Those who, having items of interest, take special pains to avoid reporters and this class is by no means small swear to loudest at what they are pleased to call the supplicity of "the papers." And persons withhold facts from reporters, cau ing them to write items on the strength of flymeramor; they have no right to complain of errors. AROTHER. - A little con of Mr. Samuel Pollet, of this place, was severely stunned, on Monday last, by a fall of 20 or 25 feet from bors. You can get it at G. W. Kessler's, a tree in the yard attached to West Ward school house. He was picked up and carried home in an almost insensible state .-A physician was summoned who examined him but found no bones broben. Boys should be careful how they perform feats of sgility among the branches, as all may not escape so easily as this little fellow did, in case they come downbefore they are ready,

ANOTHER. - A machinist in the shops at this place, named Wm. Albright, had three of his fingers badly crushed, one day last week, of them amoutated.

ANOTHER.—A young man named Spayd, resi ding with his father, on the farm of Capt. Raney, near this place, met with a singular and ere accident on Wednesday last. He was sitting on the fence, watching some boys passing, when his feet slipped off the rail on which they were resting, and he was precipitated forward. He instinctively threw his hands forward to save himself from falling upon his face, which he succeeded in doing, but at the expense of his left forearm, both bones of which were broken off close to the wrist. The fracture, which was a most severe one, was reduced by Dr. Leisenring, but it will probably be some time before the young man will have the use of his arm .-

It has made our blood run cold to witness the recklessness and fool-hardy daring of some of the boys about the yard, in jumping off and on to moving trains. > RESIGNATION AND APPOINTMENT .- Gen. A. L. Roumfort, who has so ably conducted the transportation business on the Eastern Division of the Pennsylvania Railroad, for the last ten years, resigned his positon, as Superintendent of the Division, on Monday week.

To fill this vacancy, the company has selected Samuel D. Young, Esq., who was but recently appointed to the Superintendence of the Middle Division. This will of course involve the removal of Mr. Young to Harrisburg, and adds another to the catalogue of removals from our town, incident to railroad life, which we regret. Mr. Young came here a stranger, about three months since, but his affable disposition superinduced acquaintanceship and made friends of all whom he met. He is fully competent to take charge of the position assigned him, and will be a popular officer.

UNIVERRAL CONFIDENCE AND PATRONAGE. For Statesmen, Judges, Clergymen, Ladies and Gentleman, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testibere given; see circular for more, and is will be imper for you to doubt.

47 Wall Street, New York, Dec. 20th, 1866.
GENTLEMEN: Your note of the 15th inst., has been received saying that you heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it. certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it dus. My eight is about 50 years; the color of my hair is auburn, and inclined to curl. Some five or six years since it became turn gray, and the scalp on the crown of my head to lose turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these diagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off, the top of my head and threatning to make me bald.

In this unpleasant predicament, I was induced to try woods Hair Restorative, mainly to arrest the falling off to my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was however, greatly surprised to find after the mas of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and semifolity to the scalp, and dandruff censed to form on my hand way much to the scalp, and dandruff censed to form on my pensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose olicitation I was induced to try it.

For this, among the many obligations I owe to her sex, strongly recommend all husbands who value the admiretion of their wives to profit by my example, and use it if growing gray or getting bald. REN. A. LAVENDER. To O J. Wood & Co., 444 Broadway, New York. My family are absent from the city, and I am no longer at No. 1I Carrol Place.

Siamaston, Ala., July 20th 1800.
To Prov. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC the use of it. that I wish to make known to the Fubliat of its effects on the hair, which are great. A man or, woman man may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than-ever; at least this is my experience. Believe is all?

Yours truly, W.M. H. KENKEY. P. S.—Yours truly. W.M. H. KENKDY.
