The "Standard's" Attack. The editor of the Standard, with a zeal more creditable than his prudence, took to task last week, for our remarks on the President's special message.

pendent" papers, which he denounces as pirates, whose "hand is against every man, or rather against every man whose opinions do not agree with their own." This is invariably the dodge he practices; whenever cornered by journals of that class. It makes a vast difference to him whose ox is gored. So long as an "independent" paper acts the juggle to Democracy, all is right. But let it, while striving to maintain the cause of truth and justice, boldly rebuke either Democratic men or measures, the pent-up vials of his wrath are emptied upon their devoted heads.

Our Book Table. For some two or three weeks back we have neglected to notice the various literary works on "Our Book Table." We shall now endeavor to make amends: ATLANTIC MONTHLY.—The February number of this valuable periodical is filled to overflowing with the richest literary cheer.

PARDONED.—On Monday, Gov. Packer, granted a pardon to Monroe Stewart, convicted in conjunction with Fife and Charlotte Jones, of the murder of George Wilson, and sentenced to be hung to-morrow. This action of the Governor, was in accordance with the wish of quite a number of the citizens of Allegheny County, who believed the dying declarations of Fife and Charlotte Jones, that he was innocent of the murder.

CAUTION.—We warn the public to be on their guard with C. E. Todd & Co., whose advertisement has been in our columns for some weeks back. We notice that quite a number of our contemporaries are posting them as swindlers. We trust none of our readers have been victimized by them. We would as soon throw our money in the fire, as patronize them, although they did the fair thing with us.

THE BANK OF PENNSYLVANIA. At the annual meeting of the stockholders of the Bank of Pennsylvania, held in Philadelphia on Monday afternoon, Mr. Wm. C. Patterson read the report of the Board of Directors, which goes very fully into the present condition of the bank, and as far as practicable, into the causes and abstract of its ruin. The following is a summary of the assets of the bank: Assets, \$2,791,114; Liabilities, 2,228,767.
