COL. FORNEY ON KANSAS AFFAIRS.

The Philadelphia *Press*, the daily Democratic paper which was established by Col. Forney some three months ago, has so far improved itself a journal of considerable independence and honesty, which in ability it is second to very few Eastern papers. On the Kansas Question it has ably sustained Walker in his prompt rejection of the Oxford fraud upon the real voters of that territory, and (in the article given below,) takes a position in regard to the bogus constitutional convention which will, before three months, bring into collision with the Democrats of the South, unless indeed, like the Northern democracy heretofore, it eats its words, and allows a constitution conceived in fraud and brought forth in iniquity, to be forced upon an unwilling people at the point of Federal bayonets. What the *Press* a year hence will say we do not now pretend to predict—but trust it may not vary from the position taken in the following article, which we find in its columns of the 18th:

"The drift of all the news from Kansas, by mail and telegraph, show conclusively that the so called pro-slavery constitutional Convention, like other bodies of whom we have read, is another formidable instance of the adage that 'whom the gods wish to destroy they first make mad.' Some of the propositions presented to that Convention—which, be it remembered, represents a mere fragment of the voters of the Territory—would disgrace a despotism, others are merely ridiculous, while the whole affair looks to us, at this distance, as if the parties engaged in it had entered into a contract to mortgage the new State to their own individual interest for a century to come.

"There is a consistent disregard of the people manifested, a cool resort to trick, and an utter shamefulness, which altogether make up a satire upon representative bodies such as we have never had the luxury to enjoy. The leading spirit in this Constitutional Convention seems to be a person called 'General Calhoun,' who, we regret to say, was appointed from the free State of Illinois, by General Pierce, as Surveyor-General of Kansas and Nebraska; and who in all his actions indicates a desire to imitate rather the character of a member of the French Senate employed to carry out the designs of Louis Napoleon, than the representative of an honest American constituency.

"We give in another column some of the doings of this Convention, and have only to say, that if the Constitution fabricated by this body is sent to Congress, we trust that short work will be made of it. It deserves nothing but contempt. If it has a single merit, it is its consistency with the fraud and wrong which it is intended to perpetuate, and from which in great part it has grown. The idea of a set of men chosen as delegates to this Convention, attempting to bind posterity to their work, and daring to nullify in advance the will of the majority, is so monstrous that we wonder the outrage did not excite the whole people to civil war. The usurpation becomes the more amazing when we reflect that these very men who are trying to fix upon the Territory the rule of a minority were vociferous in denouncing the Topeka Constitution, which set out with asserting a similar principle, and was repudiated by Congress and the country.

"In speaking of doings like these, we feel that it is idle to indulge phrases, and we sincerely hope that if the Constitution of Kansas is anything like the instrument it promises to be, from the intelligence we lay before our readers this morning, it will, when presented to the Congress of the United States, be thrown out of both branches by a unanimous vote. At any rate, we trust that the Senators and Representatives from Pennsylvania will boldly and at once put their feet upon it, and spurn it as it deserves to be spurned.

A Singular Story.

The Washington *States* contains a curious story of the alleged invention of a formidable weapon of war, which was used by the Russians in Crimea, and is now said to have passed into the hands of the Mormons. It is said that the agents of the Russian Government were permitted freely to explore the records of our Patent Office, and to avail themselves of every improvement in military art there recorded, and that the Russian Consul General in New York became thus acquainted with an explosive material, discharged by electricity, invented by a Mr. Storm, and that it was used to some extent in demolishing the fortifications at Sebastopol, when it was found they could no longer be held.

Upon the close of the war the invention was laid before Congress; drawings were submitted to the Secretary of War; Gen. Quitman and other officers gave it their attention, and the whole matter was afterwards placed in the hands of several persons for the purpose of making experiments. It is now alleged by the *States* that these men were all Mormons, and that after becoming familiar with the invention they abandoned the inventor and carried their knowledge to Utah. The States says:

"They had satisfied themselves that old logs, hollow trees, common boxes, anything in short, which could be made to contain a bottle of the burning fluid, a little powder and a considerable amount of missiles, whether of balls, iron scraps or pebbles, and fragments of rock, could be converted into cheap and formidable batteries, whose discharge could be governed, at almost any distance, to a second of time; and the Mormons may be prepared to try the powers of the new system in the defiles of Utah."

THANKSGIVING.—The following States have thus far joined the throng intended to celebrate thanksgiving on the 26th inst: New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey Pennsylvania, Delaware, Maryland, North Carolina, Kentucky, Iowa, Ohio, Michigan, and the City of Washington. Maine, South Carolina and Mississippi celebrate 15th instant, and Vermont, the 3d of December.

WASHINGTON CITY, Nov. 23.—The War Department designs sending two columns of military into Utah from the Pacific side; one from Oregon and the other from California.

National Measures.

We learn from our Ohio exchanges that petitions are in circulation, and being numerously signed in that State, of which the following is a copy:

To the Honorable the Senate and House of Representatives, in Congress Assembled:

"Your petitioners respectfully represent that for twenty-five years we have been experimenting on currency and political economy, and now after that lapse of time we find the country, for currency and exchange in a worse situation than ever before, and have had three earthquakes in the time which convulsed the whole agricultural and commercial, and manufacturing interests of the country to its very centre.

We therefore pray that you will now return to the policy and principles of our fathers, who have proven wiser and more patriotic than this generatin, and restore to the country a charter for a National Bank, for thirty years; with a capital of sixty millions of dollars, with the privilege of increasing the same; similar to the one chartered in 1816.

And also that you will adjust the revenue laws, so as to raise sufficient revenue from foreign imports to meet the expenses of the Government, and so as to give complete protection to our own labor and capital. And that the proceeds of the sales of public lands be hereafter given to the respective States on equal terms. And your petitioners in duty bound will ever pray."

A MAN WHO OBJECTS TO SERVING GOD.—The Cleveland Plaindealer, a strong partisan opponent of Gov. Chase, objects, in the following paragraph, to thanking God for anything at *his* instigation:

"Chase's Thanksgiving Proclamation has come. He thanks God for everything, the people for nothing. He says not a word about the great falling off of the Fusion vote on the Reserve, and the tight squeeze he made with the nigger vote to get reelected. He has no thanks for the 5,000 Democrats who stayed at home in Hamilton, Lucas, and Old Monroe; and allowed another screecher Administration to be put in power. He is all 'God and Liberty,' 'Pestilence' and Poultry, Corn and Turkey. Well, Mr. Chase, you may have your Thanksgiving when you please, and for what you please, and be thankful to whom you please, and we shall do that same. We shall wait for Gov. Payne's Proclamation before *we thank.*"

☞ The Kansas bogus Constitution was voted for by but twenty-eight of the fifty-one members who attended the Convention which framed it. Among the closing scenes were the usual complimentary resolutions and speeches. Among these the remarks of the President were as significant of the character of this Convention as they were amusing. He said:

"This Convention met under the most *embarrassing* circumstances. Elected by but a small vote, and their authority to act called in question by a lawless set of men who had got into this Territory; struggling on, scarcely able to get a quorum, and for some time without one; their very existence threatened, and uncertain what moment a lawless set of people would take their lives; necessitated to get the military for their protection; yet under all these circumstances they had gone on and neither turned to the right or the left, but had framed a Constitution for the State of Kansas."

No wonder the President complimented them for their coolness in persevering order under circumstances so "embarrassing."

Holloway's Pills.—In all cases of weak stomach, which are usually attended with want of appetite, nausea, griping, disturbed sleep, and a general prostration of the bodily powers, these Pills will be found a swift and certain remedy. Among the most common indications of a diseased stomach, are a sense of fulness after eating, a dry, yellow tongue, flatulence in the abdomen, a repulsive taste in the mouth, heaviness in all the limbs, giddiness, pain in the eyes, want of energy, aversion to mental exercise, and irregularity of the bowels. These symptoms disappear after a few doses of the pills have been administered; the stomach, liver, and bowels, resume the regular and vigorous performance of their functions, the patient's strength returns, and in a short time the cure is complete.

☞ We have been selling Boerhave's Holland Bitters for some months; and, although, when it was first introduced, we did not urge its sale, being unacquainted with the article; still we found the public determined to have it, and to meet the demand we have been obliged to purchase more of this article than we ever have of any other patent medicine whatever. Every day brings new testimonials of its efficacy in removing the various complaints for which it is recommended; and in offering it to our customers, we do so with more confidence in its virtues than is due to most preparations of the kind.

Prof Wood's Hair Restorative.—Having tried successively sundry highly recommended "hair tonics" on our own half denuded crown we about lost all confidence in nostrums of that sort, until a week or two ago we met a distinguished politician of this State whom we had seen three years ago with thin hair, and as "gray as a rat," but now boasting as fine a head of hair as one could wish. We demanded the secret of his improved appearance, when he readily accounted for it by his ascribing it to the virtues of Prof. Wood's Hair Restorative. We shall try that next.—*Ottowa Trader.*

DR. H. TUBBS,
Will be at his room, Bridgewater, Lehmer's Hotel, Wednes'y, Dec. 16, 1857.

For consultation upon all diseases of the Throat, Lungs, Heart, Liver, Stomach, Bowels, Kidneys and Spleen; also Dropsy, Gravel, Rheumatism, Nervousness, Debility, Dyspepsia, Female diseases, Ague and Fever, Fits, Impurities of the blood, Eruptions, Cancers, Ulcers, and all other varieties of long standing complaints, both external and internal.

For some ten years Dr. T. has devoted his entire time to chronic diseases, treating thousands annually, many of whom had exhausted every other resource within reach. In no case are mineral or other poisons employed, nor does he make sick to make well, or tear down to built up again. The medicines can be taken with safety by the most delicate, and patients may remain at home, and continue with prudence their ordinary diet and excercise. Many have recovered under the treatment after friends and physicians had given up all hope, the indisputable evidence of which can always be furnished. Invalids, however reduced or despairing, are invito call, and may be assured that no encouragement will be given or expense incurred, without a corresponding prospect of recovery.

☞ Those afflicted with Rhumatism or kindred affections, will do well to read the following from Mr Caskey:

SALT RHEUM RADICALLY CURED.

Mrs. L Rhumigh, of Beaver, Pa., cured of Salt Rheum of eight years standing. It was of a most painful character, covering the entire surface of the hands, and portions of the arms and person. First called nearly eight years ago: In four months the skin became soft and smooth, remains entirely free from disease to this time. The above case is selected because one of the first cured in the West, and best shows its permanency. Those who have been similarly afflicted and cured, reside in the vicinity of nearly every appointment, to whom reference can be given. Equal success has attended the treatment of White Swellings, Scrofula, Abcesses and Fever Sores, some of which have been noticed in the monthly reports. In the treatment of all such, we rely mainly upon internal remedies that are calculated to neutralize the acrid substances, supporting diseases, and by exciting to healthful activity, the skin and other secretory organs, to force noxious excrements to escape by natural channels; hence the cure is radical without exfoliation, and instead of endangering the lungs, as a superficial healing of ulcers or scattering of humors invariably does, it serves to protect and strengthen those vital parts.

HOLLOWAY'S OINTMENT

CIRCULAR TO THE SICK.

The first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the fery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS,

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

SALT RHEUM, FEVER SORES, STIFF JOINTS.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœa have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

DISCHARGING ULCERS.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment.—The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A WORD TO MOTHERS.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

SIGNIFICANT FACTS.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions	Lumbago	Sore Legs
Burns	Mercurial	Sore Breasts
Chap'd Hands	Eruptions	Sore Heads
Chilblains	Piles	Sore Throats
Fistulas	Rheumatism	Sores of all
Gout	Salt Rheum	kinds
	Skin Diseases	Sprains
Swel'd Glands	Stiff Joints	Scalds
Ulcers	Venereal Sores	Wounds of all kinds.

*** Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York and 244 Strand London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, at Pots, at 25 cents, 62½ cents; and $1 each. Dr O. Cunningham, Beaver, is an authorized Agent for the sale of these medicines.

☞ There is a considerable saving by taking the large sizes.

WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon disordered
STOMACH AND LIVER.

Such as Indigestion, Acidity of the stomach, Colicky Pains, Heatburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknow
