denies here which implicates Lewis Fisher in the frands by which he has been returned as elected county commissioner; and we do not doubt that, after the disclosures which have been made, as Man hanest and honorable man, and a good citisen, he would scorn to hold the office. We deem proper to remark further that there is no evidense which in any degree implicates any organized political party, as a party, in this fraud. On the contrary, we are well assured that every correctly thinking man of every party, condemns it as emphatically as we do. No honest man, of any party, we are certain, will stand up and defend it. We remark further, and in concluhimsethat the citizens of Washington township, such, (and amongst whom we know there are many of as worthy men and good citizens as retide any where in the county,) are not only not implicated, but we have evidence in the willingness with which they came forward and testified, that they condemn and deprecate this fraud; and we trust they will vindicate themselves and

their township, by seeing to it, in the future, that their elections shall be conducted by men who respect the law, and the rights of their fellow citizens. And now, having discussed this case in all its aspects, and given at length our reasons for our decision, we have only to record the judgment of the court upon the question presented in the petition and complaint ; which is, that Abel Lloyd, having as it is shown to the court, received a majority of the legal votes polled for the office of county commissioner at the general election held in and for the county of Cambria on the second Tuesday of October, 1858, is du-

We publish to-day the whole of the very able opinion of Judge Taylor, setting aside the election in Washington township, Cambria county. We do this by request of many of our readers who wished to see it entire-as the extracts from it which we published some weeks ago, scarce gave correct idea of the vile frauds perpetrated. Some action should be taken by the Legislature to prevent a recurrence of this kind either in Washington township or any where else. The ballot-box should be kept pure and unpolluted by fraud, and any attempt to frustrate the will of the people, conveyed in this truly republican and democratic manner, should be frowed

on by every honest citizen, and the perpetrators severly punished.

[Special Correspondence of the Tribupe.] ETTER FROM HARRISHURG.

HARBIBBURG, February 8, 1859. As if to give "indemnity for the past and se curity for the future," both Houses are about to evince a most wonderful economy of time. The Senate now meets at 101 and the House at 10 o'clock. Not only this, but the latter also intends holding afternoon Sessions twice a week. This is all very good, provided the time is not spent in performing wind work, or discussing

the merits of Passenger Railway lines in Philadelphia --- a subject not any too interesting to outsiders from the rural districts.

The Senate has now before it a General Bazking Law, drawn with a view to remedy the defects in the present law, which are alleged to exist after many years of legislative tinkening. Its fate is sealed, although every one acknowledges that a General Banking Law would not only improve the currency, But it would in a great measure cut off banking legislation for the

By a recent discaray a Professor Wood these articles are being flat discaray a but a great many permone still patronise them, beens they have been so often imposed upon by Hair Toxics i different kinds. To all such persons we carnetly als the request, that they will try once again, for in Woof Restorative there is no such thing as fail. We know et lady who was baid, who used the article a short time, as her head is now covered completely with the thiest us most beautiful curis imaginable. We know of numerous cases where hair was rapidly failing out, which it restore in greater perfection than it ever had been before. It is also without doubt one of the best articles for hes ing the hair in good condition, making it soft and glow, removing dandruff, and has proved likelf the greatest me iny to all the fills that hair is heir to. It is the duty of every one to improve their personal of pearance though some may differ in regard to the wayd doing it; but every one will admit that a beautiful head hair, either in man or woman, is an object much tobe sired, and there are no means that should be left untrivis obtain such a consideration.— Woman's Adrocate, Phia-ing being your Hair Restorative the last senson for cust your local agents (R.
