A "Factious Majority"

The Washington *Union* thinks the Constitution ought not to be submitted to the people of Kansas because they are sure to reject it. To almost any sane mind that would be the strongest argument possible against the constitution itself. It says:

"Would they (the 'Free Sate Men,) have voted for the constitution if it were the most perfect one ever made'? Clearly not. That would tend to fasten it upon them and defeat all future agitation, which would be death to the Black Republican party. If the question of rejection or adoption of the whole instrument had been submitted, their only hope of continuing excitement would have rested in *defeating it altogether*, so as to leave the whole field open for future scenes of agitation."

Upon this the *Nat. Intelligencer*, good authority with conservative people everywhere remarks.

It will at once be seen that this argument in defence of the Convention proceeds upon a principle that its refusal to submit the whole constitution to the people is justifiable under the circumstances, *because* it was foreseen that a majority of the people would most probably declare against that instrument! This certainly is strange logic in the mouth of an advocate organ of "popular sovereignty." Constitutions, we are aware, have sometimes been ordained without the formality of a popular submission, but in these cases the formality was dispensed with because it was foreseen that no popular contest would arise over any of their provisions. The popular acquiescence was implied because apparent to all. But in the case of Kansas the *Union* argues that the same formality was wisely and properly dispensed with, because it was foreseen that a majority of the people, for "factious" purposes, were bent on "voting down" the entire work of the Convention. We have often heard of "factious minorities," but this is the first instance in which we ever remember to have heard that epithet applied to a *majority* for no other fault than that of insubordination to the minority.

Jack Downing on Hard Times.

The present financial crisis is not the only one that has resulted from excessive speculation. We may learn if we would a great deal from experience, but the go ahead spirit of our countrymen soon forgets and recovers from past hardships, and continually revels in the excitement of rapid fortune-making. The Washington D. C. American revives a satire of Major Jack Downings upon the cause of the crisis of 1837, that is peculiarly applicable to the present. The Major was in Washington attending to some particular business for the "General" and in the midst of his labors received a letter from his cousin Ephraim, informing him that he had become disgusted with the apple business, for he had found out a way to get rich forty times as fast as by retailing apples, as the Major could attending to political concerns, and not work hard neither. The business was nothing more nor less than buying and selling land. He says. "Uncle Joshua Downing—you know he's an old fox, and always knows when to jump; well, he see how everybody was getting rich, so he went and bought a piece of township up back of Downingsville, and gave his note for $1000 for it. And then he sold it to uncle Jacob and took his note for two thousand dollars, and uncle Jacob sold it to uncle Zachary, and took his note for three thousand dollars, &c., down to Bill Johnson, who bought it and gave his note for six thousand dollars. So you see," says he "there's five of them that wasn't worth nine-pence apiece (except uncle Joshua) have now got a thousand dollars apiece clear, when the notes are paid," and winds up by advising the Major to come home by all means, forsake his longings after place and position, and buy land before it was all gone.

But the Major, it seems, was a little obtuse with regard to the practical part of the operation; for we find him writing to Ephraim: "I can't seem to see how 'tis they all make money so fast in that land business down there, that you tell about. How could all our folks and Bill Johnson and all of 'em there in Downingsville, make a thousand dollors apiece jest a tradin' among themselves, when there ain't fifty dollars in money, put it all together, in the whole town. It rather puzzles me a little. As soon as I see them all get their thousand dollars cash in hand, I'll give up my commission, and come home and buy some land tu."

HOUSE FOUND EIGHTEEN FEET BELOW THE EARTH'S SURFACE.—During an excavation of a street in Evansville, Ind., last Tuesday, the workmen came across the remains of a cabin eighteen feet below the surface of the earth.—This wonderful subterranean house was about twelve feet in length formed by upright posts set in the ground, and boarded up with split oak puncheons, secured by wooden pins. The post, puncheon and pins were partially decayed, but still stuck together. Within the walls were found portions of an old-fashioned spinning wheel, a wooden maul, several pairs of boots and shoes, and the identical charred stick which the former occupants of the house had used to punch the fire with.

☞ Punch has the following article on punctuation, which is worthy the attention even of compositors addicted to "lager":

Punctuation—that is, putting stops in the right places—cannot be too seduously cultivated. We lately read, in a country paper, the following startling account of Lord Palmerston's appearance in the House of Commons: "Lord Palmerston then entered on his head, a white hat upon his feet, large but well polished boots upon his brow, a dark cloud in his hand, his faithful walking-stick in his eye, a meaning glare saying nothing. He sat down.

☞ SLATTER, the great slave-dealer of New Orleans, who has become a millionaire from selling human beings on the market block, was the "gentleman" who went the $2000 securities, for the appearance of Gen. Walker, the new "pirate of the Gulf."

☞ There is no difference between making a false impression and telling a downright falsehood. The intention in both is to deceive, and the guilt is the same, and each deserves the same punishment.

☞ A gentle heart is like ripe fruit, which bends so low that it is at the mercy of every one who chooses to pluck it, while the harder fruit keeps out of reach.

☞ Why is a restless man in bed like a lawyer? Because he lies on all sides.

BEAVER MACHINE WORK.

Childs, M'Connell and Darraghs,

FOUNDERS

AND

STEAM ENGINE BUILDERS

Fallston, Beaver County, Pa.

WE respectfully call attention to the inducements offered for purchasing Engines and Machinery mentioned below. We have purchased the right to make and sell the

PATENT OSCILLATING ENGINE

of Messrs. Cridge & Wadsworth, and are now engaged in the manufacture of them at the lowest possible rates, which is about twenty-five per cent lower than the Slide Valve Engine.—Their simplicity and durability, combined with their cheapness, and almost utter impossibility to get out of order, renders them the most desirable Engine to have.

The following is a list of the different kinds of Machinery which we have made. Persons wishing to procure anything of the kind, will do well to give us a call before purchasing elsewhere.

Double Slide Valve Reciprocating Engines, the same as manufactured at Salem, Ohio; Oscillating Engines, Cridge & Wadsworth's Patent; Tub and Bucket Machinery; Flour Barrel and Nail Keg Machinery; Planing Machines; Cylinder or Barrel Saws; Fire Brick and Clay Rollers; Starch Rollers, Pipes and Castings for extracting Oil from Cotton Cott; Flouring Mill Gearing; Pullies and Shafting; Muley, Sash, and Circular Saw Mills; Lath Machinery, &c; besides numerous other Machines which it is not necessary to enumerate.

We might add a long list of certificates, but deem any but the following unnecessary.

ECONOMY, December 24th, 1856.

MESSRS. CRIDGE, WADSWORTH & Co, Gentlemen:—We hereby certify that we have had one of your Oscillating Engines in use for nearly four months, and that it gives satisfaction in every respect. Its principal advantages over the common Engine are—

1st. Its simplicity, and the consequent facility to keep it in good order.

2d. It takes up much less room.

3d. It requires less pressure of steam to do the same amount of work; and is, therefore, worked with less danger and less fuel.

Respectfully yours,

R. L. BAKER
JACOB HENRICI,
Trustees

Our facilities for shipping to any point whatever, by Rail Road, Canal, or on the Ohio River, is as good as at any other point. Our works are situated in Fallston, Pa. on the west Bank of the Beaver River, opposite N. Brighton, and only one hour's ride by rail from Pittsburgh. July 1, 1857.

DENTAL SURGERY.

J MURRAY would announce to the public that he has, at considerable cost, procured the latest improvements in the profession, and is now prepared to accommodate every variety of public taste.

1st. Single gum-teeth, on gold or silver plate

2d. Block-teeth, on gold plate, presenting a continuous gum.

3d. Indestructible teeth on Gutta Percha base.

As this last is a new mode of inserting teeth, should it fail to render satisfaction after a fair trial, I will replace the work with gold or silver.

Office and residence on Market Street, opposite the Market House, Bridgewater.

Bridgewater, Jan. 2, 1856

GEORGE BRUCE,
Nov. 3, 1857. Administrator.

AYER'S PILLS,

A new and singularly successful remedy for the cure of all Bilious diseases.—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and such sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention

DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the U. S.

ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives.

ABBOTT LAWRENCE, Minister Plen. to England.

JOHN B. FITZPATRICK, Cath. Bishop of Boston.

Also, DR. J. R. CHILTON, Practical Chemist, of New York City, endorsed by

HON. WM. L. MARCY, Secretary of State.

WM. B. ASTOR, the richest man in America.

S. LELAND & Co., Propr's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old method of composition, every medicine is burdened with more or less of worthless and injurious qualities, by this each individual virtue only that is desired for the curative effects is present. All the inert and noxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge to their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood, and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements of the first organs in disease.

Being sugar wrapped, they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box.

The Greatest Medical Discovery OF THE AGE.

Dr. KENNEDY, of Roxbury has discovered in one of our common pasture weeds a remedy that cures every kind of humor, from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of Pimples on the face.

Two or three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of Erysipelas.

One to two bottles are warranted to cure all humor in the Eyes.

Two bottles are warranted to cure running of the ears and bloches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers,

One bottle will cure scaly eruption of the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Two or three bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of Scrofula.

A benifit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—In April 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a desease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and enough of it.

DIRECTIONS—Adults one table spoonful per day—Children over ten years dessert spoonful. Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Manufactured by

TO THE AFFLICTED.

If you want Patent medicines or any other kind of medicines, call at Young's, and buy them cheap and pure may6,'57.

Glad News.

FULL OF HOPE TO THE AFFLICTED AND SUFFERING!

Many of the thousand portals of Death may be closed, and life made happier, and more comfortable to thousands who are now in danger. Doubtless this world contains many a balm to soothe its physical woes and cure its diseases. Among those in prominent rank, stands

BOWMAN'S

VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as colds, coughs, quinsey, difficulty of breathing, Bronchitis, Ministers' sore throat, weakness of the chest, asthma, inward ulcer, spitting of blood, influenza, croup, whooping-cough, pain in the breast and side, hoarseness, catarrh and catarrhal affections, inflammation of the lungs, bleeding of the lungs, and such like. But its superior excellence is seen and tested in the more advanced affections of the lungs. For the truth of the above statement and the efficiency of the preparations as an antidote, we refer the public to the following testimonials:

Language is scarcely strong enough to tell the great power of this

WONDERFUL DISCOVERY!

The doubting may try and be convinced.

The Proprietors point to the following bona fide certificates with confidence on the community; they are but samples of the many hundreds of testimonials in our possession:

Philadelphia, Aug. 15, 1856.—Last spring, while in Pittsburgh, I had a bad cold and cough, which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking, and found relief almost immediately. I had taken many things for cough and hoarseness, but never got anything to help me as it has done. I believe it to be the best antidote for coughs and hoarseness that is out, and cheerfully recommend it to the public. THOS. H. STOCKTON.

Pastor 1st Prot. Methl. Church.

From Judge Vanhorn, of the District Court at Cincinnatii.

Cincinnati, May 4, 1856.—I have used Bowman's Vegetable Compound for bronchitis and cough, and believe it to be the best medicine but for those diseases, and the only one I ever got to give me any permanent relief. It will cure. I recommend it to the public as an honest and efficient medicine, and will perform what it is published to do. W. VANHORN.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family for coughs, colds and Ministers sore throat and believe it to be the best thing that I ever got for those complaints, and cheerfully recommend it to the public.

REV. J. GASTON,
Pastor of the Clinton st. M. E. Church,
June 10, 1856. Cincinnati.

Here is one from the old pioneer Methodist preacher of Ohio, Rev. J. B. Finley.

I believe Bowman's Vegetable Compound to be the best remedy for Diseased Throat and Lungs, of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. I recommend it to the public. Try it and you will be convinced of its superiority.

Cincinnati July 1856. Rev. J. B. FINLEY

Hear what the celebrated Dr. Peck says:

New York, May 12, 1856.—I have used Bowman's Vegetable Compound for coughs and hoarseness in speaking; and believe it to be the best preparation for Throat and Lung complaints I ever got; and I recommend it to the public speaker and singer, as well as those afflicted with Lung diseases. J. T. PECK.

Hear what Dr. Benson, of Cincinnati, says: [Extract from a letter.]

Bowman's Vegetable Compound contains a virtue which is not possessed by any other popular medicine in my knowledge. It does not only smoothe the disease over, giving it only temporary relief (like most of patent medicines,) but it commences at the root of the disease, and performs a perfect cure.

G. W. BENSON, M. D.

Our space will not permit us to publish any certificates in full, but we would refer to the following persons, whose letters are in our possession, certifying to its worth:

Nov. 19, 1856.

LIME! LIME!

To the Public.

THE undersigned having finished two LIME KILNS, on the farm formerly belonging to Samuel Johnston, Vanport, would respectfully inform the Public, that he is prepared to furnish almost any quantity wanted at the shortest notice. The Lime is of the best quality, and nearly three-fourths of a mile nigher Beaver than any other in the vicinity.

J. J. POWER.

Refer to Hugh Anderson, Beaver; B. S. Ranger, Bridgewater; or John Stiles, Rochester.

☞ Address, Rochester, Pa. Apr 29,'57.

Seminary Lesson.

QUESTION. How many Ladies are there in the Female Seminary in Beaver? ANSWER. One Hundred.

QUESTION. Would it be a desirable location for an Oculist or Eye doctor? Ans. No, sir.

QUESTION. Why not? Ans. Because the Ladies all wear fine Ear Drops, which they get cheap at the establishment of WM. PLATE, in Bridgewater. He also deals largely in Finger Rings, Pins, Gold and Silver Watches, all cheap, very cheap, for Cash. July 22, '57.

PUBLIC HOUSE.

THE subscriber, having purchased and fitted up that well known property at the Northwest corner of the Public Square, in Beaver, adjoining the residence of Judge Agnew, is now prepared to accommodate the public, where he will use every exertion to please and make comfortable, all who may call on him.

Beaver, May 6, '57. WM. A. LAIRD.

A NEW STOCK OF

Fall and Winter Goods.

JUST received at the corner of Market and Bridge streets, Bridgewater, Pa. I have just received and am now opening a very desirable stock of goods suitable for the Present and coming season, to which I invite the attention of my old customers and the public in general to an examination, as I feel confident it will compare in quality and price to any other house in this vicinity.

DRESS GOODS & TRIMMINGS.

I would especially invite the ladies to call and examine my stock of silk, French merinoes, all wool delaines, cashmeres, coburgs, poplins, Persian cloths, Persian twills, ginghams, chambros, paper cambrics, cambric, jaconet, swiss and mull musl
