There are rumors affoat that immense numbers of laborers are to be employed upon certain railroads in certain against Douglas, and that there floating Hibernians are to be employed in turning the scale in favor of Douglas. If such a scheme as this is to be undertaken it is easy to see how the \$50,000 are to be employed." This was the game played in Minnesota last year, and it is well that the people of Illinois are apprised of it in time.

REMARKABLE EVENT - Eight sisters, the youngest more than sixty years of age, worshipped together in the South Church, on last Sabbath for the first time in many years. Here they sat together in their childhood and vouth; here their father, a venerable citizen who died many years ago, was one of the pillars of the church; and here, or rather in the old house which stood near, they were baptized in their infancy by the Rev. Dr. Hopkins of revolutionary same. The sisters have been long seperased in distant parts of the country, one of them having been a resident of Virginia, and it was a memorable circumstance to meet once more together in the pew which which they formerly occupied. Another interesting fact in connection with the meeting was that they listened to a discourse from their old pastor Rev. Dr. Emerson, who is now in the eighty-first year of his age, and the fifty-fourth of his pastorate. Salem Reg'r.

CHINESE SUGAR CANE. Since our inquiry in regard to the crop of the Chinese sugar cane, we have received several reports from farmers in Spencer, Warrick and Gibson counties, who have cultivated from a half to two or three acres of the cane; they report the crop as being excellent, and is now just maturing. It has been much less affected by the recent drouth than corn on the same land. One cultivator writes us that it does not do as well on the richest bottom lands as on sandy and dry uplands. From the reports we have received, the quantity planted this year is much larger than it was last; the unfavorable spring so delayed the farmers in getting in their regalar planting that they had no time to bestow on fancy crops.—Evansville (Ia.)

STOMACH OR LIVER. Such as Indigestion, Acidity of the Stomash, Colicky Pains, Heartburns, Loss of Appetite, Despondency, Costiveness, Blind and Heeding Piles. In all Nervous, Rheumatic and Neuralproved highly beneficial, and in others effected

a decided Cure.
This is a purely regetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Rierhave. Because of its great success in most of the European States, its introduction into opened on the first Wednesday of May, the United States was intended more especially for those of our interiand scattered here and there over the face of this mighty country.— Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be

acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every perve raising up the drooping spirit, and, in fact, in-fusing new health and vigor in the system. NOTICE !- Whoever expects to find in this a beverage, will be disappointed but to the sick, weak, and low spirited, it will prove a

grateful aromatic cordial, possessed of singular remedial properties.

CAUTION.—The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Borhave's Bitters at fair trial. One bottle will convince you how infinitely superior it is to all these instations. Many have recovered under the treatment after friends and physicians and given up all hope, the indisputable evidence of which can always he furnished.— Invalids, however reduced or despairing, are couragement will be given or expense incurred without a corresponding prospect of recovery.

URBANA, Champaign Co., O., Aug. '58. Dr. Tubbs: —Dear Sir, Some time since I obtained a prescription from you, for myself and little son four years old. From early infancy the child had had swelling, pair and almost constant discharges from his ears, attended with partial deafness. Since using your medi-cines, the discharges which were very offensive have ceased, and the hearing, restored. My own health had been poor for a year or more— was greatly afficted with indigestion; had neither strength, energy or ambition; heart would throb violently, breathing depressed, and for two months before seeing you, cough was distressing. At time of my first call at your room it required considerable effort to get about, and I sweat profusely from little exertion. The weather was warm, yet much to my surprise strength gained rapidly, so much that I soon began to work some, and of late have labored steadily. I also gained seven pounds in fiesh the first month. Having experienced so decided improvement myself (that too, after a year's ineffectual treatment before) and seen equally good effects upon several of my neigh-bors, I can conscientiously and cheerfully recmmend your treatment to all who may be so unfortunate as to suffer as I have done. Treside two miles west of Mechanicsburgh, where I have been for the last twenty years.
Yours truly, ALBERT MOODY.
