Whether it be popular romance, scientific easy, historical skotch, scholastic disquisition, spley paragraph, pathetic ballad, humorous poeth; old-fashioned love graph, pittely editorial, or any other ingredient of popular story, timely editorial, or any other ingredient of popular ry, timely eultorial, or any order ingrestion of popular delevated journalism, that is to be furnished, the *Ledger* rs will be sufficient for the task. In fact, our contribuill send us from week to week much more matter han we can possibly use, so that we shall always have a than we can possibly use, so that any superly, from which to select the fresh and supersbundant supply, from which to select the best. These facts, taken in connection with our largeased means, facilities; and experience, warrant us. think, in promising our readers a family paper for the at 1861 which will be under interesting and instructive, it is deep respect more valuable, even than the Ledger been in the pass.

a an indication of the popularity of the Ledger, we need

only state the simple fact that its circulation is larger than that of any other ten literary journals in the country. Its great success is ewing to the fact that we secure the best just a country. great success is ewing to the fact that we secure the best writers in the country, and spare no expense in getting up-the best family paper—a paper of high moral tone. The exalted reputation of its contributors, the practical and invariably pure and healthy character of all its articles, care which is taken that not even one offensive word thall appear in its columns, and the superiority of its Tales Sketches, have gained for the New-York Ledger a posiand exercises, have gained as the reservoir Leager a position that no literary paper has ever before reached.

PRACTICAL CALCULATOR OHRER'S PRACTICAL CALCU A Book of Plain Rules and Calculations for Business Operations, by Martin M. Robrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincott & Co., Philadelphia.

This work contains 204 pages, and upwards of 600 Rules and Examples, entirely and thoroughly practical, such as

arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the handlest book of reference, pertaining to calculations, that has ever been published.

Every example in the book is worked out in full and stated in a plain names or that worked out in succession. ted in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULA TOR is simple, that any one who knows how to add, sub tract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to eschew theory and philosophy in figures, alming only at facts and simpli-city, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, decising it sufficient for their purpose to be able at ent, by reference, to arrive at the true result. The CALCULATOR differs in this respect from all other Arithnetics of the day and kindred works—it is a key to practical business calculations—it is, in the hands of the business man, what the key to mathematical works is in the hands of the teacher in the school room—it facilitates tin and insures correctness THE WORK TREATS OF THE

Measurement of Land, of Lumber, of Brick and Brick Work, of stone and stone work, of grain and grain bins, of coal and coal bins, of wood, of solids, of liquids, of circular, square or irregular vessels, of cistorus and vats, of roo ing, of plasterer's, painter's, gluzier's, paver's, plumber's, paper hanger's and upholsterers' work. It treats of currency and of foreign and domestic exchange, of the decimal system, of reduction and its extended application to ousiness, of simple and compound interest, and their e tire application to business transactions, with the laws and usages governing and regulating the same, together with numerous commercial forms—of legal tender, of partial payment on notes, of banking and bank discount, of equaof taxes, of weights and measures, of square and cubic measure, of the square root and its application to business of surfaces, of excavation, and of many other important practical matters not within the scope of an advertisemen

IT IS JUST THE BOOK FOR THE Farmer, the merchant, the mechanic, the artizan, or the professional man. It has proven a valuable auxiliary to the lawyer, the justice of the peace, the conveyancer, and real estate broker, to the assessor, the banker, the elerk, to the civil sugmeer and the surveyor, to the carpen-ter and bricklayer, to the stonemason and the plasterer, to the paper hanger and upholsterer, to the payer and the tiler, &c., &c.; each and all will find it adapted to their various wants better than any book published. MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tripe AMAGAMATION of LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorparate them into our own; thus the word Cephalle, which is from the Greek, signifying "for the least," is now becoming popularized in connection with Ma. Spalding's great Head-ache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been work array by common many until they words has been worn away by common usage until they cent "native and to the manor born."

'ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped lote the hapethecaries hand says hi to the man, 'Can you hease me of an 'oadache?" "Does it hache'ard,' says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

Headache is the favorite sign by which nature make known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be packed. may be classified under two names, vis.: Symptomatic and Idopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumat sm and all febrile di seases. In its nervous form it is sympathetic of disease o the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uteri affections. Diseases of the heart are very frequently at-tended with Headaches; Anomia and plethora are also afloctions which frequently occasion headache. Idiopathic licadache is also very common, being unusually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and ing on studenty in a state of apparent, somit nearth and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of apirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyas, and sometimes provoking, vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cepha ic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power cradicating the diseases of which Headache is the unerring index.

BRIDGET .- Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Constipation of Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, No one of the "many firs ness is near to its so previous, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or adentary habits; it is regarged as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangorous diseases, and unless early eradicated it will bring the sufferer to an activity of the control o untimely grave. Among the lighter evils of which costiveness is the usual attendant are Heahache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while tisin, Foul Breath, Phes and others of fixe hactre, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentary, Diarrhea, Dyspepsia, Apoplexy, Epi-leysy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence ir the system by this alarming sympton. Not unfrequently the discusses named originate in Constitution, but take on an indepen-dent existence unless the cause is eradicated in an early disorder should receive immediate attention whenever occurs, and no person should neglect to get a box of Copha-lic Pills on the first appearance of the complaint, as their timely use will expel the insiduous approaches of disease and destroy this dangerous foo to human life.

A Real Blessing.

Physician,-Well, Mrs. Jones, how is that headache? Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, I wish you would send Physician .- You can get them stany Druggist. Call for Cephalic Pills. I find they never fail, and I recommend them in all cases of Hoadache. Mrs. Jones.-I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED .- Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dellars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by of twenty millions of dollars, reclaimed from total loss b this valuable invention. "Having made his Glue a bons hole word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Fills, and if they are as good as his Glue, Heudaches will soon vanish away like snow in July.

Der Over excitement, and the mental care and anxiety incident to close attention to business or study, are among the numerous cases of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and amtition. Sufferers by this disorder can always obtain speedy reliaf from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and re-laxes the tension of the stomach which always accompa-nies and aggrayates the disordered condition of the brain.

FACT WORTH KNOWING.—Spaiding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY .- Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

Did you ever have the Sick Hendache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purpose you should always have a box of them on hand to use as occasion requires.

Headache, By the use of these Pills the periodic attacks of Narcous w sick Headache may be provented; and if taken at the

ommencement of an attack immediate relief from pain and sickness will be obtained. They seldom fail in removing the Nausca and Headache to which females are so subject. They act gently upon the bowels,-removing Costiveness. For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Lazatire,

improving the appetite, giving tone and rigor to the digestive organs, and restoring the natural elasticity and strength of the whole system. The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from

Headache, whether originating in the nervous system or rom a deranged state of the stomach. They are entirely vegetable in their composition, and may be taken at all times with pefect safety without making any change of diret, and the absence of any disa. precable taste renders it easy to administer them to children. BEWARE OF COUNTERFEITS!

Read the following from the New York Courier:
ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We-do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Woffe's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on han ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whiskey, Jamaica and St. Croix Rum, some very old and squal to any in this country. He also had three large cellars, filled with Brandy. Wine, &c., in casks, under Custom-House key, ready for bettling. Mr. Wolfe's sales of Schnapps has year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, ntil every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and re lace it with Wolfe's pure Wines and Liquors.
We understand that Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness. THE Worthy of any Confidence FOR RESTORING THE BALD AND GRAY. Many, since the great discovery of Prof. Wood, have at-tempted not only to initate his restorative, but profess to have discovered something that would produce results iden-

Read the following:

Read the has given rise to numerous inquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage, of my life for 40 years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face when if cars was need by white the form is close. the face, when if cars were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of Now England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used not only without any good effect, but to absolute injury.

I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which, I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will mak as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours,

AARONS RUN, Ky., Nov., 30, 1858.

PROF. O. J. Wood: Dear Sir. —I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and inding my head nearly destitute of hair. I was finally indured to try a bottle of your Hair Restorative. Now, can-dor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend of it. Resply you s. Brv. S. ALLEN BROCK.
P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited, but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing.

Yours, &c., Rev S A B.
The Restorative is put up in bottles of three sizes, vis: large, medium and small; the small holds 1/2 a pint and retails for one dollar per bottle; the mediums hold at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion and retails for \$3 a bottle. which greatly facilitates the process of teething, by softwaing the gums reducing all inflammation will allay pain and:
spasmodic action, and is sure to regulate the Bowels.

Depend upon it mothers, it will give rest to yourselves,
and Relief and Health to your Infants. We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its ungical effects and medical virtues. We speak in this matter. "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with novel-failing success in thousands and has been used with nover-tailing success in thousands of cases.

It not only relieves the child from pain, but invigerates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Criping in the Bowels and Wind Colic, and overcome convulsoins, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhoan in children, whether it arises from teething or from any other cause.

We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by G. W. Kessler and A. Roush, druggists, Altoona. Price 25 cents per bottle.
