WHAT STATES NULLIFY THE CONSTITUTION?

The National Intelligencer some time since announced its intention to carefully examine into the statutes of the Northern States, and see which of them had passed laws having a tendency to nullify, in any manner, that clause of the Constitution regarding fugitives from labor. The only States which, according to the Intelligencer, have passed unconstitutional laws in relation to fugitive slaves are Vermont, Massachusetts, Michigan and Wisconsin. A gentleman from Massachusetts has, however, since satisfied the Intelligencer that his State does not in any manner nullify, but that her statutes are based strictly on the Prigg decision. So that it seems there are only three delinquents remaining. We learn with pleasure that this high authority has pronounced the Pennsylvania law constitutional. "The theory of the Pennsylvania law," it says, "is founded strictly upon the decision of the Supreme Court of the United States in the Prigg case, and does not interfere with the functions of the Commissioner appointed under the United States law."

Don't TAKE THEM.—The notes of the following Pennsylvania Banks are quoted as sale in Philadelphia. They have all gone under in the financial crisis which is now sweeping over the country: Bank of Commerce, Erie. Bank of Crawford Co., Mendville. Bank of Lawrence Co., New Castle. Erie City Bank, Erie. McKean Co. Bank, Smithport. Monongahela Valley Bank, McKeesport. North Western Bank, Warren. Tioga County Bank, Tioga. The Corn Exchange Bank, Philadelphia, gives notice that the notes of the Shamokin Bank will no longer be redeemed at its counter.

NATIONAL FAST DAY.—In response to "numerous appeals by pious and patriotic associations and citizens, and in view of the present distracted and dangerous condition of the country," the President recommends that Friday the fourth day of January be set apart "as a day for humiliation, fasting and prayer throughout the Union," and that the people assemble on that day, according to their several forms of worship, to keep it as a solemn fast, and "with deep contrition and penitent sorrow, unite in humbling ourselves before the Most High, in confessing our individual and national sins, and in acknowledging the justice of our punishment;" and also to implore Divine aid in preserving the Union and saving us from the horrors of civil war.

TALL THROWING.—The little steam fire engine owned by the "Hope" Company of Philadelphia, was recently on a visit to New York and astonished all Gotham by her performances. There were nine steamers present on the occasion, but one only, the "Southwark," would play with the Philadelphia. The "Southwark" threw a stream over a pole one hundred and eighty-seven feet high, while the "Hope" threw a single stream forty feet over a pole, two hundred and twenty-seven feet high, two streams ten feet over a pole, one hundred and ninety-seven feet; four streams one hundred and thirty feet. The playing of the "Hope" was superior to any previously seen in New York, and elicited general praise.

CLEARFIELD COUNTY BANK.—This institution, the first under the new banking law, went into operation last week, the notes having been procured from the Auditor General, by whom they are counterfeited. The notes, according to the Harrisburg Telegraph, are really beautiful. The vignettes of the V's represent a raft, with the hands "pulling it off" the bank of the stream. A woman and child are also seated on the raft, alongside of the shanty. The vignette on the X's is a forest scene—men cutting down trees, and a saw mill in the distance. Stock has been deposited with the Auditor General for the whole amount of notes that will be issued, less five per cent, as provided by law.

It will be seen by reference to the Prospects of the New York Ledger, which will be found in another column, that the proprietors of that popular weekly has secured an array of distinguished contributors for his paper for the New Year such as has never been equaled by any publication in the world. The Ledger is always characterized by a high moral tone, and has a circulation larger than that of any other ten literary journals in the country.

REPORTS FROM SPRINGFIELD.—Springfield, Ill., Dec. 16th.—The Hon. Edward Bates had an interview with the President elect to-day, and it is said was formally offered the Secretaryship of the Interior in Mr. Lincoln's Cabinet. Mr. Bates is strongly opposed to secession, saying that it is treason and must be put down, and the authority of the government maintained at all hazards.

THE CENSUS OF PENNSYLVANIA.

Table with columns: COUNTY, POPULATION, 1850, 1860, Rate, In. per. cent. Lists counties from Adams to York with population figures and rates.

\*Part of Montour county was re-annexed to Columbia in 1858.

Congress has appointed a committee of thirty-three, one man from each State, to take into consideration the state of the Union and hear by their action the breach existing between the North and the South.

HARRISBURG AND LANCASTER RAIL ROAD.—The Harrisburg and Lancaster of a recent date, contains the following:—A meeting of the Stockholders of this company will be held in Philadelphia on the 27th inst., for the purpose of accepting or rejecting a contract for a more permanent lease of their road to the Pennsylvania Central Railroad Company.

Fort Moultrie, according to a writer in a South Carolina paper, is not neglected. During the political movements the garrison at the Fort have greatly improved the exterior defenses, apparently in preparation for the day of action.

ABOUT BEDBUGS.—An article in Harper's Magazine, says that bed bugs are an American invention, and have been exported to all parts of Europe, excepting Ireland, where a bedbug is never found.

NOT WELL POSTED.—The London Times seems to feel much regret that Mr. Webster will not be in Mr. Lincoln's cabinet, and thinks it a great misfortune in the Republican party which has forced "him and Mr. Everett, and a number of the same party, to ally themselves to the South, and seek by concessions to the slave-owning interest, to obtain a position which they believed the North would never be able to give them."

THE CENSUS OF PENNSYLVANIA. (Continued from page 1)

LOCAL ITEMS.

LOCAL U. S. SENATE.—We are pleased to note that a number of our citizens have taken the initiative steps toward forming a local United States Senate, and we are of the opinion that its sessions will prove advantageous to all who are concerned in them. It is not yet full, as will be seen by the following proceedings, consequent upon all who feel like taking part in the deliberations of such a body, can secure a seat by attending at next meeting.

At a meeting called in the State Hall, on Tuesday evening, 18th inst., to consider the propriety of forming a local United States Senate, the meeting was organized by calling Col. John Woods to the chair and appointing Geo. W. Patton Secretary. The Chairman stated the object of the meeting, after which, on motion, a committee of three to be appointed to report officers for the organization of the Senate.

The Chairman appointed G. W. Patton, D. T. Caldwell and B. F. Rose said committee, who, after retiring for a short time, returned and submitted the following report:—

For President—Wm. Dorer, David Galbraith, For Clerk—Theodore Peterson, Joseph L. W. Deor-Keper and Serg't at Arms—John Buel. The committee would recommend the adoption of Jefferson's Manual of Parliamentary Practice, and the Committee have also prepared the names of the several States to be drawn by the members. All of which is respectfully submitted.

On motion, the report of the committee was received. On motion, Resolved, That we now proceed to the drawing of the names of the members, as their names appear on the list.

- The drawing resulted as follows:— C. J. Mann—South Carolina. E. M. Jones—New Hampshire. W. C. McCormick—Texas. G. R. Evers—Alabama. W. S. Miller—Mississippi. Joseph Law—Louisiana. J. R. Finley—Michigan. W. Dorer—California. T. B. Peterson—Vermont. T. J. Williams—Kentucky. M. M. Barker—Massachusetts. J. G. Adlum—Massachusetts. G. W. Patton—Connecticut. A. D. Cherry—Illinois. C. R. McCor—Maine. B. F. Caldwell—North Carolina. Jacob Good—Delaware. John Woods—Ohio. C. R. Hoastetter—Rhode Island. J. Deis—Wisconsin. W. F. Lindzey—Virginia. Pennsylvania, New York, New Jersey, Missouri, Iowa, Minnesota and Florida, have not yet been drawn.

On motion of the gentleman from Mass., Resolved, That when we adjourn, we adjourn to meet here on Friday evening next, 21st inst., at 7 o'clock, for the election of officers, permanent organization of the Senate, &c. On motion, adjourned.

DELICATE SURGICAL OPERATION.—On Monday afternoon, a surgical operation of the most delicate nature was performed by Drs. Gemmill, of Altoona, and Roberts, of Tyrone, upon a little son of Mr. John Litinger, of Sinking Valley. On Saturday, the little fellow, who is but three years old, got a grain of corn in his windpipe. He suffered severely for a few hours, when it passed through the trachea into the trachea, and he remained comparatively easy, until Monday morning. Every thing had been done by Dr. Roberts, to expel the grain that could be devised, but to no purpose, and as inflammation was beginning to set in, it became evident that nothing but a surgical operation could save his life. Dr. Roberts called in Dr. Gemmill, and on Monday afternoon, the windpipe was opened, and the grain of corn removed. The little fellow had become entirely livid in the face from the difficulty of respiration, but the instant a free circulation of air to his lungs was afforded by the artificial opening he revived, and in a few minutes after the operation was talking and laughing to the great delight of his parents, who considered him as rescued from the grave.

PAY YOUR DEBTS.—Every man who owes one dollar, and has the money wherewith to pay his indebtedness, should pay at once. It is wrong to hold back money at any time, but doubly wrong to do it now. There is no telling what good may be accomplished by one dollar set in motion at this time. For instance, if you owe one dollar, come and pay it and it will enable us to pay our paper merchant—the merchant will pay the paper manufacturer—the manufacturer will pay the workman—the workman will pay the provision dealer—the provision dealer will pay the farmer—the farmer will pay his laborer—the laborer will pay his store bill—the store-keeper will pay the city dealer—the city dealer will pay the bank from which he has borrowed money, and thus the banks, the times, and everybody will be eased. Thus the money will go around, as it should, doing good as it was intended to do when it was created. If you don't like to commence by paying us, or think it will come around to us some time. Only pay.

GAS BILLS.—Gas consumers in this place are complaining that their bills increase with each month, as compared with preceding months. In some cases meters may not register correctly. In some as a general thing the increase of bills may be set down to increased consumption, owing to carelessness in not regulating the flow through the burner. A full head of gas will increase the consumption one half, without any increase of light. Keep the flow properly regulated at the meter and the burner, so as to prevent waste, and the gas bills will come down a peg.

The notorious "Smith" family is as extensive as the notorious "Jones" family, and both are well represented in this place, but Geo. M. Smith, who keeps a confectionery, fruit and notion store, on the corner of Main and Caroline streets, in Tuck's old stand, is determined to become the most notorious of his side of the house by spreading before old and young, such a large, varied and inviting supply of Holiday nick-nacks, for both old and young. If you want anything to make your children happy on Christmas, go to Smith's and you'll get it.

"Dad's Stroke Laid."—As the story goes, a poor blacksmith, living in one of the towns in the northern part of the State, had a pretty daughter who was waited upon by a young man who was in no better circumstances than her father. One day the blacksmith took it into his head to dig for oil, and was successful in striking a rich stream. Of course the old gentleman's fortune was made, and the daughter felt the dignity of her position in society. Accordingly when the aforesaid young man proffered his services as escort to the blacksmith's daughter, on the Sunday evening following the discovery of oil, she put her finger to her nose and told him "no, yer can't come it; Dad's struck laid."

Laughing, of the Blair County Book and Music Store, on Virginia Street, opposite Lowther's store, did not strike "it," but has struck on a plan to sell cheaper than any one else. He has a fine stock of Books and Toys of all kinds, Violins, Guitars, Accordions, &c., Violin Strings, Sheet Music, Fancied Candies, Toy Books, Albums, paper of all kinds, Visiting Cards, and an endless variety of useful and beautiful articles for the holidays. His window is the most attractive in the place. Come one and all and see.

A NEAR POINT IN LAW.—Some weeks ago a man named Cathart was tried and convicted in the Clearfield Court for the murder of his wife, and sentenced to be hung. On Tuesday, 11th, Dasher Swoope, Esq., one of Cathart's attorneys, arrived in this city, and obtained from Gen. Miller, Prothonotary, a writ to take the case to the Supreme Court, where it is Mr. Swoope's intention to test the right of a Governor to sign and issue a death warrant. The courts below will probably wait with anxiety to see what arguments will be introduced, and their merits argued generally. If Mr. Swoope can convince the Supreme Court that the Governor has no right to issue the little document which sends men to the other side of Jordan, he will have achieved a much greater name and reputation than any man now in the legal profession.—Harrisburg Patriot and Union.

"MAN KILLED."—So common has this heading become of late, that it has lost all the horror it once possessed. People now read it with a shudder, and on looking over the item, if the name of the killed was not an acquaintance, they scarcely read all the particulars, or if they do, they will not remember it longer than they are reading it. We have this week to record the instant killing of a man named Meloy, who was run over by an engine, in the yard in this place, on Friday last. He was crossing the track, when he observed an engine coming toward him, and in endeavoring to get over quickly he slipped and fell across the rail and the engine ran over his breast, crushing it horribly and almost severing both arms above the elbow. He had no relatives in this place.

THE "BRANT HOUSE."—The corner room in this well-known house, seems likely to be a favorite resort for all who are in search of confectionaries, nuts, fruit, toys, &c., for the holidays. The proprietors of this establishment have just received a most elegant assortment of plain and fancy French and Domestic Candies, embracing every conceivable design and flavor, fresh nuts of all kinds, raisins, figs, &c. Also, all kinds of tobacco and cigars that may be called for, together with a good supply of Stationery. They are also prepared to supply almost any of the popular daily and weekly papers, and monthly publications. Be sure and call on Clabaugh & Co., and Andy or Jacob will serve you satisfactorily.

PLEAD GUILTY.—We take the following item from the Pittsburgh Chronicle of Saturday last:—"In the United States District Court, yesterday (Friday) afternoon, Jas. A. McConnell was arraigned for the embezzlement of the contents of certain letters which passed through the Post office at Nowry, Blair county, during the early part of the month of November. The indictment contained three counts; the first and second charging theft, and the third opening letters with intent to abstract correspondence. A plea of guilty, on the last count was accepted, and the prisoner sentenced to pay a fine of one hundred and fifty dollars, and undergo six months imprisonment in the Western Penitentiary."

Our shop-keepers are now laying in their supplies of Holiday notions, and their windows wear an inviting appearance, and none more so than that of Jake Wise, on the corner of Virginia and Caroline streets, where may be found all kinds of notions to please the children, all kinds of fruits and spices for holiday dinners, together with groceries, &c. See his advertisement in another column.

SEWING.—Mrs. Renner would announce to the ladies of Altoona, that she is prepared to do all kinds of sewing, at reasonable prices, if taken to the residence of her father, George Hawkesworth, in East Altoona. We ask our lady readers to remember Mrs. R., and if they have sewing they wish done up in a neat and substantial manner, we hope they will give her their patronage.

IMPROVED REVOLVERS.—The New Haven Palladium, contains the following notice of a new invention, which, if it proves to be all that is claimed for it, will supersede the far famed Colt's revolver. There seems to be no limit to Yankee ingenuity, no matter to what it may be applied. Great results are sure to follow the pressure of his genius. It has been thought that in Colt's pistol-revolvers Yankee skill had exhausted itself, but it is not so. Mr. J. P. Lindzey, of No. 79 Union street, is the inventor of a new weapon, which weighs less than Colt's five-shooter, that will shoot ten balls in less time than it will require to discharge five from Colt's. This seems incredible; but it is so, and the fact can be demonstrated at any time. The pistol is elegantly wrought, simple in its construction, easy to carry and handle, and universally admired by all who see it. It repeats its discharges instantaneously. Two balls or one may be thrown at the same time. The weight of this weapon is only sixteen ounces; the weight of the balls is eighty to the pound. The same inventor and manufacturer has another pistol, called "Lindzey's Young-America Two-Shooter," weighing only eight ounces, and carrying balls of forty to the pound. It has but a single barrel, yet shoots double, or two shots in rapid succession, or both at once, as may be necessary. For personal defense this weapon is unsurpassed; because the discharge of its two heavy balls will be as conclusive an argument as the line of business as a lion. The locks cannot be well described on paper, but they work easily, and are not liable to wear out soon, or break, or cause accidents. Mr. Lindzey is receiving orders for both these pistols faster than he can make them. He has now, in advance, orders for 2,000 of the two-shooters, and for 3,000 of ten-shooters. So it is an ill wind that blows nobody good. We should, perhaps, add that most of these destructive firearms are ordered by our Southern "brethren"—we hope, for their protection, not to harm us, who would not "hurt a hair of their heads."

PLAIN PRATING.—Thomas Stooton, the venerable chaplain of the House of Representatives, in his prayer at the opening of the session, occasioned an irreverent grin on the faces of members by the following invocation to the Almighty Power:—"O Lord, consider our President and his advisers! They lack wisdom, but if they ask Thee, Thou wilt give them liberally and unbridled them not!"

The Silver Medals, Plaques, Diplomas, and all Credentials of Duff's College, are on exhibition in the office, and answer the insinuations of the soi-disant "only respectable teacher in the city," (?) who teaches where they "take you for \$200," and when they have got you in, the first lesson you learn is, "\$8 to \$10 for stationery," (which cost \$3.50 at Duff's). The next lesson is "\$5 extra for the day writing class," the last is 3 or 4 weeks extra gas and board. When a College, which has recently been established by the Sheriff, keeps up old gas and board "more than triple the amount of business done by others," and announces "over seventy-five State and National Fair first Premiums," when they cannot exhibit a dozen of them, you may naturally all their other pretensions by the same standard. Were a country writing-master to attempt such a palpable imposition, he would probably hear some plain talk from those who were deceived by him.
