American Stocks.

THE Resources of the United States of America being, in proportion to their Debi, probably superior to those of any European Gaverament; and they having made ample Provision for the Payment of the Interest of their Stocks, only two Arrangements, more seem necessary to make them a very cligible Property to People in this Country; viz.

1st. To make them transferable in London; and, 2d. To provide Means for paying the Interest or Dividends. in London, punctually on a certain Day without Expence.

To accomplish these two Objects, the annexed Declaration is published, and an Office is kept under the Direction of the Trustees, by Mr. Mark Leavenworth, where constant attendance is given, for the Purpose of receiving Stock, and making Transfers.

The Dividends will be received in America by the Trustees, and will be paid quarterly by the LONDON and MIDDI ESEX BANK, Stratford-olace, London; (as mentioned in the Declaration of the Trustees,) on the First Days of January, April, July, and October, without any Deduction.

It is boped that these Measures will render making Transfers and receiving Divisorids as convenient as at the Bank of England, or any other Place. Persons who wish to purchase American Stocks, or to transact any other Business in them, by applying personally at the Office, or by Letter to Mr. Leavenworth, will be carefully attended to.

THE AMERICAN MUSEUM, from its termination in D. cember, 1792, in twelve volumes, price, neatly bound and lettered, nineteen dollars and one fifth.

The opinion of the Prefident of the United States, respecting this work, is as follows:

"I believe the American Muleum has met with extensive, I may say, with universal approbation from competent judges; for I am of opinion, that the work is not only eminently calculated to differ minate political, agricultural, philosophical, and other valuable information; but that it his been uniformly conducted with taste, attention, and propriety. If to these important objects be superiorded the more immediate defign of rescuing public documents from oblivious—I will venture to pronounce, as my sentiment, THAT A MORE USEFUL LITERARY PLAN HAS NEVER BEEN UNDERTAKEN IN AMERICA, or one MORE DESERVING OF FUNITIES EXCOURAGEMENT."
