufferings, which, could they be told; would fill a volume, I happened to see your advertisement. Having had the advice of all kinds of physicians, I concluded to get your opinion, though with little faith that anything would help me. After advising with you I concluded to take some medisine as the last and only resort. This was nearly a year since. I am now almost as well as ever. Latter part of winter I worked in my shop, having labored all summer, and now in harvest cradle and mow, doing a full day's work. I never feel any of my old symptoms except when very tired or overcome, and have reason to believe you will make me as sound a man as I ever was in the world. I am very glad I ever saw you, and sincerely believe your treatment the best known, particularly for chronic diseases. You can make what use of this you think proper. Yours,

DEXTER R. JOHNSON.

THE MEDICINE OF THE MILLION

PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS

THE EXCITING CAUSE OF SICKNESS.

The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of gorhaet. u

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhœa, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alternative.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma, Diarrhœa, Indigestion,
Bowel Compl'ts, Dropsy, Influenza,
Coughs, Debility, Inflammation,
Colds, Fever and Ague, Veneral Affe'n
Chest Diseases, Female Compl'ts, Piles,
Costiveness, Liver Compl'ts, Headaches,
Worms, all kinds, Lowness of Inw'd weak'n
Dyspepsia, Spirits.
