WHY DON'T YOU TAKE THE PAPERS?

BY N. P. WILLIS.

Why don't you take the papers?
They're the life of my delight;
Except about election-time,
And then I read for spite.

Subscribe! you cannot lose a cent—
Why should you be afraid?
For cash thus spent is money lent
On interest, four fold paid.

An old newspaper friend of mine,
While dying from a cough,
Desired to hear the latest news
While he was going off.

I took the paper and I read
Of some new pills in force,
He bought a box—and is he dead?
No—hearty as a horse.

I knew a printer's debtor once,
Racked with a scorching fever,
Who swore to pay her debt next day
If her distress would leave her.

Next day she was again at work,
Divested of her pain,
But did'nt forget to pay the debt
Till taken down again.

"Here, Je sie, take these 'silver wheels,'
Go pay the printer now!"
She spoke, and slept, and then awoke
With health upon her brow.

I knew two men as much alike
As e'er you saw two stumps,
And no phrenologist could find
A difference in their bumps.

One took the papers, and his life
Is happier than a king's;
His children can all read and write,
And talk of men and things.

The other took no papers, and
While straggling through the wood,
A tree fell down upon his crown
And killed him "werry good."

Had he been reading of the news
At home like neighbor Jim,
I'll bet a cent that accident
Would not have happened him.

Why don't you take the papers?
Not from the printer sneak,
Because you borrow of his boy
A paper every week.

For he who takes the papers,
And pays his bill when due,
Can live in peace with God and man,
And with the printer too.

Liberal Minded.

Under this head an exchange tells the following good story of a rather progressive youth at the East:

A gentleman in our hearing the other day made a boy an offer, which, we think, exhibited traits of disinterested benevolence. The boy referred to, was a ragged, shiftless, vagrant boy, who had been idling about the streets of late. The gentleman of whom we speak, meeting the lad and evidently commiserating his unfortunate condition, addressed him thus;

"Boy, where did you come from, and how do you live?"

"Come from Pennsylvany, and live by earin'. What of it?"

"Would you like something to do?"

"Don't care, if 'taint hard work!"

"Well, boy, if you like, I will set you up in business that will prove both pleasant and profitable."

"Drive ahead; I'm lissenen'."

"Well, you go somewhere and steal a basket, and then go around begging for cold victuals, and you may have half you get!"

The impudence of the ragmuffin's answer to this display of liberality, caused him to be 'set up' in the 'boot business.'"

A Religious Courtship.

A young Gentleman happening to sit at Church in a pew adjoining one in which sat a young Lady, for whom he conceived a sudden and violent passion, was desirous of entering into a courtship on the spot; but the place not suiting a formal declaration, the exigency of the case suggested the following plan:

He politely handed his fair neighbor a Bible open, with a pin stuck in the following text:

2d Epistle of John, verse 5.—"And now I beseech thee, lady, not as though I wrote a new commandment unto thee, but that which we had from the beginning, that we *love* one another."

She returned it, pointing to the 2d chapter of Ruth, verse 10th:

"Then she fell on her face, and bowed herself to the ground, and said unto him, why have I found grace in thine eyes, that thou shouldst take knowledge of me, seeing that I am a stranger?"

He returned the book, pointing to the 12th verse of the 3d Epistle of John:

"Having many things to write unto you, I would not write with paper and ink, but I trust to come unto you and speak face to face."

From the above interview, a marriage took place the following week.

A GOOD IDEA.—A friend meeting Gov. Reeder in New York a few days since, said:

"Well, Governor, things are working."

"Yes," said the Governor, "and do you know, we think of calling a Convention of the Governors of Kansas, in order to compare notes, and decide upon some plan to quiet agitation, and settle the affairs of "Bleeding Kansas." The fact is the Government has got so much on its hands in removing the unfaithful, degenerate Democrats, and then finding fit persons to fill their places, that we fear it cannot attend to Kansas affairs."

"Well," said his friend, "I think you are likely to have a full meeting."

☞Why will America's emblem outlive those of England, France, Ireland and Scotland? Because the rose must fade, the lily droop, the shamrock die, the thistle wither—but the stars are eternal.

☞"Pray, Mr. Professor, what is a periphasis?" "Madam, it is simply a circumlocutary cycle of oratorical sonorosity, circumscribing an atom of ideality, lost in verbal profoundity." "Thank you sir."

BEAVER MACHINE WORKS
Chills, McConnell and Darraghs,
FOUNDERS
AND
STEAM ENGINE BUILDERS
Fallston, Beaver County, Pa.

WE respectfully call attention to the inducements offered for purchasing Engines and Machinery mentioned below. We have purchased the right to make and sell the

PATENT OSCILLATING ENGINE

of Messrs. Cridge & Wadsworth, and are now engaged in the manufacture of them at the lowest possible rates, which is about twenty five per cent lower than the Slide Valve Engine—Their simplicity and durability, combined with their cheapness, and almost utter impossibility to get out of order, renders them the most desirable Engine to have.

The following is a list of the different kinds of Machinery which we have made. Persons wishing to procure anything of the kind, will do well to give us a call before purchasing elsewhere.

Double Slide Valve Reciprocating Engines, the same as manufactured at Salem, Ohio; Oscillating Engines, Cridge & Wadsworth's Patent; Tub and Bucket Machinery; Flour Barrel and Nail Keg Machinery; Planing Machines; Cylinder, or Barrel Saws; Fire Brick and Clay Rollers; Starch Rollers; Pipes and Castings for extracting Oil from Cannel Coal; Flouring Mill Gearing; Pullies and Shafting; Miley, Sash, and Circular Saw Mills; Lath Machinery, &c; besides numerous other Machines which it is not necessary to enumerate.

We might add a long list of certificates, but deem any but the following unnecessary.

ECONOMY, December 24th, 1856.

Messrs. CRIDGE, WADSWORTH & Co. Gentlemen:—We hereby certify that we have had one of your Oscillating Engines in use for nearly four months, and that it gives satisfaction in every respect. Its principal advantages over the common Engine are—

1st. Its simplicity, and the consequent facility to keep it in good order.

2d. It takes up much less room.

3d. It requires less pressure of steam to do the same amount of work; and is, therefore, worked with less danger and less fuel.

Respectfully yours,
R. L. BAKER
JACOB HENRICI.
Trustees

Our facilities for shipping to any point whatever, by Rail Road, Canal, or on the Ohio River, is as good as at any other point. Our works are situated in Fallston, Pa. on the west Bank of the Beaver River, opposite N. Brighton, and only one hour's ride by rail from Pittsburgh. July 1, 1857.

DENTAL SURGERY.

J. MURRAY would announce to the public that he has, at considerable cost, procured the latest improvements in the profession, and is now prepared to accommodate every variety of public taste.

1st. Single gum-teeth, on gold or silver plate
2d. Block-teeth, on gold plate, presenting a continuous gum.
3d. Indestructible teeth on Gutta Percha base.

As this last is a new mode of inserting teeth, should it fail to render satisfaction after a fair trial, I will replace the work with gold or silver.

Office and residence on Market Street, opposite the Market House, Bridgewater.

AYER'S PILLS,

A NEW and scientific and thoroughly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Neroousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and which sickness and suffering might be prevented, if a harmless but effectual cathartic were more freely used. No person can feel well while a positive habit of body prevails; disease is soon generated, serious and often fatal diseases which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the graves all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Hospitals, has shown results surpassing any thing heretofore known of any medicine. Cures like these excite wonder beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention

DR. A. A. HAYS, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the U. S.
ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives.
Ashurst Lawrence, Minister Elect to England.
JOHN B. FITZPATRICK, Catholic Bishop of Boston.

Also, DR. J. R. CHILTON, Practical Chemist, of New York City, elected by

HON. W. L. MARCY, Secretary of State.
WM. B. ASTOR, the richest man in America.
S. LELAND & Co., Proprietors of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but every one knows where to find the experience and merit of public men is found in their virtues, through the

These Pills, the result of long investigation and study, are offered to the public as the best and most complete aid the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable medicines, extracted by chemical process in a state purity, and combined together in such a manner to insure the best results. This system of compound or medicines has been found in the Cherry Pectoral and Pills which, to produce a more efficient remedy than had hitherto been obtained by any power. The reason is perfectly obvious. While the old mode of composition, every medicine is charged with more or less of peculiar medicinal virtue or what is desired for the curative effects present, all the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident that the Pills should relieve as they have proved more powerful to disease than any other medicine known in the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as I could not properly judge of a remedy without knowing its composition, I have supplied the acute Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in United States and British American Provinces, to whom, however, none should be any one who has received them, they will be promptly forward by mail to his address.

Of all the Patent Medicines that are offered, how few would be told if their composition was known! Their life consists in their mystery. I have no mystery.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject fear or acknowledge the combinations of their intrinsic merits. The Cherry Pectoral was pronounced by the late Professor Jackson, of Philadelphia, the best combination for the relief and cure of pulmonary complaints that was known to the profession, and my Pills have been constantly growing in favor for many years, and are now more extensively used than ever before. Many of the most eminent physicians in the country are willing to certify to their superior virtues, and we more than doubt if any other pill is in such general use.

These facts are mentioned to show the confidence the public may place in the Pills, and to induce the afflicted to try them. Once restored to health, they will be convinced that no medicine can be found to equal them, and will not be induced to take, for mere gain, inferior articles. Prepared and sold by

The Greatest Medical Discovery
OF THE AGE.

DR. KENNEDY, of Roxbury has discovered in one of our common pasture weeds a remedy that cures every kind of humor, from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of Pimples on the face.

Two or three bottles will clear the system of Blies.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of Erysipelas.

One to two bottles are warranted to cure all humor in the Eyes.

Two bottles are warranted to cure running of the ears and bloches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure he most desperate case of rheumatism.

Two or three bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—In April 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a desease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and enough of it.

DIRECTIONS—Adults one table spoonful per day—Children over ten years dessert spoonful. Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Manufactured by

Glad News.

FULL OF HOPE TO THE AFFLICTED AND SUFFERING!

Many of the thousand portals of Death, may be closed, and life made happier, and more comfortable to thousands who are now in danger. Doubtless this world contains many a balm to soothe its physical woes and cure its diseases. Among those in prominent rank, stands

BOWMAN'S
VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as colds, coughs, quinsey, difficulty of breathing, bronchitis, Ministers' sore throat, weakness of the chest, asthma, inward ulcer, spitting of blood, influenza, croup, whooping-cough, pain in the breast and side, hoarseness, catarrh and catarrhal affections, inflammation of the lungs, bleeding of the lungs, and such like. But its superior excellence is seen and tested in the more advanced affections of the lungs. For the truth of the above statement and the efficiency of the preparations as an antidote, we refer the public to the following testimonials:

Language is scarcely strong enough to tell the great power of this

WONDERFUL DISCOVERY!

The doubting may try and be convinced.

The Proprietors point to the following bona fide certificates with confidence on the community; they are but samples of the many hundreds of testimonials in our possession:

Philadelphia, Aug. 15, 1856.—Last spring, while in Pittsburgh, I had a bad cold and cough, which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking, and found relief almost immediately. I had taken many things for cough and hoarseness, but never got anything to help me as it has done. I believe it to be the best antidote for cough and hoarseness that is out, and cheerfully recommend it to the public. THOS. H. STOCKTON.
Pastor 1st Prot. Meth. Church.

From Judge Vanhorn, of the District Court of Cincinnati.

Cincinnati, May 4, 1856.—I have used Bowman's Vegetable Compound for bronchitis and cough, and believe it to be the best medicine out for those diseases, and the only one I ever got to give me any permanent relief. It will cure. I recommend it to the public as an honest and efficient medicine, and will perform what it is published to do. W. VANHORN.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family, for coughs, colds and sore throat and believe it to be the best thing that I ever got for those complaints, and cheerfully recommend it to the public.
REV. J. GASTON.
Pastor of the Clinton st. M. E. Church,
June 10, 1855. Cincinnati.

Here is one from the old pioneer Methodist preacher of Ohio, Rev. J. B. Finley.

I believe Bowman's Vegetable Compound to be the best remedy for Diseased Throat and Lungs, of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. I recommend it to the public. Try it and you will be convinced of its superiority.
Cincinnati July 1856. Rev. J. B. FINLEY

Hear what the celebrated Dr. Peck says:

New-York, May 12, 1856.—I have used Bowman's Vegetable Compound for coughs and hoarseness in speaking; and believe it to be the best preparation for Throat and Lung comfits I ever got; and I recommend it to the public speaker and singer, as well as those afflicted with Lung diseases. J. T. PECK.

Hear what Dr. Benson, of Cincinnati, says: [Extract from a letter.]

"Bowman's Vegetable Compound contains a virtue which is not possessed by any other popular medicine in my knowledge. It does not only smoothe the disease over, giving it only temporary relief (like most of patent medicines,) but it commences at the root of the disease, and performs a perfect cure.
G. W. BENSON, M. D.
