LOCAL ITEMS.

A NEW FEATURE IN RAILROAD ACCOMMODA-TIONS.—The Harrisburg Telegraph says :- Every day brings something new in the way of accommodations for Railroad travelers. First came the smoking car, then the sleeping car; and now we have the restaurant car introduced by the Lebanon Valley Railroad Company, which, like the others, is bound to become a popular institution. This car, supplied with every variety of refreshments in the eating and drinking line, is attached to the through train between Harrisburg and New York city, affording passengers ample opportunity for appeasing their thirst and hunger without leaving the cars for that purpose. The restaurant car, now in charge of Mr. Mann. was put upon the road as a simple experiment; and we have no doubt it will ultimately succeed and prove a source of great pecuniary profit to the originator of the novel idea. There is great danger in passengers leaving a train, at stations where brief stops are made, to obtain refreshments. Accidents may occur, or they may miss the train and be left behind. The restaurant car obviates all danger and difficulty, and is, therefore, a desideratum in railroading.

Pic Nics.—The Odd Fellows' Pic Nic, noticed some weeks since, will be held in the grove west of town, near Miller's school-house. Those who intend participating in the festivities of the day will meet at Veranda Lodge room, in Patton's building, at 8 o'clock. Persons attending from East Altoona, will have their baskets of provisions at Hamilton's store, at half past seven o'clock. Those of West and North Wards will have their baskets at the Lodge at the same time. We hope our friends may have a pleasant day for their pic nic.

Beale's woods, to-day (Thursday). The arrangements for this affair have been quite extensive, start from the Hall at 8 o'clock.

Examination of Teachers, &c .- On Saturday last, Supt. Mitchell held on examination in one of the East Ward school-rooms, of teachers who were applicants for the public schools in this place. Some 16 teachers were examined, most of whom received dreditable certificates.-In the evening the School Directors met and made the following selection of teachers for the session commencing the first Monday of Septem-

SWEDISH MOTHER'S HYMN.—Mary Howitt (geatle Mary Howitt, as she is sometimes called) has translated from a favorite Swedish author the following beautiful hymn, sung by the mother to her children just before the "good night"

There sitteth a dove so white and fair, All on the lilly spray, And she listeneth how to Josus Christ The little children pray.
Lightly she spreads her friendly wings

And to Heaven's gate hath sped, And unto the Father in Heaven she bears The prayers which the children have said. And back she comes from Heaven's gate,

And brings—that dove so mild—. From her Father in Heaven who heard her speak, A blessing on every child. Then children lift up your pious prayer, It hears whatever your sey, That Heavenly doye so white and fair, All on the lilly spray.

Excine House.—Workmen are now engaged a preparing the foundation for a new building to be erected on the site of the old Branch road, in East Altoona, immediately opposite Ickes' ctore. The building is to be frame, 25 feet first floor room is intended for the engine of the thing to avert the consequences they fear. Good Will Fire Company, and the second story for a hall for meetings, concerts, &c. The building will be finished in a style which will mak e it an ornament to the place.

PUBLIC IMPROVEMENT. We learn from the Hollidaysburg papers that workmen are now engaged in putting in vaults in the Court House at that place, for the better securing of the books and papers of the county. This measure of precaution is taken by the Commissioners, at the suggestion of the Grand Jury, and with the approval of the Court. · Although it may prove costly now, it will guard against a loss far greater than the cost, should the building ever

ENCAMPMENT.—Brig. Gen. Williams has ordered the several military companies, staff offiters, and all members of the 4th Brigade, 16th Division, Pa. U. V., to attend an encampment at Williamsburg, in this county, commencing on the 17th of September. A cordial invitation is given to all neighboring military companies to join in the encampment.

DEMOCRATIC MEETING .- On the return of the members of the State Committee and others, from the meeting at Cresson, on Thursday evening last, a meeting was held in front of the Logan House, and addresses were delivered by W. H. Welsh, Esq., Chairman of the State Committee, and others. No notice had been given of the meeting, consequently it was small. The Altoona Brass Band was out and played a couple of tunes.

BOOK AND MUSIC STORE.—Our young friend Caughlin, across-the-way, has just returned from the east with a large assortment of books of all kinds, embracing all the books used in the schools in this place and vicinity, together with a good assortment of musical instruments, and notions of different kinds. See his advertisement in

GIFT BOOK STORE. - Mr. M. A. Hunter has returned to this place, and opened his Gift Book Store next door to O'Donnell's Tailor shop, on Main st. Mr. H. has on hand an excellent assortment of books, among which are large and handsome family Bibles, and most of the standard works, historical and literary. POSTPONEMENT. - The concert to be given by Prof. Henry, this (Thursday) evening, has been postponed in consequence of the illness of one of the ladies who was to take part therein.

Exhibition.—The scholars and teachers connected with the Methodist Sunday School in this place, are preparing to give an exhibition some time in the early part of September.

The Methodist Camp Meeting, at Bell's Mills, will commence on Friday week, 24th inst. The Penn'a R. R. have tendered the use of their cars, free of charge, for conveying tents, &c., to the ground. Excursion tickets, we presume, will be issued from all stations on the line of the oad, in the county, to the camp. Quite a number of persons from this place will be in attendance, should the weather prove favorable.

We are not vain enough to imagine that the raising of any ticket to our mast head would have much effect upon the result of the election; but our reasons for thinking our neighbor over-the-hill would like to see the Republican ticket at our mast head is, that he has so long styled the Tribune an opposition paper, without being able to Altoona Division, S. of T., holds a pic nic in prove it, that his readers will begin to think as we do, that he has been "fibbing."

A WIDOW'S PRAYER .- One of our exchanges states that recently a violent storm passed along | they brought with them. the valley of Yellow Creek, in Indiana county The wind was terrific and devastating, and embraced a belt of land about a mile wide. Houses and fences were prostrated, and large forest trees were uprooted. In the severest of the tornado stood a small cabin, occupied by an aged widow and her son. A very large tree in front of her little cabin was so twisted and beaten by the gale that she feared it would fall and lay her hut in ruins, and perhaps bring death as well as desolation. While the storm was raging, and timber fulling in every direction, the old lady knelt and prayed fervently that the tree might be spared. A writer, who afterwards visited the spot, narrates the incident and adds: "The tree was spared-and, strange as it may seem, it was the only tree within a considerable distance of the widow's cabin."

SNAKE CHARMING.—The Rochester (N. Y.) Union mentions a case of snake charming. A little girl has become so fond of a brown snake, and the snake so fond of her that when they meet in the yard they run to each other with all the apparent emotions of friendship and attachment that can exist between two living beings. The little girl is growing thin on it and the snake fat. The parents feel much alarmed, and lesire to remove their little girl from the fascinating influence of the snake without prejudice to her health and her existence. They have been told that it is dangerous to take any sudden wile by 50 deep, and two stories high. The step in the matter, and have not yet done any-

PENNSYLVANIA STATE DEBT.—The fourth instalment of the interest due and payable on the funded debt of Pennsylvania, and which, on the first of December, 1859, amounted to \$38,688,-961 07, was punctually paid, as usual. The balance in the treasury, on the 1st of July, after providing for the interest, amounted to \$862. 402 27, so that the balance left in hand, upon a moderate calculation of the incoming receipts, will amount to about \$1,000,000! This is a very handsome exhibit of the financial affairs of this State, and certainly the most flattering one since she disposed of her public works.

An Incident.—During the performance at the Pittsburgh theatre, on Thursday evening, one of the ushers was seen carrying a huge cake through the audience, and upon reaching the stage, he placed the offering in front of the leader of the band, Mr. Sanford. Sam seemed taken all aback; but a note, accompanying the cake, explained the matter, and brought down the house. The ner on the passage! "Why," replied the skipper, "we altroupe had visited the pic nic, on the previous day, held at Iron City Park, for the benefit of wag; "then I see you have been well supplied with provithe poor, and as they had patronized the stands | sions this trip, at all events." with becoming liberality, the lady managers took this method of acknowledging the favor.

Mar In dancing, it is said, the Prince of Wales only gives the lady his left hand, and she is not permitted to take his right, it being contrary to the ctiquette due from a subject o the heir apparent to the throne, the next in rank to the reigning sovereign. This may do in the British Colonies, where all are "subjects," but here, where the ladies are sovereign, as well as their lords, such etiquette will not answer. It was contrary to etiquette for the Japanese Prince to give either hand to a lady, but the ladies did not mind etiquette, and seized his dexter hand whenever they luid an opportunity.

Depend upon it mothers, it will give rest to yourselves, and Relief and Health to your Infants.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its unagical effects and medical virtues. We speak in this matter "what we do know." after ten year? expense dation of its unagical emects and medical virtues. We speak in this matter "what we do know," after ten years' expe-ricace, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the in-fant is suffering from pain and exhaustion, relief will be ound in fifteen or twenty minutes after the syrup is ad-

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in thousands It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Griping in the Bowels and Wind Colic, and over-come convulsoins, which, if not specify remedied, end in death. We believe it the best and sweet remedy in the world, in all cases of Dysentery and Diarrheen in children, whether it arises from teathing or from any other cause.—
We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your pre-judices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, abso-lutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS. New York, is on the outside wrapper.

apidly gaining popularity in this community. I have had occasion to my prejudice aside, and give your Hair Research During the year 1854. I was so unfortunate as to be thrown from my sulky against a rock near the road-side, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the rain and external surface of the head, from the effects of brain and external surface of the nead, from the enects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced. These and no other circumstances induced me to resort o your worthy Hair Resorative, which I have every reason to believe, produced a very happy result; two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you

Yours, very respectfully, M. J. WRIGHT, M. D. Office of the Jeffersonian, Philippi, Va., Dec. 12th, 1858. Dear sir.—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a law-yer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he new has a hand-some head of hair. The gentleman's name is Bradford, and some head of nair. The genticinan's name is Bradioru, and as he is very well known in our adjoining counties, many persons cin testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deaf of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,
THOMPSON SURGHNOR.

The Restorative is put up in bottles of three sizes, viz: large, medium, and smull; the small holds 1/6 a pint, and retails for one deliar per bettle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large liolds a quart, 40 per cent. more in proportion, and retails for \$3.
