A SONG FOR THE BOYS.

Don't shoot the birds, the warbling birds That cheer you with their song, That fill the air with melodies. A bright and happy throng; That carol forth their native lays, From shrubs and lofty limb, And gaily sing their tuneful strains From morn till evening dim.

Don't shoot the birds, the harmless birds That come with buds and flowers, That soothe the farmer's daily toll Through summer's sultry hours; That build their nests and brood their young Beside your cottage door, And linger near from early spring,

Till autumn's golden store, Don't shoot the birds, the sportive birds, That flit o'er hill and plain. That leave when chilling winter comes
