CREAT DISCOVERY OF THE AGE IMPORTANT TO TOBACCO CHEWERS. DR. GUSTAV LINNARD'S TASTE RESTORATIVE TRO-CHES, the great Substitute for Tobacco.

It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most se-

MENTAL AND PHYSICAL DISORDERS MENTAL AND PHYSICAL DISORDERS
to which the race of man is subject, as careful analysis and
long and painful experience have clearly provon that it
contains certain noreotic and poisonous properties most
dangerous in their effects, which by entering into the blood
derange the functions and operations of the Heart, causing
many to suppose that organ to be seriously diseased.
TOBACCU affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed
will bear testimony—in Lassitude, Nervous Irritability,
Water Brash, Dyspepsia, and many other disorders of a
similar character.

THE TASTE RESTORATIVE TROCHES Are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they and wherever used. Being naturess in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system. Persons who are irretrievably undermining their consti-

tutions and shortening their lives, should use these Troches immediately and throw off the injurious and and unpleasinmediately and throw on the injurious and and displaced and habit of Tobacco Chewing.

These Troches of Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.

Prepared solely by the undersigned to whom all orders should be addressed.
