August 6th, 1860. To Geo. C. Franciscus, Samuel D. Young, Chas. B. Seely, Benj. F. Rose, Chas. A. Nauman, Andrew Carnegie, Committee-GENTLEMEN: I have this day received

magnificent service of plate that was placed in your charge for presentation to me by my late co-workers in the operating department of the Pennsylvania Railroad, as a testimonial of their regard and esteem. Please convey to the parties you represent, my sincere acknowledgement for the manifestation of their regard, and for the generous spirit with which it is proffered. To the consciousness of having labored faithfully for years past in the service of the Company is now added the gratifying evidence that I have also secured the approbation of those with whom I have been associated. I shall value the beautiful gift chiefly as an evidence of the appreciation and approval of my fellow laborers. Its use upon the family board must always recall cluster around it. BELL'S MILLS CAMP MEETING.—The arrangements for the camp meeting at Bell's Mills are now completed. Excursion tickets, good on all trains which stop at that station, will be issued from all stations on the Penn's R. R. between Hollidaysburg and Spruce Creek. Two excursion trains will run from this place to the camp ground on Sunday, one in the morning and the other in the evening. The first train will leave Hollidaysburg at half-past eight o'clock in the morning, pass this place at 9.15, and arrive at Bell's Mills at 9.45. This train will also run to Spruce Creek and return. The evening train will leave this place in time for evening service at the camp, remain at the ground until 9.25, when it will leave for Spruce Creek. Returning, it will pass Bell's Mills at 11 o'cloc'k, arrive at Altoona at 11.30, and at Hollidaysburg at 12.00

I. O. of O. F. Pic Nic .- The Third Annual Pic Nic of Veranda Lodge, No. 532, came off on Saturday last, in the grove near Miller's school house, west of town. The day was delightful, and the turn-out of members and ladies quite large. We arrived on the ground about noon and found the large platform filled with ladies and gents "tipping the light fantastic toe" to most excellent music discoursed by the Harrisburg String Band. In a short time dinner was announced, and with that hospitable liberality which characterizes our people, we were invited to a number of tables. Of course we could not respond to all the invitations, and to particularize would be invidious; therefore we will only add that we partook of as fine a repast as ever was ever served up in the woods. After dinner the bugle again called the dancers to places, and from half past one to six o'clock all all "went merry as a marriage belle." The best feeling prevailed, and good order was maintained throughout.

S. of T. Pic Nic.—We visited Beale's Woods on Thursday afternoon last, to see how the "cold water party" were enjoying themselves and we were fully convinced that they did not need the aid of spirits to make everything pass off pleasantly. There was a large turn-out of ladies and gentlemen connected with the Division, and the good things provided for the occasion were amof the participants.

Address .- We learn that our townsman, Col. L. W. Hall, will address the citizens of this place and vicinity, on the political questions which now agitate the country, on Friday evening next, in response to an invitation from the Peoples' Party Club. Let the members of all

The wound, it was soon discovered, was a serious one, and at about one o'clock on the same night he died. Osborne was arrested, and the next morning brought to jail, where he awaits trial. Both men are said to have been sober, and previously on good terms. Osborne has a wife and three children. Meadville was unmarried, but was the support of an aged and dependent mother. Register.

MAN KILLED.-Yesterday afternoon, says the Harrisburg Patriot and Union, of the 21st inst., a man was killed on the railroad about a mile and a half this side of Lewistown, by being struck by the locomotive of the mail train coming east. It appears that the man was walking on the track, and got out of the way of a freight train going west, by standing upon a tie on the down track. The mail train rounded a curve and was almost up to the man before he was observed by the engineer. He sounded the whistle, and just as the man turned, the corner of the engine bumping-beam struck him in the breast, the force of which threw him against an embankment, from which he rolled down within a few inches of the track. The dead body of the man was taken to Mifflin by Conductor Barto. On the person of the deceased was a copybook, in which was written the name of A. Nebit, beyond which there was nothing to identiiy the man. From his dress it was supposed that he was an itinerant mendicant, but he had no bundle with him, and nobody about Misslin could recognize him.

> VOCAL AND INSTRUMENTAL CONCERT .- Prof. Francis Henry will give a vocal and instrumental concert in the Altoons Academy school-room this (Thursday) evening, at 8 o'clock, at which he will be assisted by Prof. A. F. Lejal, a celebrated pianist, and two ladies of Pittsburgh, who are talented vacalists. Prof. Henry says the concert is to be no humbug, and with the array of musical talent engaged we don't see how it could be other than successful.

> Fine Pluns.—Yesterday morning we found a little package attached to the knob of our office door, directed to the firm. On opening it we found it to contain eight large blue plums attached to one stem. A note accompanying stated that there had been six more plums on the same stem, but they had dropped off. The stem which held them was not over two inches long. It must have been worth looking at, ere it was broken off. As we are pretty good at solving conundrums, problems, &c., it did not take us long to discover whence the fruit came. Reading backwards and upside-down is part of a printer's trade.

TEACHER'S ASSOCIATION.—The Teacher's Association of this county met in this place last week, but as we had not time to attend it and have not been furnished with a copy of its prodeedings we can not say how it passed off. A meeting was held in the Baptist Church on Friday evening, at which Prof. Miller read an essay, which is highly spoken of, and Mr. Alex Clark, editor of the School Visitor, delivered an address which abounded in literature, poetry, touching passages and mirth provoking anecdotes and personations.

Constable Ely has received an appointply sufficient, and in great variety. The affair | ment from the Pennia R. R. Accidents -- Philip Farbauch, an employee at McNamara's rolling mill, was severely injured about the back and shoulders, on Thursday last, by the falling upon him of a derrick.

Wm. Stone, of the Gaysport Foundry, sustained a severe injury to one of his legs on the same day. He was assisting to remove a heavy casting which accidentally slipped off the rollers and rolled over his leg. The limb was painfully bruised but fortunately no bones were broken.

THE PEACH BORER.-Mr. John Hays, of Hollidaysburg, informs the Register that he has tried coal tar (obtained at the gas works) for two years past, as a remedy for the Peach Borer, with entire success. He dug a little basinabout the root of the tree, raising the rim a couple of inches, and poured into it say a pint of the tar renewing the application early in the spring.

A CARD.

ALTOONA, Aug. 16th, 1860. To the President and Delegates of the Democratic County Convention:

I am informed that the party to which I am attached, chose, at their late County Convention, to nominate me as a candidate for the office of County Commissioner. Highly as I appreciate the honor thus conferred, I must beg leave to decline the nomination. I do this because of the duty I owe to my employers—to faithfully perform the work allotted to me by them-which I could not do in the event of my accepting this nomination, or of my being elected to the office of County Commissioner. Please accept of my declination and oblige

Yours very truly. GEO. B. CRAMER.

NOTICE. To all whom it may concern.—The subscriber begs leave respectfully to make known to the citizens of Altoona and vicinity that he has purchased the stock, good-will and fixtures of Mr. Barnes' News Office, next door to the PostsOffice, where I intend to continue the business as a branch of No. 1, on Main Street. I am induced to keep this place open solely for the accommodation of those who have to go to the Post Office, and find it more convenient to call here than at my old stand. This branch will be continued, provided it pays; if not, I shall concentrate the business at

I predicted, less than one year ago, to some of my friends, that more than one news office could not be sustained in that more than one news office could not be sustained in this place as it should be, and the sequel has proved the VIQLINS, GUITARS, BANJOES. ACCORDEONS,

Now that I have obtained the sole control of the news and periodical business in this locality, I hope my friends will not imagine that in consequence of my position I will attempt to extort, or take advantage of their necessities .-Not at all. On the contrary I intend to pursue a liberal policy, so that there may be no cause of complaint or room for competition. I will sell all papers and periodicals at publishers prices to my customers.

I would state, furthermore, that I have obtained a lease from the P. R. R. Co., to run news boys on the trains on the Middle Division of the road, extending from Mifflin to Johnstown, giving me greater facilities for accommodating the citizens of Altoona and vicinity, by having the passenger trains as an outlet for surplus stock, and I will there- that he has removed his by be enabled to keep a full supply of all kinds of papers and periodicals that may be wanted by the public generally. I would also state for the information of those who cannot make it convenient to call at my place of business for daily papers, that if they will leave me their names and residence, I will have them delivered to them regularly, as I employ a boy exclusively for that purpose.

And now last, but not least, I will publicly announce that from and after the 10th of September next, I shall adopt the CASH SYSTEM in my business. I give this timely notice of my intention so that all whom it may concern may be prepared for the time. After four years experience I am satisfied that the credit system, as indulged in Altoona, is a humbug, and all business men will bear me out in the assersion. I am sorry that I am compelled to persue this course, as the great majority of the community are whole-souled, clever, and true men, but there is a lot of graceless scamps who take advantage of this system, get whatever they desire to any amount that dealers may choose to trust them, and when pay day comes they find themselves unable or unwilling (it don't matter which, so far as the dealer is concerned) to pay; and of course they are seen no more. By this system, I venture to say, that nearly every merchant and dealer in the town loses at least one fourth of his sales every month. This at least is my will positively carry out my intentions after the date above mentioned. I shall put this ball in motion amidst the taunts and jeers of my opponents, and in the language of Lest my motives should be misconstrued, in adopting this eystem, I would simply say that I have had it in contemplation for more than three months. Mr. Barnes first suggested to me the propriety of such a course, giving as his reason that if he continued to trust he would have to shut up; and in fact it was this very credit system that compelled him to abandon the business. Now I hope no for arguments instead of hard words has ar- fitted up quite tastily, both outside and in, and one will impugn my motives by presuming that I have rived, and Col. H's address will be of the for- will wait upon his customers as cheerfully as my own hands. Not at all. We have put up and sold this article for over ten years, when you are soldened and renth of it, what we have and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighte with its operations, and speak in terms of highest commen-dation of its magical effects and modical virtues. We speak in this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the in-fant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is ad-This valuable preparation is the prescription of one of

the most experienced and skillful nurses in New England, and has been used with never-failing success in thousands It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Griping in the Bauels and Wind Colic, and over-come convulsoins, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in children, whether it arises from teething or from any other cause.— We would say to every mother who has a child suffering from any of the foregoing complaints-do not let your pre judices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Oak Grove, S. C. June 24th, 1859.

Prof. O. J. Wood: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a professional section. torative a perfect test :-During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the road-side, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappear ance, I employed everything I could think of, being a pro-fessional man myself; and, as I thought, understanding th nature of the disease, but was finally deleated in every prescription advanced.

These and no other grounstances induced me to resort to your worthy Hair Resorative, which I have every reasou to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I over saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; m use my influence, which I flatter myself to say, is not a

Dear sir.—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald over since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which ha liked was much, and against result a line of the above the labels his very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handnair grew out-quies auxuriantly, and no now has a same-some head of hair. The gentleman's name is Bradfort, and us he is very well known in our adjoining countles, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your link Restorative in this and the adjoin-ing countles if you have the propor agents. Your, Ac. ing counties if you have the proper agents. Yours, &c.,

DR. WOOD: Dear Sire Bormit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

S. THALBERG. The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds is a pint, and retails for one dollar per bottle; the medium holds at least retails for one doffar per bottle; the medium noises at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3.
