CARIN POINT, SUTTY Co., Va. Br. Seth S. Hance :- I was in Baltimore in April, 1854, and from a paper I received of yours was induced to buy a box of your Pills, recommended as a sovereign cure for the Epileptic Fits At that time one of my servants had been afflicted with fits about twelve years. When reaching home, I commenced with the Pills according to directions. I do not think she has had one since. My wife, though, is somewhat induced to believe she may have had one only. Enclosed you will find five dollars, for which you will please forward me two boxes. I suppose you can forward them by mail. Your compliance will oblige me. Yours respect-

The nervous sufferer, whether tormented by the acute, physical agony of neuralgia, ticholoreaux, or ordinary headache, afflicted with vague terrors, weakened by periodical fits, threatened with paralysis, borne down and dispirited by that terrible lassitude which proceeds from a lack of nervous energy, or experiencing any other pain or disability arising from the unnatural condition of the wonderful machinery which onnects every member with the source of sensation, motion and thought—derives immediate benefit from the use of those pills, which at once calms, invigorates, and regulates the shattered nervous organization.

praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. J. HOS-TETTER'S STOMACH BITTERS, for those lisenses which are particularly prevalent during the summer and fall .-They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangement of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found medicine peculiarly adapted for their ailments, while in

other portions of the country, during the summer mouths,

the demand for the article is equally large. Sold by druggists and dealers generally. See advertisement in another column.
