

FOR SALE, BLOOMSBURY,

THAT elegant SEAT at the Falls of Delaware, in the vicinity of Trenton, in New-Jersey, occupied for many years past by the subscriber; containing upwards of 200 acres of land, besides a tract of wood-land of about 185 acres, at the distance of two miles. The farm is divided by the main street leading from Trenton to Lambertson, and Philadelphia, into two parts, nearly equal in quantity; the eastwardly part being arable land, is laid off in convenient fields, and in good farming order. The other part, bounded by the said street on the east, and by the river on the west, forms a square; which, from the combined effect of situation and improvement, is generally allowed to be one of the most beautiful and desirable seats in the State. The mansion-house is a handsome, well-finished brick building, 50 by 40, containing four rooms on each floor, with excellent cellars, and a two story brick kitchen; and commanding a very extensive and pleasing view of the river, both above and below, as well as including the falls, and also of Trenton and the neighbouring seats and improvements on both sides of the river. Among the out-buildings are a new stone coach-house and stables, sufficient to contain six carriages and ten horses, accommodated with a cutting and feeding room, and a spacious loft for hay; adjoining there is a very complete granary, rat proof, and a stone cow-house, upwards of 100 feet in length, containing thirty-one paved stalls, over which is a roomy loft for hay, &c. Adjoining the court-yard of the mansion-house, is a garden of about two acres, extending towards the river, in the highest state of culture, and abounding with a rich collection of the choicest fruits of almost every kind, and several large asparagus beds, highly manured. At a convenient distance from the mansion-house, and nearly in the centre of the square, is a new, well-built, stone farm-house, accommodated with a large cheese-room, spring-house, garden, &c. a complete stone smoke-house, corn-cribs, waggon-house, a capacious ice-house, and every other necessary out-building. The ground is properly divided into small fields, all well watered, highly improved, and chiefly under the most approved grass. This square has produced annually, for several years past, upwards of sixty tons of the best hay, besides supporting through the summer season twenty to thirty horned cattle, and eight or ten horses. It contains also two bearing orchards of good fruit. The river abounds, in the proper seasons, with great plenty of all kinds of fish usually found in fresh water in this climate, and with a variety of wild-fowl; both of which may afford a pleasing amusement to the sportsman, as well as a convenient addition to the elegance and variety of his table. The whole of the land, except the wood-land, is inclosed and divided by good fences, great part of which is formed of red cedar posts, and rails of chefnut and white cedar. The purchaser may have the improved square separately, or the whole together, as may best suit him. There is an inexhaustible quantity of good building stone on the river shore. The purchase money, if well secured, and the interest punctually paid, will not be demanded for many years.

Any person desirous of viewing the premises, may be gratified on application to SAMUEL W. STOCKTON, Esq. of Trenton, or Mr. INALLMAN, who at present occupies the farm-house and part of the land—and may know the price on application to the subscriber, at No. 213, South Second-street, opposite to the New-Market, in Philadelphia. To be SOLD peremptorily, at PUBLIC VENDUE, on Wednesday the 11th day of April next,

THE SEAT of the late Doctor Lewis Johnson, deceased, in Perth-Amboy, containing TWO HUNDRED ACRES OF LAND.

This place is bounded southerly for near a mile on the river Raritan, where it empties into the bay about 18 miles from Sandy-Hook, and affords two most agreeable situations for Gentlemen's Seats. There are now on it, two brick houses, with gardens, and a good collection of fruit trees of the best kinds. The land is very fertile, and a great part of it very good meadow; and from its situation on the river, has the advantage of fish of different kinds, in their seasons, particularly of oysters and chicken clams, which may be picked in great plenty on the flats before the doors. It is a delightful, healthy situation, capable of genteel and tasty improvements; and as Perth-Amboy is one of the best sea-ports in the United States, and within 18 miles of the sea, the prospect of its increasing in value from that circumstance, is by no means inconsiderable.

There will also be sold, other Lots, within the bounds of the city, and about Five Hundred Acres of Land on the opposite side of the river Raritan—part of which is improved by a farm—on which there is a framed dwelling-house and barn, with an orchard of grafted apple trees, and will contain about one hundred and fifty acres; the remainder will be sold in convenient lots, well wooded and timbered, and very convenient for supplying New-York and other markets with fire-wood, timber for ship building, and other uses, the transportation by water being easy and safe.—The conditions will be made known at the day of sale, and the requisite conveyances made by

JAMES PARKER and } Trustees to the said Estate.
BOWES REED, }

Likewise to be SOLD, at the same time and place, ELEVEN ACRES OF LAND, adjoining the above, the property of the Proprietors of East New-Jersey, whereon the proprietary house lately stood. The elegant situation of this spot is hardly to be equalled; it affords a grand prospect of Raritan Bay, and of the Bay formed by the waters of Raritan and Hudson's rivers, where they disembogue into the sea to the East—and a most delightful one of the serpentine course of the Raritan river, for several miles, through a rich tract of meadow to the West. The great quantity of stone neatly dressed, and brick, the remains of the house lately burned, will be nearly sufficient for a new building; and a large stone cistern, and well of excellent water, with a very convenient stable and coach-house, will greatly lessen the expence of putting the place in order for the residence of a Gentleman.—There are few situations so eligible, particularly in the summer season—when the cool sea breezes, and the elevated situations, render them places of pleasing retreat, from the confinement and sultry air of the southern States and neighbouring cities.
