## LOCAL ITEMS.

ANOTHER INVENTION .- Recent fires in New Vork. Philadelphia and other cities, in which persons in the upper stories of buildings have perished for want of some means of escape, has induced a number of persons to get up inventions which are termed "fire escapes," but all that we have yet seen noticed in the scientific papers, are lacking in some particular, being either too unwieldy, hard to manage, or unsafe. A few evenings since we were shown an invention of this character, got up by our townsman Mr. Andrew Clabaugh, which is entirely different from anything of the kind yet brought out. and possesses the merit of occupying a smaller space, when out of use, than any of the others. and requiring so little time to adjust it to any beight. In size and shape, when not in use, it resembles a common fire engine. It is constructed with a platform on top, on which a half-a-dozen persons can be elevated to a height of 70 feet in a few moments. The frame work which elevates the platform, will be made of iron and will also form a ladder, which, by means of a gearing at the bottom, can be thrown to any angle, and on which persons can ascend and descend with the same rapidity that they could on a common ladder. This "escape" will be so secured as to make it perfectly safe.-Those who have seen it pronounce it good. Mr. C. has sent on his model and applied for a patent. When he obtains it, we shall have more to say of the invention.

PROMOTED .- It ever gives us pleasure to note the promotion of young men to responsible positions, when we know them to be well qualified for and deserving of such promotion; and for this reason we take pleasure in recording the election of our young friend, Robt. Pitcairn, to fill the office of Superintendent of Middle Division, P. R., to take effect to-day (Wednesday.) He has been connected with the Road for the last eight or ten years, and commenced life thereon, like his colleague on the Western Division, as errand boy and telegraph operator, consequently he has risen step by step until he has reached his present position. His familiarity with the working arrangements of the Road fitted him for the position and a better selection could not have been made. Here again, as in the case of Mr. Carnegie, is an incentive to those boys, who now occupy the positions once occupied by them, to endeavor to arrive at the domitable perseverance.

More Good WHEAT .- On Saturday last. Mr. Thomas Crissman left with us specimens of three different kinds of wheat, which equal that left with us by Mr. McGlathery, a few weeks since, and which has not been excelled by any we have seen noticed in our exchanges. Mr. Crissman left us a head of white blue stem which measured 61 inches in length and contains between 96 and 100 grains, -a head of Mediterranean wheat between 5 and 6 inches in length which contains 96 grains-and 8 heads of common red wheat, which, although not so large as we have seen, are exceedingly well filled with large, solid grains. He informs us that from one head of this wheat he took 111 grains .--Talk about the mountains around Altoona being poor and unproductive. Lancaster county can hardly beat the above. Can any of our exchanges beat it.

M'ALISTERVILLE ACADEMY, JUNIATA Co., PA. -This Institution has been under the control of the present Principal, Geo. F. McFarland, for nearly two years, and the liberal patronage extended to it is an evidence of its worth. We have had good opportunities of examining every department of the Institution, been present at recitation and studying hours, at the society connected with it and the regular series of lectures delivered before it, and we must say, that for excellence of government, and efficiency of instruction, we have never seen it excelled .-The Principal publishes a thirty-two page pamphlet four times a year which is called the "Student's Quarterly," and which is a very creditable work. The Fall Session commenced July 24th. 1860.

Next to a good wife, every man likes to to pay costs. have good bread. Even if the first be bad and the latter good, he has a little pleasure, about meal time. Flour, such as will make good bread, is sometimes hard to be had, but a lot which we lately received from the steam mill, in this place, will make good bread, if it has any chance at all. Our better-half has given it sevtral trials and found the result always the same, and now pronounces it excellent. The proprietors of the steam mill intend to keep a good

The Court adjourned on Friday morning. consumed. Mr. Faddle had just finished housing

A HANDSOME CAR. - Within the past week. one of the most magnificent cars to be found upon any railroad in this country, has been finished in the shops in this place and is now ready for the road. The first trip with it was made to Huntingdon and back, on Saturday last, when it was found to ride exceedingly smooth. The car is designed exclusively for the use of the Board of Directors of the road. It will always be run as the last car on the train, and is built after the following fashion :- It is divided into three compartments—the first, or front compartment is intended for a refreshment room, containing a table, stools, and all the necessary perquisites for comfort and convenience. The table is fastened to the floor by sockets, so that it cannot be upset by the jolting of the car while in motion. Adjoining this is a pantry in which to stow away the viands. The central part of the car is fitted up for a sleeping-room, and is supplied with Woodruff's patent couches. It contains twelve berths-six on each side. Here also are water, toilet arrangements, etc., all most ingeniously contrived for the use and convenience of the Di rectors. The last compartment of the car is no more nor less than a small parlor, fitted up in the latest style, with seats for twelve guests. The sides of this car are decorated with landscape paintings, representing scenery along the Pennsylvania Railroad: while on the rear end of the car is a platform, surrounded with iron railing, sufficiently broad to allow the whole of the Directors to stand or sit upon to view the road. while the train is in motion, without any danger. Everything inside the car is finished in the most elegant style, making it a model of neatness as well as convenience. The car was got up by Mr. C. R. Hostetter, the Foreman of the car shop in this place, and the arrangement of the conveniences are principally of his designing. The landscape paintings were executed by Mr. Ralph Greenwood, Foreman of the paint shop, and are very handsome and life-like. The car is a model and highly creditable to all engaged in getting it up, and worth a visit to

HEAVY RAIN-DANAGE FROM LIGHTNING .- On Sunday evening last the heaviest shower of rain we have had this season, passed over this place, accompanied by very sharp lightning and thunder. During the shower, one of the brick houses belonging to Mr. C. Jaggard, on Harriet street, East Altoona, was struck by lightning.-The fluid entered through the roof, tearing it considerably, thence through the attic floor, also tearing it up, and from thence it passed down and out of the house through a gas pipe .--Strange to say, fire was not communicated to the building. Fortunately the house was unoc-

The Prince of Wales is now in this country, and as he intends visiting Cincinnati and other western cities, he will most likely pass through this place on his way to or from he West. As he is a lover of luxuries, of course he will drop in at Taylor's saloon, next door to the Bank, and partake of a saucer of the delicious ice cream there manufactured, or a plate of those fine Cove Plant Oysters always on hand, and wash down with one of the many ice cool drinks served up on short notice, besides filling his pockets with confectionaries, &c., selected from the good stock kept in this estab-

Pic Nic .- The members of Veranda Lodge, I. O. of O. F., will hold their Third Annual Pic Nic in one of the groves contiguous to this place, same round in the ladder of promotion,—the se- on Saturday, August 18th. The Committee of cret is, upright conduct, strict integrity and in- Arrangements is composed of men who can get up such an affair in good style, and the list of Managers contains the names of our best citizens. From the fact that Floor Managers are announced, of course there will be dancing in the programme. The music will be furnished may be expected.

> The reservoir of the Altoons Gas and Water Company is now being raised three feet higher. This will enable the Company to supply water in some localities where it is wanted, but cannot be forced, on account of the head little injured by the tremendous leap. The experiment being too low.

MRS. WINSLOW, AN EXPERI-SOOTHING SYRUP, FOR CHILDREN TEETHING.

which greatly facilitates the process of toothing, by softening the gums reducing all inflammation will allay pain and spasmodic action, and is sure to regulate the Bowels.

Depend upon it mothers, it will give rest to yourselves, and Relief and Health to your Infants.

We have put up and sold this article for over ten years, and actions are the party of and can say, in confidence and truth of it, what we have never been able to say of any other medicine—nover has it never been able to say of any other medicine—nover has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by used. Never did we know an instance of disastisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of lighest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the mistered.

This valuable preparation is the prescription of one (

This valuable preparation is the presemption of one emost experienced and skillful nurses in New England d has been used with never-failing success in thousand of cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Griping in the Bowels and Wind Colic, and overcome convulsoins, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhose in children, We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your pre-judices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, abso-lutely sure—to follow the use of this medicine, if timely sed. Full directions for using will accompany each be e. None genuine unless the fac-simile of CURTIS tie. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by G. W. Kessler and A. Itoush, druggists, Altoona. Price 25 cents per bottle.

## THE ONLY PREPARATION

Having Proofs so strong and direct as to EXPEL THE DOUBTS OF ALL.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray and from falling to any age, as well as restore. Read the Oak Grove, S. C. June 24th, 1859. PROP. O. J. WOOD: Dear Sir :- Your Hair Restorative

rapidly gaining popularity in this community. They had occasion to lay prejudice aside, and give your Hair Restorative a perfect test :-During the year 1854; I was so unfortunate as to b thrown from my sulky against a rock near fibe road-side from which my head received a most terrible blow; can ing a great deal of irritation, which communicated to the and external surface of the head, from the effects of bit'd and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man in well, and, as I thought, understanding the

nature of the disease, but was finally defeated in every precription advanced. ription advanced.
These and no other circumstances induced me to resort to your worthy Hair Regionative, which I have every rea son to believe, produced a very happy result; two mo after the first application, I had an beautiful a head of young nair as I ever saw, for which I certainly owe you my nost sincere thanks. Rest assured, dear sir, I shall young hair as I over saw, for which I certainly recommend your remedy to use my influence, which I flatter myself to say, is not a

You can publish this if you think proper.
Yours, very respectfully, M. J. WRIGHT, M. D. Office of the Jeffersonian, Philippi, Va., Ded. 12th, 1858.

Dear sir.—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compalled to work as in the was in the was a work as in the was in the was in the yer,) has been baid ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and some head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Your, &c., THOMPSON SURGENOR.

DR. Wood: Dear Sir: Permit me to express the obliga-Dr. Wood: Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to
its original color; about the time of my darrival in the
United States it was rapidly becoming gray, but upon the
application of your "Hair Restorative" it soon recovered
its original hue. I consider your Restorative as a very
wonderful invention, quite efficacious as well as agreeable.

S. THALBERG.

The Restorative is put up in bottles of three sizes, viz:
large, medium, and small; the small holds % a pint, and
retails for one dollar per bottle; the medium holds at least
twenty-per cent, more in proportion than the small

retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3.

BŒRHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR-

DYSPEPSIA. DISEASE OF THE KIDNEYS. LIVER COMPLAINT, WEAKNESS OF ANY KIND, FEVER AND AGUE,

And the various affections consequent upon a disordered STOMACH OR LIVER. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Hearburn, Loss of Appetite, Despondency, Costivences, Mind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided curs. This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Berhave. Its reputation at home produced its introduction here, the demand commencing with Moland Professor, Borhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose mattitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat instantaneous in enect, it must let way directly to the seasof life, thrilling and quickening every nerve, relaing up the drooping spirit, and, in fact, infusing new health and vigor in the system.
