## HOSTER TERES STUMACH BITTERS.

Ir is a fact that, at some period, svery member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired ebject, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple proeess of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these

Bitters have no equal. Diarrhoa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspensia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science. FEVER AND AGUE. - This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him phynically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above stated diseases can be contracted, even in exposed situations, it the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfecbled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetten's Celebrated Stonach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER& BMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the Unred States, Canada, South America, and Germany.

"For the last twelve years I have been more or less troubled with Inflampatory Rheumatism, commencing early in the Spring. and lasting until cold weathered in, when I would be relieved for a while, only to be attacked again in the Spring. All my joints would swell and be very sore, attended with the most acute pain. My feet, shoulders, arms, and hands troubled me most, so much so that I could scarcely walk, and a innest always required ansistance in dressing. During this time I would try everything. I could hear of, in the hope of finding acure. I also tried several physiciaus, but nothing seemed to help me the least in the world. About two and a half years ago I was attacked as usual, and as usual tried everything to get rid of it. but to no purpose. I kept growing worse, and finally had to give up and stay in the house, where I was confined about four weeks. This time my feet swelled, and were so sore that I could not stand on them or get on my boots, and my hands swelled to twice their usual size. In fact, I was, to all appearances and belief, totally used up. About this time my parents, who reside in Maine, sent for me to come home. I went and after my arrival I commenced trying another remedy, hoping to be cared, but resulting the same as all others. For weeks I had not been able to dress myself or to raise my hand to my head, and suffer, or the most exeruciating jain all the time. been able to drees myself or to raise my hand to my head, and suffering the most excruciating pain all the time.

I was entirely free from pain. I had then taken but one d.se., and bathed freely before going to bed.
