BOSTON, June 8.

THE Supreme Executive, we learn, has issued certificates of the election of the Hon. SAMUEL HOLTEN, PELEG WADSWORTH, DWIGHT FOSTER, and WILLIAM LYMAN, Esquires, as Representatives to the Congress of the United States.

A correspondent informs, that considerable debate has arisen in the Hon. Council, on the propriety of issuing certificates to the two last mentioned gentlemen; and that the debate arose from the idea, that the last precepts issued by the Supreme Executive, were informal, it not wholly illegal; as the Resolution of the Legislature required, that the number of candidates sent out to the people, should be double that of the Representatives to be chosen; and that in the instance of the Western District, and county of Hampshire, (in which those gentlemen are declared to be elected) which are entitled to two Representatives, only three candidates were sent out: The consequence of this proceeding is, that the choice of the people has been frustrated; and that the person to whom a great majority of the free electors gave their suffrages, is debarred being their Representative, from the circumstance of having been voted for both for the District and County, of both of which he was

thus declared a Candidate. A statement of the votes might elucidate the subject. The highest number given in was 6994; and they were for the district member—of which the Honorable DWIGHT FOSTER had 2535; and the Hon. SAMUEL LYMAN, 2859—The entire votes for the county member, were 6103, of which the Hon. WILLIAM LYMAN had 3235, and the Hon. SAMUEL LYMAN, 2865.—Thus being Candidate both for District and County, Mr. SAMUEL LYMAN, notwithstanding he had of 6994 electors, the suffrages of 5725, for their Representative, he is declared NOT ELECTED; and those who had above two thousand less votes of the same electors, are declared to be the Representatives of the People. The will of the People, in a Republic, is said to be the Supreme Law. If this principle be just, this election will be declared illegal.—And our correspondent has been informed, that it is the opinion of the first civilians and ablest lawyers in the Commonwealth, that the House of Representatives of the United States, who are judges of the qualifications of its own members, will declare the election void, and of course a new one must take place.

UNIVERSITY OF PENNSYLVANIA.

IT has hitherto been the practice of this Seminary (as it was all along the practice both of the Old College and of the old University) to examine the several rolls once a week—and, on every such occasion, to levy fines (except where corporal punishment was to be inflicted) on such of the Students, as, during the preceding week, had been either late in their attendance, or absent altogether, at any particular session. But this practice, however good the design with which it was instituted, was found to be attended with some inconveniences. The collection of so many petty fines was both troublesome and degrading to the Professors. Neither, after all, could the imposition of these fines be expected to produce the desired effect: for, if considerable, they operated rather as a tax upon the parents, than as a punishment on the boys; and, if inconsiderable, were but too apt to be disregarded.—And, as to corporal punishment, the infliction of it so frequently, and in so public a manner, could not but tend to wear out that ingenuous sense of shame and regard to character, which it is one great end of education to cherish and promote.

At a meeting therefore, of the Faculty, held April 18th, 1793, it was unanimously resolved,

“First, that all fines and corporal punishments for attending late, or for being absent altogether, at any particular session, shall be abolished.

“And, secondly, that, on the first Wednesday of every month, there shall be held a meeting of the several Professors and Tutors, for the purpose of examining the general roll, and comparing their several particular rolls; when an accurate statement of the attendance and behavior of each student, during the preceding month, shall be made out, and presented to his parents or guardian.”

The Faculty confide, that by thus extending, as it were, the authority of parents and guardians, there will be less need for the exertion of other authority: and that the apprehension of this monthly notice will be found to have at least as much influence on the minds of their pupils, as the apprehension of the weekly fines and punishments were found to have formerly.

Published for the information of the parents and guardians of the students and scholars at the University.

By order of the Faculty, WILLIAM ROGERS, Sec'y. Philadelphia, June 11, 1793.

Although some expense must necessarily attend the conducting of the lottery, (which expense will be taken from the principal prize) the Commissioners having agreed to present in return a sufficient quantity of excellent free-stone, together with the best adapted lots for the hotel and for the out-houses, the value of the lottery entire may be fairly rated at something more than par: In this important instance it will be found, on examination, to exceed all the lotteries that have ever been offered to the Public in this or perhaps in any other country. The keys of the Hotel, when complete, will be delivered to the fortunate possessor of the ticket drawn against its number.—All the other prizes will be paid, without deduction, in one month after the drawing, by the City Treasurer at Washington, or at such Bank or Banks as may be hereafter announced, for the convenience of the fortunate adventurers.

The drawing will commence on Monday the 6th of September next, at the City of Washington.

Tickets may be had of Col. Wm. Dickens, City Treasurer of Washington; Thayer & Bristow, of Charleston, South-Carolina; Gideon Denison, Savannah; Messrs. James West & Co. Baltimore; Mr. Peter Gilman, Boston; and at such other places as will be hereafter published.

The ground on which the Hotel and out houses are to be erected, will be a corner lot of about 60 by 200 feet, with a back avenue to the stables, &c. Sections and estimates of the expense will be expected with the elevations, &c. complete; and 50,000 dollars must be regarded by the Architect as the utmost limit in the expense intended for this purpose.
