Foreign News.

The daily papers, for some days past, have been filled with accounts of another great battle fought somewhere in the neighborhood of the river Mincino, but for the life of us we can not find head or tail of the account. The number of Austrians killed is put down at 35,000. In the Emperor's proclamation to his soldiers. after the battle, he states that they have taken 30 cannon and 6,000 prisoners. It is estimated that near four hundred thousand men were engaged in the battle, consequently the slaughter must have been tremendous. Another great battle is an ticipated. The Austrians have thus far been driven from every position they have taken up, and their losses have been heavy. How much longer they will hold out can into the fight.

DEATH OF JUDGE BURNSIDE.—It is

our painful duty to chronicle the sudden and awful death of Hon. James Burnside, With a majority of 1,000 in his favor last of Bellefonte, which occurred on Friday, fall, we presume his re-election is a fore-1st inst. The circumstances of his death are reported as follows:-He had been sitting at his door, in the evening, when his nephew, Harvey Mann, drove up in a buggy, with his mother, (a sister of Judge Burnside), who had come to pay them a visit. The horse was a new one, and after Mrs. Mann had got out, the Judge the above head, has been started by Messrs said to his nephew that he believed that Crapp & Morgan, at Harrisburg. In two or three minutes from the any of its cotemporaries. time he left his door, full of life, health and spirits, he was carried back a bleeding corpse. The event is said to have caused great grief and consternation in the town. It was particularly felt now, as he had been instrumental in getting up a pic nic for the Fourth, and was announced to read the Declaration of Independence. Instead of attending a festal gathering, his townsmen probably attended his funeral on that

DEMOCRATIC DELEGATE ELECTION, &c. -At a meeting of the Democratic County Committee of this county, held in Hollidaysburg on the 24th ult., it was resolved that the Democratic citizens of the several Wards, Boroughs and Townships, be notified to meet at their usual places of holding primary meetings, on Saturday, in another column, and if you have any surplus August 13th, 1859, and elect two dele- change which you wish to invest in western lands, gates from each to meet in County Convention on the Wednesday following.-Meetings in the townships to open at 3 o'clock P. M., and continue until 5; in the boroughs to open at 7 o'clock P. M., and continue until 9 o'clock P. M.

Our townsman, Col. L. W. Hall, receives the following flattering notices of his selection by the Peoples' Convention of this county as the candidate for Senator in this District:-

Col. L. W. Hall, our candidate for Senator, is a man in whom the people of Blair county takes pride. His vote in the Convention, over one of our most worthy and respectable citizens, is a mark of approbation that no man for a high public office can boast of. Should he receive ne nomination, which the people of Blair county ardently hope for, a majority of from twelve to fifteen hundred will be the result, because he is a man fit for the post, and will make a Senstor worthy of the confidence and esteem of the people. If we elect in this district, Col. Hall is the only man that can carry a majority. Blair county will do the work.—Blair County Whig.

THE RIGHT MAN.—We observe by the Blair County papers, that our friend Lewis W. Hall, Esq., of Altoons, has been nominated by the People's Convention of that County as a candidate for State Senator. We know not whom the other counties of the district may present, but we onine no better man than Mr. Hall can be "scared up." Bold, energetic, indefatigable, a fine speaker, a good debator, and withal a true gentleman, he is in our opinion the very man to redeem the Blair and Clearfield district from the reproach of Biglerism.—Somerset Her-

It will be seen from the above that the hope of his party to carry the district is centered in Col. H. We hope he may, as he certainly should, be the choice of the Conference.

RE-NOMINATED.—We are pleased to know that the late "handsome member" from this county, in the lower House of of the Legislature of this State, was nominated by acclamation at the late county Convention of the Peoples' Party. So far as we know anything about his course during last winter, and we watched it pretty closely, we believe he attended to the wants of his constituents, and the best interest of the State, in a manner satisfactory to those who reposed their confidence in him, and much better, we dare say not be told. Prussia will ere long be than one-half the members who sat with him. The latest and most wonderful cure ef fected by a patent medicine, recorded, is the following: A boy had swallowed a silver dollar. None of the faculty could devise an alleviation; whereupon the inventor of patent medicine was sent for. "It is evident," said he, "that so considerable a coin can never be forced up by any emetic known to science. \ However, let him take this pill and flattering consequences will be likely to ensue." An hour afterwards the boy threw up the dollar, all in small change, principally five cent pieces.
