COMPLIMENTARY.—The Harrisburgh *Telegraph* of Monday evening last, pays the member from this county, JACOB BURLEY, Esq., the following handsome compliment:—

A WORKING MEMBER.—During our association with the members of the House of Representatives we frequently had our attention called to the industry, tact and energy of JACOB BURLEY, Esq., of Blair county. This is Mr. B.'s first winter, and being unacquainted with Legislative rules, he has worked with extraordinary industry to acquaint himself with the same, and within a short space of time he has become one of the most useful members of that body, always in his seat, watching not only the interests of his constituents, but of the whole Commonwealth. Never failing to discover the tricks and devices of those who are opposed to him in politics, he has always resisted their attempts. When the bill for the reduction of the State taxes was before the House, Mr. B. was one of its earnest advocates, and exercised considerable influence in forthering its passage. Many other prominent bills also received his marked attention, and whatever good has been accomplished by the present Legislature, Mr. B. has contributed his full proportion towards it. We have known the members from Blair county for many years prior to this, and are free to confess that the people of that county never had a better member than they have in the person of Mr. BURLEY; and we sincerely hope that, if he desires a re-election, his constituents will consult their own interest and send him here again next year.

CAN CONSUMPTION BE CURED?—The exact period when this terrible scourge of the human race becomes incurable has never been satisfactorily determined, whilst all agree that it is incurable in certain stages. When the lungs are once destroyed in their structure, and when deep-seated ulcers begin to corrode them, there is very little hope of a cure, although cures have taken place after such lesions were known to exist, as has been proven by post mortem examination. A wonderful remedy, and a sure cure in all incipient cases, is "Dr. Keyser's Pectoral Cough Syrup," a medicine made by Dr. George H. Keyser, of No. 140 Wood street, Pittsburgh, Pa., after a number of years of careful experience, and after having cured numbers of cases of very dangerous pulmonary disease that had been given up by physicians. Dr. Keyser has studied medicine regularly and belongs to the old school, and the medicine that he offers to the public has, besides, a high reputation among our people. We could refer to hundreds of cases of apparently incurable lung disease, in which this medicine has cured. The cost of a trial is a mere trifle as he sells it in bottles at fifty cts. and one dollar, at his drug store, N. 140 Wood street. Sold by G. W. Kessler, Altoona, Pa.

FIRE.—On Saturday evening last, between 5 and six o'clock, our citizens were hastily summoned from their supper tables, by the cry of "fire!" and the quick tolling of the shop bell. The locality of the fire was readily perceptible, it being in the centre of the town and a dense smoke issuing from it. On repairing to the spot, we found it to be a shed used by the Railroad company for storing waste, situate between the large round house and the foundry. A number of buckets and the hose of the company were immediately brought into use and the fire soon extinguished, without in any way damaging the buildings in close proximity. The fire, it is supposed, was occasioned by spontaneous combustion.

NEW MARBLE YARD.—In another column of to-day's paper will be found the card of Messrs. Freeman & Hoover, who have opened a new marble yard in Hollidaysburg. All work entrusted to them will, we feel sure, be executed in a skillful manner. They are clever fellows, with whom it will be a pleasure to do business, and we bespeak for them a liberal share of orders for work in their line.

SABBATH SCHOOL ASSOCIATION.—The Altoona Sabbath School Association met pursuant to adjournment, on Friday evening last, March 8th. Wm. C. McCormick in the Chair. Reading of a portion of the Scriptures and singing conducted by the President. Prayer by Rev. S. Creighton. Journal of preceding meeting read and approved. The report of the Committee on nominations was called for. T. P. Sargent, Chairman of the Committee being absent, Jas. L. Gwinn presented the following:—President, Wm. C. McCormick; Vice Presidents, T. P. Sargent, George Hartzell, Jacob Good, Ed. H. Turner, M. T. Dill, A. D. Cherry, Jas. L. Gwinn; Treasurer, Geo. W. Kessler; Secretary, D. T. Caldwell.

On motion, the report was adopted.

The President having vacated his seat during the proceedings again resumed it, after which he requested Rev. S. Creighton to favor the Association with a few remarks, which was responded to by the Rev. gentlemen in a brief and pertinent address which was listened to with marked attention by the audience and doubtless had a good effect.

Judge Gwin was called upon for a few remarks and he responded in a happy manner, showing that he was enlisted heart and hand in the cause under consideration, and the zeal he evinced infused new life into those who regard Sabbath Schools as of minor importance.

On motion, the Secretary was directed to extend an invitation to the Superintendent's and teachers of the different Sunday Schools in the vicinity of Altoona, who, as yet, have not been represented, to unite with the Association.

On motion, *Resolved*, That a committee of twelve be appointed to visit the families in the borough of Altoona, whose children do not attend Sabbath School, for the purpose or urging them to send their children, and also giving the children encouragement to attend.

On motion, the President was authorized to appoint persons to prepare lectures to be delivered at the next meeting of the Association, whereupon he appointed Revs. Samuel Creighton and Jacob Steck.

On motion, adjourned to meet again on the first Friday evening in May, in the lecture room of the Methodist Episcopal Church, at 7½ o'clock.

Benediction by Rev. J. Steck.

D. T. CALDWELL, *Sec'y.*

FAST TIME.—A few weeks since, we made a note of a fast run between this place and Harrisburg, by the Mail Train, Col. Crane, Conductor. We have now another fast trip to note, made by the Mail Train, on Tuesday morning last, Col Weitzel, Conductor, which is a *leetle* ahead of that made by Col. Crane's train. The distance is 132 miles, the schedule time for running it 5 hours and 5 minutes. The train, on Tuesday morning, left this station 53 minutes behind time, leaving the Col. 4 hours and 12 minutes to make Harrisburg on time.—Twenty-five stops were made on the route, at an average loss of 3 minutes to each, which reduced the running time to 2 hours and 57 minutes. The train arrived in Harrisburg on time, having travelled at the rate of a little over 44 miles per hour. This we think is the best time yet made upon the Road for the same distance.

YOUNG MEN'S DRAMATIC ASSOCIATION.—This Association has again been revived and is announced to give two entertainments at Military Hall, on Friday and Saturday evenings of this week. The young men connected with this enterprise have devoted much of their time to preparation for this occasion, and we have no doubt will perform their parts creditably. We have been informed by a gentleman who was present at a rehearsal of the Association on Tuesday evening last, that the members acquitted themselves handsomely and gave entire satisfaction. Those who take delight in the drama as enacted upon the stage will be well repaid for their attendance upon the coming entertainments.

SPLENDID DIPLOMAS.—We have just seen the three splendid Diplomas awarded to Duff's College by the late United States Fair, at Richmond, Va., to Duff's System of Book-keeping, Duncan's Gems of Engraved Penmanship, and a special diploma for Duncan's Pen and Ink Writing. These are the first diplomas from the National Fair that we have yet seen in the city, and reflect the highest credit on the institution to which they were awarded. The honor conferred upon Mr. Duncan is well deserved, and very properly bestowed, and places him at the head of his profession.—*Pitts. Paper.*

CHANGE OF SCHEDULE.—On Monday last, a new schedule went into operation on the Pennsylvania Railroad, which makes considerable alteration in the running of some of the trains. The Eastward bound trains leave this station as follows:—Express train at 1.30 A. M., Mail train at 7.50 A. M., and Fast Line at 9.20 P. M. The Westward trains leave as follows:—Express train at 8.15 A. M., Mail train at 6.40 P. M., and the Fast Line at 8.25 P. M.

NEW ESTABLISHMENT.—The room two doors above the Masonic Temple has been opened as a fruit and confectionary establishment by Geo. M. Smith, of Hollidaysburg, who has on hand an excellent supply of choice confectionaries, fruits, cakes, and drinkables, which he will take pleasure in serving out to those who call upon him. We have tested the merits of a few of his cakes and find them equal to those of any establishment in town. Give him a call.

MEETING.—An adjourned meeting of the Altoona Mechanics' Library and Reading Room Association, will be held in the Library Room on Friday evening, at half past 7 o'clock. A full attendance of the members is earnestly requested, as business of importance to all will be transacted. The resolutions relative to a reduction of the entrance fee, reported at the last monthly meeting, will be acted upon.

INVITATION EXTENDED.—We learn from the Blair County *Whig*, of this week, that our townsman, Col. L. W. Hall, has been invited to deliver a lecture in Hollidaysburg, in behalf of the Mount Vernon Fund. We do not know whether he has yet accepted the invitation, but should he answer in the affirmative, we know he will get up a lecture worth going to hear. He has the ability to do justice to any subject he may select.

☞ The following was handed us a few days since with the request to publish. Whether it is original or not, we can not say; but presume that makes little difference, as our readers of a certain age will relish it all the same:—

ON COURTING—Upon hearing the following breakfast table remarks:—

"I don't see why people cannot do their courting by day-light, thereby saving an extra for lights, fuel, and forenoon naps."

Whew! preach that doctrine until your head is gray, and you are as toothless as a new-born babe, and still young folks will "sit up" till the stars grow tired of watching and the roosters begin to crow!

There is a sort of fascination in it, a positive denial to the contrary notwithstanding—an indescribable, undeniable charm, in being the sole occupant of a front parlor, with nothing to molest or make afraid; the sofa drawn up before the shining grate, and the lamp regulated to a steady blaze, that will not eclipse the brightness of eyes, or make particularly prominent, unclassical irregular features. There's something particularly pleasing in hearing the last pair of household feet take a bee-line departure for the upper chamber, and feeling that the ever-swinging parlor door will remain closed until one of the party concerned choses to open it.

Talk of courting by daylight! Think of laming one's arm by quick withdrawals from around a certain waist, at the incessant ringing of the door bell, or seeing the puff combs and curls flying in every direction by a sound of coming footsteps. Imagine proud lover at the feet of fair lady, puffing forth an eloquent, long avowal, with extraordinary expressions flitting over his face; and, at the same moment, a puzzled little countenance peering through the folding doors, wondering what makes Mr. M. pray with his eyes wide open. Or, more disagreeable still, have mamma open the door, without the prelude of a rap of course, just at the moment you have ventured to test the temperature and sweetness of her daughter's lips.

And then what time in the day could one take? Not in the forenoon certainly, when music teachers and fashionable callers are in vogue; not in the afternoon when one's senses are stupefied by the eating of a hearty dinner; not on Sunday, when every body is expected to go to church; not in church, with pantomimic gestures that set the occupants of neighboring pews a staring. No! there is but one time, and that the veritable season set in old primitive days—a time and season for courting. An hour when you can pinch Susie's fingers to make her tell who she loves best—look in Susie's hand to see if her fortune runs with yours, and see what letter of the alphabet is formed by the lines therein; kiss her when you please, hug her when you please, and all this when the old folks are sleeping, when the sound of footsteps are scattering in the streets, and there is no one on earth so near Susie as yourself! That's um!

FATAL ACCIDENT.—A young man named *Carns*, as we understand, residing with Mr. WM. Leamer on his farm in Frankstown township, on Monday evening last led one of the work horses out of the stable to water, and the horse presently returning into the stable where Mr. Leamer was engaged, without Mr. Carns, Mr. L. stepped out of the door to look for him, and was shocked to see him lying an outstretched lifeless corpse in the yard—the horse having in some way kicked him so severely on the side of the head as to occasion his instant death. An inquest was held upon his remains next morning by Justice Tool, and a post mortem examination made by Dr. Smith. Verdict in accordance with the above statement.—*Register.*

☞ Two or three weeks ago we noticed that Mr. Harvey Stewart, of Scotch Valley, had lost five horses, by poison, as was believed. Since then he has lost two others, making seven in all, and three of them being mares with foal, his loss in money is not less than $1,000. An analization of the contents of the stomach, we understand establishes the presence of arsenic; and hogs, dogs and crows have died from eating the carrion. Mr. Saml. Smith lost a valuable hog. Quite a large number of crows have fallen victims.—*Register.*

R. McCrea; R. S., E. B. McCrum; A. R. S., W. McCormick; F. S., J. Renner; T., M. Claubaugh; C., D. Galbraith; A. C., J. W. Clabaugh; I. S., Wm. Marshall; O. S., B. F. Rose; W. C. McCormick, P. W. P.

Dalley's Magical Pain Extractor.

In all diseases inflammation more or less predominates—now to allay inflammation strikes at the root of disease—hence an immediate cure.

DALLEY'S MAGICAL PAIN EXTRACTOR,

and nothing else, will allay inflammation at once, and make a certain cure.

DALLEY'S MAGICAL PAIN EXTRACTOR

will cure the following among a great catalogue of diseases: Burns, Scalds, Cuts, Chafes, Sore Nipples, Corns, Bunions, Bruises, Sprains, Bites, Poison, Chilblains, Piles, Scrofula, Ulcers, Fever Sores, Felons, Ear Ache, Piles, Sore Eyes, Gout, Swellings, Rheumatism, Scald Head, Salt Rheum, Baldness, Erysipelas, Ringworm, Barbers' Itch, Small Pox, Measles, Rash, &c., &c.

To some it may appear incredulous that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its opposite disorder.

DALLEY'S MAGICAL PAIN EXTRACTOR

In its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, work-shop, or manufactory should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, Manufacturer.

Sold by G. W. Kessler, Altoona; George A. Jacobs, Hollidaysburg; and by all the Druggists and patent medicine dealers throughout the United States and Canadas.
