The great celebrity and the increasing demand for this unequalled preparation, convince the proportion of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dendryf and other cutanicous diseases, causes the hair to grow in wriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become hald, causing it to yield a fresh covering of hair.

HOSTETTER'S STOMACH BITTERS. weeks was the suns the same same

The proprietors and manufacturers of HOS TETTER'S CELERRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and dittens generally of the United Stiles been se the arricle has attained a reputation heretofore unknown. A few facts upon this point will speak, more powerfully than volumes of bare assertion or bluroning pullery.

The consumption of Hester's Stendard Dissters for the hist year amounted to over a halfmillion bottles, and from its manifest stendy increase in times past, it is evident that during the coming year the consumption will reach near one million battles. This immense amount could never have been sold but for the rare medicion i properties contained in the preparation and the sunction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Litters to their patients, but are ready at all times to give testimenials feits efficacy in all cases of stomachic derangements

and the diseases resulting therefrom.
This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring he time itself.

Ilosietter's Stomach Bitters have proved a Godsond to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be shie to state confidently that the "Bitters" are a certain cure for the Dyspensia and like diseases, is to the proprietors a source of unalloyed pleasure: It removes all morbid matter from the stoniach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Efficily persons may use the Bitters daily as per directions on the battle, and thoy will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic and rejuveniting generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the triak. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear un under her exhausting trials and responsibilities. Nursing mothers generally prefer the Hitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength. All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoa, dysentery, indigestion, loss of appetite, and all discuses or derangements of the stomach, supernunnated invalids, persons of sedentary occupation, and mirring mothers, will consult their own physical welfare by giving to Hoser's Celebrated Stomach Bitters a trial.

CAUTION. -- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetten's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the
