Tribute of Respect.

ALTGONA, Jan. 15. 1861. Died-At Molin. Illinois, on the first Sun, Cold Moon, G. S. 5621; brother FRANCIS AR-CHEY, in the 25th Grand Sun of his age .-The undersigned appointed a committee at a stated meeting of Winnebago Tribe, No. 35, I. the Senate be empowered to appoint a sub- O. of R. M., to prepare a suitable tribute of respect to the memory of our deceased brother

FRANCIS ARCHEY, would submit the following: Whereas, it has pleased Almighty God, the Father of our spirits, and Searcher of all hearts, by a dispensation of his providence, to remove from the fullness of life to the fruition of eternity, our late brother, Francis Archey, thus sadly and impressively reminding us that in the midst of life we are in death. And as honorable tributes of respect to the dead are deemed the surest evidence of the regard with which their memory will be cherished by the living, we desire to place on record a faithful expression of our sense of the loss sustained by our helored order, in our brothers untimely demise, and also to express our sympathy with the feelings of his bereived relatives, his brother Masons, and numerous friends and acquaintances, whose hearts will ever keep him in fond remembrance, and will cherish his recollection as an evergreen in their memories. The interest that he has taken in our order, and his private worth and integrity are well worthy of emulation, and endear him to us in strong bonds of friendship and

munity a citizen whose integrity won for him the respect and esteen of all who knew him.

Resolved, That we tender to the relatives of our lamented brother, assurances of our strong and carnest sympathy with them in this their hour of darkness and suffering; tion to the will of that instruct Tanas, and too good to be unkind.

Resolved. That Winnebago Tribo wear the usual badge of mourning for 30 Suns, and likewise, the Wigwam be decked in mourning.

Resolved, That the thanks of Winnebago Tribe be tender-

ed to the Masonic Fraternity of Molin, for their attendance while paying their last tribute of respect to our deceased brether.

Resolved. That the preamble and resolutions be published in the Altoona Tribune, and that a copy be sent to the friends of the deceased brother.

LABOR-SAVING

WASHING MACHINE. THE UNDERSIGNED HAVING

purchased the right for Blair county, of case and misfortune shall solicit its friendly aid. Tolhurst's Improved Washing Machine, are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who sire a LABOR-SAVING MACHINE. This machine is got up on an entirely new principle, and is c. nsidered, by those who have seen it in use, the best that has ever been brought before the public. Among the many advantages of this machine over all others may be mentioned the following: 1st. Its simplicity of construction, making it almost impossible to get out of order.

2d. Its speed, which astonishes alike the operator and the looker on.

3rd. The facility with which it adapts itself to the bulk

or quatity of clothes desired to be washed. 4th. It washes equally well the finest and lightest fabric or the consest and heaviest, such as bed-quilts, comforts, MeMINN & DERN.

THE AMAIGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to facorparate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head;" is now becomin popularized in connection with Mr. Spaiding's great Head ache remedy, but it will soon be used in a more general ache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words line been worn away by common usage until they seem "native and to the manor born."

ardly Realized.

"Does it hache ard," says you nease me of an 'caonene?" - Does it nache ard, 'says'e, ... 'Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pou me 'coor it cured me so quick that I 'ardly realized I 'ad 'ad an 'cadache.

Fileadache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headacher may be classified under two names, viz: Symptomatic and Idopathic. Symptomatic Hoadache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy. Gout, Rheumat sm and all febrile di and endear film to us in strong bonds of his with us, and we cannot love, which have connected him with us, and we cannot too deeply feel our loss. Therefore,

Resolved, That in the death of brother Archey our order has lost one of its most devoted adherents; and the combinations believe the bowels as well as renal and derine fections which frequently occasion headaclie. Id opathic Headache is also very common, being unusually distinguished by the name of aerems headache, sometimes comguished by the name of nervous headarine, sometimes coming on suddenly in a state of apparently sound health and prostruting at once the inertal and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head over one or both eyes, and sometimes provoking womiting; under this class may also be named Neuralnia. also be named Neuralgia.

Constination of Costiveness. No one of the "many illa flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in circlessness, or sedentary habits; it is regarged as a slight disorder of too little consequence to excite anxiety, while in reality it is the presureor and companion of many of the most fatal and dangerous diseases, and unless carly cradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Heahache, Colic. Rheumatism, Foul Breath. Files and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentary, Diarrhoza, Dyspensia, Apoplexy, Epia long train of frightful diseases such as Mulignant Fevers, Abcesses, Dysentary, Diarrheea, Dysensia; Apoplexy, Eplleysy, Paralysis. Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence ir the system by this alarming sympton. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the crusal is endicated in an early dent existence unless the cause is cradicated in an early stage. From all these considerations it follows that the

disorder should receive immediate attention whenever it

occurs, and no person should neglect to get a box of Cepha

lie lylls on the first appearance of the complaint, as their timely use will expel the insiduous approaches of discass-and destroy this dangerous for to human life. A Real Blessing. TWENTY MILLIONS OF DOLLARS SAVED .- Mr. Spalding has

sold two millions of bottles of his celebrated Prepared Gine and it is estimated that each bottle sives at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by of twenty millions of golfats rectained. From both loss of this valuable invention. Having made his Glue a house-hole word, he new proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

Over excitement, and the mental care and anxiety incident to close attention to business or study, are among the numerous cases of Nervous Headache. The disordered state of initial and body incident to this distressing complaint is a faint blow to all energy and amiltion. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soonthes the strained and jurring nerves and re-laxes the tension of the stomach which always accompa-nics and aggravates the disordered condition of the brain.

FACT WORTH KNOWING.—Spaiding's Cephalic Pills are a certain cure for Sick Headache, Billous Headache Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERT.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox. the Cephalic Pill for relief of Headache, and the me Quining for the prevention of Ferenz, either of which is a sure specime, whose benefits will be experienced by suffering human area than discovered are foresten. manity long after their discoverers are forgotten.

Did you ever have the Sick Headache! Do you re nember the throbbing temples, the fevered brow, the cathing and disgrat at the sight of food. How totally unloathing and disgust at the superstation or study. One of it you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purpose you should always have a box of them on hand to use as occasion requires.

Headache.

or sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained. They seldom fail in removing the Nausea and Headache to which females are so subject. They act gently upon the bowels,-removing Costireness.

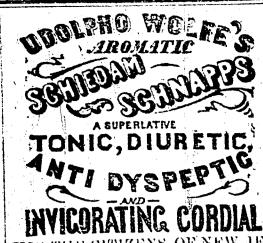

For Literary Men, Students, Delicato Fomales, and all persons of sedentary labits, they are valuable as a Laxatire, improving the appetite, giving tone and rigor to the digestive organs, and restoring the natural elasticity and strength of the whole system. The CEPHALIC PILLS are the result of long investiga-

tion and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach. They are entirely vegetable in their composition, and

may be taken at all thies with pefect safety without making any change of diret, and the absence of any disa. greeable taste renders it casy to administer them to children. BEWARE OF COUNTERFEITS! The genuine have five signatures of Henry C. Spalding on

failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commen-dation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years' expe rience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is adumistered.
This valuable preparation is the prescription of one of

the niest experienced and skillful nurses in New England, and has been used with nover-failing success in thousands It not only relieves the child from pain, but invigorates

the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Griping in the Bowels and Wind Colic. and overcome convulsoins, which, if not specially remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhoza in children, whether the strength of the cases. whether it arises from teething or from any other cause.— We would say to overy mother who has a shill suffering from any of the foregoing complaints—do not let your pre-judices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—[78, absolutely sure-to follow the use of this medicine, if timely used. THE ONLY DISCOVERY Worthy of any Confidence FOR RESTORING

THE BALD AND GRAY. Many, since the great discovery of Prof. Wood heve atmpted not only to imitate his restorative, but profess to ive discovered something that would produce results their ical; but they have all come and gone, being carried away derful results of Prof. Wood's preparation, and have been forced to leave the field to its resistions away .-Prof. O. J. Wood & Co.: Gents:-The letter I wrote you

in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsowhere, has given rise to numerous inquiries touching the facts in the case. The enquiries are, first, is it a fact of my lightation and mane, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wining the face in close as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking nie if my in retrieve non-air parts of New England, asking the it my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used not, only without any good effect, but to absolute infarra-I have not used any of your Restorative of anyaccount for some months, and yet my hair is as good as ever, and hyndreds have examined it with surprise as I am now 61 years. old and not a gray hair in my head or on my face; and to prove this fact. I send you a lock of my hair taken of the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skep-tical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article. which curses the inventor of the good. I deem it my duty as heretofore, to keep you upprised of the continued effect on my hair, as I assure all who enquire of me of my un-shaken opinion of its valuable results.
