Peace Declared.

We presume our readers have been looking for other tidings from the other side of the waters than those which they receive this week. They are certainly contrary to all expectations and predictions.

The New York Tribune in commenting upon the treaty, says: "The Italian war is over. On the 8th inst. an armistice was signed to the surprise of every one, concluding between France and Austria. Three days afterward the two Emperors had an interview which resulted in a peace, of which the conditions would seem to be a death blow to all present hopes of Italian independence."

Our sole source of information touching the treaty is a brief telegram from Napoleon. The London Press appears to be much in the dark as to the terms of freedom are justly alarmed for the future.

HEAVY STORMS.—A tremendous storm of wind and rain passed over a portion of Philadelphia county on the afternoon of the 20th inst. In the vicinity of Germantown, nearly all the trees, fences and outhouses were blown down and thousands of panes of window glass broken.

STORMING THE CARS.—Some time since, a number of the numerous rowdies with which Huntington is cursed, took it into their heads to stone the East Line train, which leaves that station at 10 1/2 o'clock, and posted themselves on the tow-path immediately below the station.

EPENBURG AND CHESON R. R.—The work of grading the branch Railroad from Crosson station, on the Pa. R. R., to Epenburg, has been let to a Mr. Collins, of Cambria county, who commenced work upon it some time since, with a force of 200 hands.

PENNSYLVANIA STATE TRADEERS' ASSOCIATION.—The next Annual Convention of this Association will be held in West Chester, Chester county, on Tuesday, Wednesday and Thursday, the 2d, 3d, and 4th of August.

PENNA STATE FAIR.—The Pennsylvania Agricultural State Fair will be held at Philadelphia, on the 27th, 28th, 29th and 30th of September next.

THE CROPS IN ILLINOIS.—A letter from Illinois says: "The wheat harvest has already commenced in southern Illinois, and is better than ever before in that part of the State. The prospect for a good crop of corn in 'Egypt' is favorable. Fruit in that region will be abundant. Peaches were injured here by the late frosts, and the insects will probably destroy all that remain.

A Religious Revival in Ireland.—The papers are full of the details of a religious revival now in progress throughout the North of Ireland, similar in its epidemic features to the awakening so general in this country a year ago, and yet it seems to be broadly distinguished from it by greater marks of mental anguish, convulsions of sin, and sometimes of fanaticism.

The Vienna Gazette says of the armistice that an autograph letter addressed by the Emperor Napoleon to the Emperor of Austria led to the negotiations, the result of which was a five week armistice.

THE PEACE.—The following is a copy of the telegram from Napoleon to the Emperor of Austria, announcing that peace had been concluded upon the 23d inst. "An armistice was concluded, on the 23d inst., between the belligerent parties to extend to the 15th of August."

AN AUSTRIAN DETACHMENT TAKEN PRISONERS BY A RAILWAY ENGINE.—Among the many lighter passages of the war with which the sport the press has delighted to chronicle, the capture of a detachment of Austrians who were taken prisoners by the engineer of the railway, is perhaps the most amusing.

THE QUICKEST FOOT RACE ON RECORD.—Two remarkable foot races, reported by the Times of the 24th, came off on the Empire Trotting Course yesterday. Two Indians, named Smith and Bennett, matched themselves to run one hundred miles within thirteen hours.

DEAR SPORT.—The Western Reserve Chronicle, at Warren, Ohio, states that, on the Fourth of July, the people of that town purchased an old mill, which had long been an eyesore, on the opposite side of the river, and set fire to it in order to celebrate the day by giving the fire companies an opportunity to try their efficiency in extinguishing it.

ARMISTICE AGREED UPON. PEACE DECLARED.

PARIS, July 24.—The armistice between France and Austria, which was signed at Villafranca, on the 23d inst., has been proclaimed in all the cities of France.

THE ARMISTICE.—A dispatch from Turin says Napoleon has issued a bulletin from Valleggio, announcing the armistice between France and Austria, and announcing his immediate departure for Paris, leaving the provisional command of the army to Marshal Vaillant.

THE ARMISTICE.—The London Times claims that England congratulates the armistice, and that the Emperor of Austria has been called upon to exhibit his expertise with the latter weapon as well as the former.

EDITORIAL DUELS IN NEW ORLEANS.—Gentlemen who wield the editorial pen in New Orleans must also accustom themselves to the use of the pistol. At least many of them have been called upon to exhibit their expertise with the latter weapon as well as the former.

THE PEACE.—The following is a copy of the telegram from Napoleon to the Emperor of Austria, announcing that peace had been concluded upon the 23d inst. "An armistice was concluded, on the 23d inst., between the belligerent parties to extend to the 15th of August."

Wheat Decline in Grain.

The following from the Chicago (Ill.) Press, in relation to speculation in wheat, was written in relation to the arrival of the news of the armistice between France and Austria: "At no time in the history of the grain trade of our country has the wheat market undergone such sudden fluctuations as have occurred during the past eight or ten weeks; and in no previous year has there been so much money lost on the wheat market as during the past week."

At Milwaukee the decline has been equally great. On the 18th of May last, No. 1 spring wheat was selling at \$1.45, while on Saturday last it sold at 70 cents. This altogether outstrips the decline of 1857, which has hitherto been quoted as "the sudden decline," in that year standard spring wheat rose on the 2d of July to \$1.30, and fell to 50 cents on the 24th of August.

Battles of the Revolution.—A correspondent of the Norfolk Herald has taken the pains to compile the following table, showing the comparative losses of life sustained by the armies of the Revolution.

Table with columns for Location, Date, and Losses (Brit, Amer, Total). Includes battles like Lexington, Bunker Hill, Fitchburg, etc.
