ARTICULATE

ON THE IMPORTANCE OF
RELIGIOUS OPINIONS.
 BY M. NECKER.

Extracts from the Monthly Review, vol. 78, page 598.
De l'importance des opinions religieuses. By M. NECKER.

THE offering here made at the shrine of religion, by a man of
 business, a man of true political wisdom, and a man of the
 world, in the city of Paris, is a curious phenomenon.—It is also a
 noble one—and gives M. Necker, who has been long esteemed for
 his great capacity, literary merit, and eminent virtues, a new and
 distinguished title to the veneration of the public. It has been this
 virtuous man's destiny to arrive at eminence in every line that he
 has pursued, from the counting house to the throne of the cabinet,
 and it is impossible, if we read the work before us with candour
 and attention, not to see that both his head and his heart make a
 distinguished and affecting appearance in the cause of religion.

Vol. 80, page 370.

"We rejoice to see this excellent work naturalized here—and it
 ought to be translated into every European language." (4)

New-Haven Wharf Lottery.

THE Legislature of the State of Connecticut, at their session in
 December last, granted a Lottery for the purpose of extend-
 ing Union Wharf, in the harbour of New-Haven, to the channel;
 and appointed the subscribers managers, who having given bond
 for the faithful discharge of their trust, present the public with the
 following

Subject to a deduction of twelve and a half per cent.
 The public utility of extending this wharf, is too evident to re-
 quire any comment, to those who are acquainted with the town
 and harbour of New-Haven; to those who are not, suffice it to say,
 that its beautiful situation is not surpassed, if equalled by any; be-
 ing in the heart of a country, which may, with propriety, be said
 to be the garden of America. The harbour lays open to the sound
 but by reason of the flats, this wharf is necessarily extended to the
 channel, where ships can load and unload; and when compleat-
 ed, will be the most extensive and commodious wharf in America,
 the whole extent being about 3-4ths of a mile; and not only the
 mercantile interest of New-Haven and the towns adjacent, but the
 maritime interest of all the States will be benefited by it. The
 general wish that prevails in the minds of all classes of people, for
 the success of this enterprize, together with the very great advan-
 tage which this scheme holds out to adventurers (there being more
 capital prizes for the number of tickets than any yet published in
 America) induce the managers to believe the tickets will meet with
 a speedy sale.

The drawing will positively commence at the State-House, in
 New-Haven, on the 13th of September next, or sooner, if the
 tickets are sold.

A list of the fortunate numbers will be published, and the prizes
 paid on demand, by the managers. Those prizes not called for in
 nine months after drawing, will be deemed as generously given
 for the use of the wharf, and appropriated accordingly.

JAMES RICE, **MICHAEL TODD,**

 Front and Pine-Streets.

 chased of them in said Lottery.

 will be received in payment for the above tickets.

MASSACHUSETTS SEMI-ANNUAL LOTTERY.

 Public, that the second Class of the SEMI-ANNUAL LOT-
 TERY will positively commence drawing on the day appointed,
 viz. On *Thursday* the 13th of *October* next, or sooner, if the Tickets
 shall be disposed of. As the Managers have in their several
 monthly Lotteries commenced drawing at the hour assigned, so
 they are determined to be equally as punctual in this.
