Good ADVICE.—As the season for garden-making and transplanting is near at hand, we take occasion to impress upon the minds of our readers, whether they own a patch of ground forty feet square or a dozen of acres, the importance of providing themselves with trees, shrubs. &c.. for planting. The value of a few fruit trees in a yard, and the beauty which they add, is a consideration which should not be overlooked .fruit trees and berries, especially, aside from the pleasure derived in their cultivation and addrament which they throw around the house, are often the source of much profit. Strawbernes, raspberries, gooseberries and the like, produce largely, and if not required for the concomption of the household always find a ready market at high prices. A grape vine, properly mined, will occupy but a few feet of ground, and yet produce a fair quantity of fruit. So, too, of blackberries, an excellent berry, easily cultivated, and very prolific, and many other fruits, that we might name, the plants of which are share of stock. That is the richest dividend we have heard easily procured, and which require but little

Dr. Bronson, having been so far reduced by consumption as to be considered beyond all hope of recovery by the most eminent of the modical profession, and also by himself—a regular physician of twenty years practice—as a last resort conceived the idea of ANALYZING THE BLOOD, and ap plying the subject of Physiology to the more immediate connection, and effect of the state of the Blood upon the connection, and effect of the state of the Blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which, Dr. Bronsen was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, Cough, Cold, Hendache, Palpitation of the Heart, Loss of Appetite or pain in the side, lose no time in procuring a bottle of the "BLOOD FOOD." If you are unffering from Nexyons Debulity or your Sleep is Broken you have a cough or cold, do not neglect it, you can cure it by a few doses of Dr. Keyser's sure to invigorate and bring it into lively and healthy ac-tion. Greveriers: Your note of the 15th inst., has been received saying that you heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair is auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crowu of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threating to make me hald. since a fourth was added to them, by hair falling off the top of my head and threatning to make me hald. In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could even be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose sensionity to the scalp, and dandrul ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.
