CONSUMPTION. This remedy has won for itself such natoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evi-dences of its virtues in any community where it has been employed. So wide is the field of its use-fulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the rung by its use. When once tried its superiority over every other medicine of its kind is too appa-rent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affec-tions of the public for the milder varieties of COLDS, COUCHS, HOARSENERS, &... and for CHILDERE it is the pleasantest and safest medicine that can be obtained.
