INFORTANT LAW SUITS - Some time ago, as To the Hollich Miles Appears a Louisiese man at the same of Bears, of Pittsburgh, brought contry actions against Watson, White & Co., of Hollidayaburg, for the penalty incurred by of 22d March, 1817, entitled an Act to prevent the making, issuing, re-issuing and circulating any note, ticket, or engagement of credit in the nature of a Bank Note, other than by Banks invially and expressly established. The Dits. are from Masters, engaged in the making of fron at their furnace, in Hollisansburg, and, os they allege, for the purpose of convenience, isand a large number of shin-plasters, or notes. for small amounts of from five cents upwards which were made payable in goods and given to their employees, but which passed from hand to hand, and the result of the issue by the Deft. of these notes was, that they were in the hands of half the men of Hollidaysburg, and unquestionably used as a circulating medium therei-The Magistrate on all of the cases gave judgment for the Dfts., on the ground that the Plff. failed to prove that the Dits. re-issued these notes. The Act, as we view it, although we confess we are not lawyers and never have heard the expressed opinion of any Counsellor as to it, is violated by any partnership, &c., unless expressly allowed by law to do so making, issuing, re-issuing or circulating any paper in the nature of a Bank Note, or exercising the properties of a Bank Note, of any amount whatever. We do not know what the proof was in the case, and consequently give no opinion as to whether the justice was right or not, and at any rate would not do so, as we learned, a day er two ago, from a gentleman in Hollidhysburg, that appeals had been taken by the Plff. in all of the cases, and as they will come before Judge Taylor for his judicial opinion-which we would regard as much better and more reliable than ours-we will await the decision of the proper tribunal. We do not believe, however, that it is necessary for the Plff. to show that the notes were re-issued, if the issuing and circulating of them as money were proven. The cases have created considerable excitement at Hollidaysburg. R. B. Petriken, Esq., of Huntingdon, and I. W. Hall, Esq., of this place, are the counsel for the Plff., and Mesers. Calvin and Williams, of Hollidaysburg, for the Dfts.

CONCERT FOR THE BENEFIT OF THE POOR .-The late inclement weather has brought to the notice of the Relief Committee, several famiconscience with the reflection that you knew of no one who needed your assistance, while probably within a stone's throw of your comfortable fireside, some unfortunate beings were shivering over a few smoking embers, if indeed they had fire at all, or were lying down, half famished with hunger, to seek sleep and a while forget their misery. For you to have aided them entirely from your, perchance, not extensive store, would have been more than is required, but you now have an opportunity to contribute your "mite" towards alleviating their sufferings and giving peace to your conscience, by purchasing one or more tickets to the concert, to be given for the benefit of the poor of Altoona, at Keystone Hall, on Thursday evening, January 27th. The concert will consist of vocal and instrumental music. The entertainment will be worth the price of admission. In regard to the duty of all in this matter, read the communication signed "Benevolence," in another column

Tickets for the concert may be had of the following persons :-

George B. Cramer. John Shoemaker. Post Office. Charles R. McCrea. C.R. Hostetter. A. C. Vauclain.

CRAZY RICE ABOUT AGAIN .- "Crazy Rice," (as he is familiarly styled) the seven-day Baptist, has been in town for the last few days, renewing his offer of a \$20 gold piece to any person who will prove from scripture that the first day of the week is the Holy Sabbath, or a check for \$1,000 to any person who can prove by Holy Writ that sprinkling or pouring constitutes Baptism. No one appears inclined to take him ap, as the old maxim

"Convince a man against his will, He's of the same opinion still,"

would very likely be verrified in his case. In his political sentiments he favors the Abolitionples and delights in giving the dovotees of the luscious weed n few digs under the ribs. As a matter of course, he collects quite a crowd to be filled by Rev. Mr. Dick. listen to his harangues, but whether they are edified thereby is another matter.

PROMOTION. -- We neglected, last week, to congratulate our friend of the "gay and incomparable" (when the Tribune ain't about) of the town "over-the-hill," on his promotion to the post of mail messenger between the post-office and Railroad Depot. Some persons might not call it a promotion to receive such a situation, but we consider that an occupation or an office which brings in the snug sum of \$365 a year, and which can be attended to without interfering with a man's regular business, or requiring the styled a promotion than to receive an office with a high sounding title in which honors are the only pay; at least we should prefer it. As a general thing, printers are poorly paid for their services to their party, therefore, it always gives as pleasure to see them rewarded. No one deserved a "fat take" better than Traugh.

TRIAL LIST.—The following lengthy list of causes set down for trial at the next term of Court in this county, commencing on Monday, 24th inst., appears snything but creditable to the county. LADIES SUPPER. -The ladies connected with the Methodist Church have appointed their Committee, to attend to the different arrangements necessary to getting up a supper for the benefit of the church, on the evening of the 22d of February, and are all, we believe, entering with spirit into the affair. Much depends upon the Managers on such occasions, and we think that better ones than those selected could not have been named. For the Altoons Tribune. MESSRS. EDITORS:—It is with pleasure your correspondent has learned that preparations are making to have a concert for the benefit of the The commercial embarrasments and pepoor. The commercial embarraements and pe-cuniary distress of the past year, has greatly multiplied this class. There are a great number of them even in our own midst, and now, during this inclement season, their claims upon our humanity are very loud.

The concert proposed will furnish us with a very convenient method of contributing a "mite" to this good cause, without making so large a draught upon the time of any person or persons as would be necessary were they to call personally upon all who ought, and would doubtless feel it a privilege, to give. It will at the same time furnish a most delightful entertainment to the lovers of music. And who, of your readers, does not love music? If you have even one such subscriber, I give you timely warning of him, for perhaps the most profound student of human nature, that has ever written or lived, has said

"The man that hath no music in his soul, And is not moved by concord of sweet sounds, Is fit for treason, stratagem and spoils."

Experienced and gifted musicians will be there to discourse rich, sweet music for the enfering upon the alter of humanity and benevo- his life." lence. They have been preparing for the occasion and are willing to make their offering to this noble cause, by giving the entertainment gratis. This is generous, and worthy the commendation of the humane. Let us all then second their worthy offer by our attendance upon the concert, or at least, if we can not be there, by the purchase of as many tickets as our means will justify, or the nature of the object demands. None we presume will be so selfish as not to purchase a ticket because circumstances will prevent their attendance upon the musical entertainment. This would imply that they gave because they expected an equivalent in the pleasure of hearing the sweet music, and not to feed the hungry or starving, warm the cold, or clothe the naked. This would be to misapprehend entirely the object of the concert. It is not to offer an equivalent for what is given, (though in reality it would be far more) but to furnish gratis, a pleasant occasion for the benevolent to come together and make a free offering to this praise-worthy object. It is to afford a convenient and yet attractive opportunity for us to do unto others as we would have them, if circumstances were altered, do unto us. And who can tell how soon circumstances might demand that thus the benevolent should do for us? The beginning of last year found many in affluence who are now in beggary. May not the same happen to us? The suffering condition of the poor makes loud claims upon the philanthropist. For if he be what he professes, his love for his kind is

boundless as the seas, and his benevolence wide as the poles. Still louder are the claims of our own poor upon the patriot. His peculiar love for his own country must in the nature of the case intensity his love and pity for his own country-men. And they are his country-men, wherever born, who are now the adopted Sons of America and under the oath of allegiance to her constitution and her laws. Yet still louder, are the claims of the poor, upon the Christian-for "pure religion and undefiled before God and the Father their offiction." "And now abideth faith, hope, charity, these three; but the greatest of these i BENEVOLENCE.

Installed .- To-day our clever fellow-townsman, John Woods, Esq., late proprietor of the "Mansion House," will be duly installed as one of the managers of the "Altoona House."-147 25 | With such a clever host as he is, we have no doubt that the "Altoona House" will receive a largely increased patronage. Mr. Woods enjoys an extensive acquaintance and a good reputation as a caterer for the accommodation of those who "put up" with him. His many friends will be glad to learn that he is now in a position to entertain them handsomely, and will give him

LOOK OUT. A counterfeit \$10 bill on the Chambersburg Bank has just been put in circulation. It is so well executed that a clerk in one of the Lancaster Banks received it without detection. The only means of detecting the spurious notes is by the imperfection in the printing of the Vignette, and by a single slightly blurred line through the letter X in three corners of the note. In the genuine there is a double line, slightly waved, through each of these letters.

The last Quarterly Meeting of the M. E. Church, for the present Conference year, was held on Monday evening last. Rev. George Guyer, P. E., officiated on Sabbath. Although laboring under severe indisposition, he delivered two excellent discourses, which were well received by large and appreciative audiences. In regard to financial matters, we believe that, notwithstanding the scarcity of means, everything will be settled up fully and satisfactorily.

PROTRACTED MEETING. - A Protracted Meet ing commenced in the Presbyterian Church, in this place, on Thursday last, and is still in progress. The evidences of a spirited revival among the members of the church as well as and his services are highly appreciated by all who have had the pleasure of listening to his

HOW A MAN'S LIFE IS SOMETIMES PROLONGED. -Below will be found a certificate from one of our most respectable citizens, residing in Patton township, regarding the efficacy of Dr Keyser's Pectoral Syrup, a medicine which we have favorably known for a long time, and which is attested by hundreds of our immediate citizens, in every walk in life. Whatever some may think of what are usually termed patent medicines, we have entire confidence in Dr. Keyser's Pectoral, as we are assured that the Doctor prepares every ounce of it with his own hands.

"Some time ago, on old neighbor of mine was very ill with a bad cough, which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit, his brother came to see him die, and all were confirmed in the belief that he could not live. I had about a third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him to the astonishment of all. What makes the case more remarkable is the extreme age of the man, he being about eighty tertainment of those who come to lay their of. years old. I have no doubt the pectoral saved JOHN M'GINNIS. Respectfully, &c., THE PANIC-MORE FAILURES.—The panic in New York seems to be on the increase. In this city everything goes on smoothly, and the only failures we have heard of were the failures to furnish good fits made by some inferior clothing establishments. There is no such difficulty to be encountered by those who patronize the Brown Stone Clothing Hall of Rockhill & Wilson. Nos. 603 and 605 Chesnut street, above sixth. Gentlemen and Youths never fail to procure capital fits at this popular establishment.

nd the various affections consequent upon a disordered STOMACH OR LIVER. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgio Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave: Because of its great success in the most of the European States, its introduction into the United States was intended more especially for those of twickless of the European States, its introduction into the United States was intended more especially for those of twickless of the European States, its introduction into the United States was intended more especially for those of this mighty country. Meeting with great success among this nighty country. Meeting with great success among them, I now offer it to the American public, knowing that ts truly wonderful modical virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of disalpation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new heath and vigor in the system.

CAUTION.—The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to huy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
