Peoples' County Convention.

Pursuant to previous notice, the American and Republican County Committees met in the Court House, at Hollidaysburg, on Friday of last week, and from what we can learn, we believe the meeting was very harmonious. A resolution was passed calling a Peoples' County Convention, to be held in Hollidaysburg on Tuesday the 27th day of June, (Delegates to which are to be elected on Saturday prethe stipulations of the agreement, that the vious, 25th, in the township between the Penn'a Central should acquiesce, but it hours of 4 and 7 P. OPPOSITION CONVENTION.—The Peoples' Party State Convention met at Harrisburg on Wednesday of last week, to nominate candidates for Auditor and Survevor General. Hon. David Taggart presided, assisted by a number of Vice Presidents. On taking the Chair, Mr. Taggart delivered a short address, which, from its character, we think was well received by the Convention. A number of gentlemen were nominated for the offices to be filled, and after balletting for a time, the choice fell upon Thos. E. Cochran, of York county, for Auditor General, and Gen. W. H. Keim, of Berks, for Surveyor General. Resolutions condemnatory of the course of the National Administration on the Kansas question and its wonton expenditure of public money, in favor of the passage of the Homestead Bill giving one hundred and sixty acres of land to every citizen who will settle upon and improve the same, in favor of legislation to counteract the frauds upon the Naturalization laws, and approving of the course pursued by Hon. Simon Cameron on the question of protection to American Manufactures, were passed unanimously.

THE MOUNT VERNON FUND .- From the Secretary's report in the Mount Vernon Record, we observe that another instalment of ten thousand dollars has been paid over by Mr. Riggs, the Treasurer, to Mr. Washington. Out of \$200,000 purchase money, only about 20,000 now remains to be paid. But, "apart from the sum requisite for its proper maintenance and safe guardianship, the Regent ascerrequire about \$10,000 to restore the rapid predicament. decay now going on." It will, therefore, require a very large sum in addition to the purchase money, to place and keep the estate in proper order. Hattroad Competition.

For some time past, the four freet central lines of Railroad, connecting the Best and West, have been engaged in a competition for the trade and travel passing between those points, which must have tested the foundations of their superstructures if it had been continued. In their efforts to undermine each other, the rates on freight and fare had been reduced to a point below the actual cost of carriage. and as a matter of course it could not be expected that such a state of things should long continue.
