HOSTETTER'S

In is a fact that, at some period, every member of the human family is subject to disease er disturbance of the bodily functions; but, with the sid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired ebject, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters eperate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action; and thus, by the simple proeess of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsis, Indigestion, Nauses, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Districes, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HÖSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of discuse and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE. - This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausen nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the shild, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladics should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.-We caution the public against using any of the many imitations or counterfeits, but ask for Hospetter's Celebrated Stonach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covaring the cork, and observe that our autograph signature is on the label.

"You the last twelve years I have been more or less
troubles with Inflammatory Rheumatism, commencing
early in the Spring, and lasting until cold weather set in,
when I would be relieved for a while, only to be attacked
again in the Spring. All my joints would swell and be
very sore, attended with the most acute pain. My feet,
shoulders, arms, and hands troubled me most, so much so
that I could scarcely walk, and a knost always required assistance in dressing. During this time I would try everythat I could scarcely walk, and almost always required assistance in dressing. During this time I would try everything I could hear of, in the hope of finding a cure. I also tried several physicians, but nothing seemed to help mo the least in the world. About two and a half years ago I was attacked as usual, and as usual tried everything to get rid of it, but to no purpose. I kept growing worse, and finally had to give up and stay in the house, where I was confined about four weeks. This time my feet swelled, and were so sore that I could not stand on them or get on my boots, and my hands swelled to twice their usual size. In fact, I was, to all appearances and belief, totally used up. About this time my parents, who reside in Maine, sent for me to come home. I went and after my arrival I commenced trying another remedy, hoping to be cured, sent for me to come home. I went and after my arrival I commenced trying another remedy, hoping to be cured, but resulting the same as all others. For weeks I had not been able to drees myself or to raise my hand to my head, and suffering the most excruciating pain all the time.—

One day my father came in with a paper in which was advertised Dr. Cognwall's MKDICAL SALT, for Inflammatory Diseases only and wanted me to read and see what I

vertised Dr. Cognawell's MEDICAL SALT, for Inflammatory Diseases only; and wanted me to read and see what I thought of it. I read and laughed at it, pronounced it a humbug, and told him that I had been humbugged enough. He kept urging me, and at last said I could but try it, and if I would write to Dr. C., giving him a description of my disease, he would pay the expense. Of course I could not refuse such an offer and sent for one lox. It came in due season, but my faith was not increased, and I laughed at refuse such an oner and sent to the ball. It is season, but my faith was not increased, and I laughed at the idea of so small a dose doing me any good, and told my wife that I believed Dr. C. and his Salt, both humbugs. the idea of so small a dose doing me any good, and told my wife that I believed Dr. C. and his Salt, both humbuga—However, I commenced using it and the result was perfectly astonishing. I could hardly realize it myself. I slept soundly all night, which I had not done for a long time, and when I swoke in the morning, strange as it may seem, I was entirely free from pain. I had then taken but one d.se, and bathed freely before going to bed. That morning I felt so well that I hardly knew how to contain myself, and went down stairs and told the folks how well I felt, and from that day to this I have not suffered one moment's pain or had an attack of my once dreaded enemy, Rheumatism. I am perfectly well and hearty, and wherever I have a chance I recommend it. A friend of mine, residing in Brooklyn, is now trying it for a bad case of neuralist rheumatism, and so far it is working admirably.—
This is a long story, but I have told all the facts, which I can bring witnesses to substantiate if necessary; and will again say that in the MEDICAL SALT, a sure cure may be found for all inflammatory diseases, and would arge all who are afficted to give it a trial. GEO. H. DUNCAN,

No. 117 Wall Street, New York.

When it is remembered that the MEDICAL SALT is as efficacious in all other Inflammatory diseases as in Rheumatism, (see descriptive circulars) it will at once be seen that it is a most valuable remedy. Surely those thus afficted will find in their own condition and in the above statements, enough to induce them to give the MEDICAL SALT a trial.

By examining the place itself, a correct judgment can be formed of the productiveness of the land. The terms are made easy to secure the rapid improvement of the land, which is only sold for actual improvement. The result has been, that within the past year, some three hunstores, some forty vinyards and Peach orchards, planted, and a large number of other improvements, making it a desirable and active place of business.

THE MARKET,

as the reader may perceive from its location, is the BEST IN THE UNION. Produce bringing double the price than in locations away from the city, and more than double the price than the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of millions.

In locating here, the settler has many advantages. He is within a few hours ride of the great cities of New Engis within a few hours ride of the great cities of New England and Middle States, he is near his old friends and associations, he is in a settled country where every improvement of comfort and civilization is at hand. He can buy every article he wants at the cheapest price, and sell his produce for the highest, (in the West this is reversed,) he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those from the north, has generally been to restore them to an excellent extent of health.

the north, has generally been to restore them to an excel-lent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the brick yard opened in the place, every ar-ticle can be procured in the place, good carpenters are at hand, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once be struck with the advantages there presented and ask himself why the memory has not there presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see land under cultivation; such is the extent of the settlement that they will no doubt, meet persons, from their own neigh-horhood; they will wit less the improvements and can judge the character of the population. If they come with a view to settle, they should come prepared to stay a day or two and be ready to purchase, as locations cannot be held on refusal. There are two daily trains to Philadelphia, and to all settlers who improve, the Railroad Company gives a Free Ticket for six months, and a half-price Ticket for three

years. In connection with the agricultural settlement, a new and thriving town has naturally arisen, which presents inducements for any kind of business, porticularly stores and manufactories. The Shoe business could be carried on in this place and market to good advantage, also cotton business, and manufactories of agricultural implements or Founderies for costing small articles. The improvement has been so rapid as to insure a constant and permanent increase of business. Town lots of a good size, we do not sell small ones, as it would effect the improvement of the place, can be had at from \$160 and upwards.

DR. M'LANE'S CELEBRATED VERMIFUGE LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lanc's Celebrated Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.: THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms. THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all Bilious Derangements, Sick FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make

a speedy and permanent cure. As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS,

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lanc's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to
