

The Altoona Tribune.

ALTOONA, PA.

THURSDAY, FEBRUARY 7, 1861.

Where parties are unknown to us, our rule is to require payment in advance, or a guarantee from known persons. It is therefore useless for all such to send us advertisements offering to pay at the end of three or six months. Where advertisements are accompanied with the money, whether one, five or ten dollars, we will give the advertiser the full benefit of cash rate.

S. M. PETTINGILL & CO.,
Advertising Agents, 119 Nassau street, New York, and 10 State street, Boston, are the Agents for the *Altoona Tribune*, and the most influential and largest circulating newspapers in the United States and the Canada. They are authorized to contract for us at our lowest rates.

At a meeting of the stockholders of the *Altoona and Cresson Railroad*, held on the 17th ult., the following gentlemen were elected President and Directors of the Company: President, Thomas Collins; Directors, A. A. Barker, Edward Roberts, R. Jones, Jr., Abel Lloyd, Johnston Moore, Geo. J. Rodgers, R. L. Johnson, A. C. Mullin, Thomas Griffith, John Williams, Robert Davis and Jas. S. Clark.

The *Student and Schoolmate*, published by Glen James & Co., 15 Cornhill street, Boston, is one of the best periodicals of the kind published in the country and just the monthly visitor which should be in the hands of every scholar in the land. It is filled with reading matter particularly adapted to their minds, and is a valuable assistant to the teacher. Price \$1.00 a year in advance. Address as above.

A *NOBLE REPLY*—A short time since, while Mr. Etheridge of Tenn., a South American, was making a speech in Congress in favor of the Crittenden resolutions, he was interrupted by Mr. Leake of Va., who asked him whether he was speaking on the side of the South or of the North, whereupon Mr. Etheridge replied:—"I am speaking on the side which has few representatives on the floor—I am speaking on the side of my country."

TRIBUTE ALMANAC.—We have received the *Tribute Almanac*, published by the New York Tribune Association. This is one of the most valuable political registers published, but not a party publication. It contains a great amount of statistical information and accurate returns of the elections in every State in the Union in 1860. Price 12 cents per copy. Every man who wishes to be posted in reference to political matters, should possess himself of a copy.

We learn from the *Junius Sentinel*, that on Friday week a little daughter of Jacob Homer, residing near Millington, was burned to death, through the carelessness of some older children who were playing with a lighted stick and let a coal fall into the cradle in which the child was lying. While the grand-father of the child was attending the funeral, some scamp or scampers entered his house and stole \$820 in gold. The perpetrators of the robbery have not yet been detected.

Drice X. Blair, member of the State Legislature, was put on trial at Huntingdon, at last court, charged with having conspired with others to abduct a young lady named Maggie Scott, a young and handsome girl who resided with her father, near the residence of Mr. B. in Huntingdon county. The jury, after a patient and lengthy investigation of the entire affair, brought in a verdict of not guilty, but directed the defendant to foot the costs. The accused is yet to be tried, at the April term, for abduction, and an attempt to procure abortion. An unpleasant position, truly, for a Legislator.

MILITARY RESOURCES OF PENNSYLVANIA.—From the Adjutant General's Report we learn that the military force of this State is about three hundred and fifty thousand, of which nineteen thousand are uniformed volunteers. The arms of the State are all in the possession of the armed volunteer companies, and comprise 22,000 muskets, &c., 4,700 rifles, &c., 2,600 cavalry swords and sabres, 3,447 pistols, &c., 69 pieces of ordnance being six pound bronze cannon. There are only about forty-two hundred of these small arms of the improved pattern, the others are old flint locks, good for nothing now. This is not, at present, a very flattering picture of the efficiency of the militia, if suddenly called upon for service.

The "Farmer and Gardener," as also the "American Bee Journal," for February, are received. The former, in addition to its usual embellishments, contains a finely engraved frontispiece of the celebrated *Farmer's Market*, of Philadelphia, the finest edition of its kind in the world. In addition to this it is filled to repletion with the most useful and seasonable reading. The *American Bee Journal* comes to us with all the promises made in the first number fulfilled. As this is the only journal of its class in the United States, and as it is not only printed in the most unexceptionable manner, but edited with marked ability, it cannot fail to succeed. The publishers, desirous of introducing these two valuable works, offer them both, together with a prepaid copy of a handsome *Premium Book*, for the trifling sum of *One Dollar and Fifty Cents*; or, either one of them and a *Premium Book* for *One Dollar*. This is certainly cheaper than any other publications of the same size and character in the United States.

Specimen numbers are furnished without charge, by the publishers, A. M. Spangler & Co., No. 26 North Sixth Street, Philadelphia.

FROM THE SOUTH.—The telegraph reports and letter writers from the South repeat the reports of the day previous, with additional surmises and rumors, but give us very little that is really reliable. From what we can glean from the reports we believe that Fort Sumter has, or will shortly be attacked, and a report is current here today (Wednesday) that a scrimmage has taken place at Fort Pickens, Fla., occasioned by the attempt to land troops from the steamer Brooklyn now lying at Pensacola harbor. These are only rumors on which no reliance can be placed.

HURRA FOR VIRGINIA!—The latest returns from Virginia indicate that the Unionists have carried two-thirds of the delegates to the Convention soon to be held for the purpose of considering the question of secession.

CORRECTION OF ST. LOUIS—THIS MISSISSIPPI TO AS FORTEN AWA. The Illinois correspondent of the *St. Louis Democrat* threatens dire vengeance on that city in case she should take sides with the Secessionists. In that event, he says:

"This Southern game of commerce is all that will be left for the city of St. Louis, and even this will be at the mercy of the State of Illinois, and can be destroyed without the act of hostility of which she can have no right to complain. The Mississippi river can be made to run away from St. Louis and under the Illinois bluff, leaving you high and dry, seven or eight miles from the river, with a foreign soil lying between the city and the river from the present site of Illinois to what will then be the west bank of the Mississippi river. The people of St. Louis know very well this can be done, and they have spent millions of dollars to prevent it from doing itself, and have been allowed by the Legislature of Illinois to build dykes and revet the shores on the Illinois side for this purpose. But it cannot be expected that Illinois will be thus courteous and complaisant to a foreign State, and the law has been passed by the Missouri legislature to the contrary. The Missouri river is well known that directly opposite to the mouth of the Missouri river its current presses the sluggish Mississippi against the Illinois shore, and an artificial channel at that point would conduct the united waters of the two streams into the lakes which lie at the foot of the bluff, and which are supposed by many to have been the of the ancient bed of the stream, and this would take the river away from St. Louis, and throw it within the Madison of Illinois, until at the foot of the lakes, near Carondelet, it would again re-enter its present bed or channel. This can be done; it has been done at many points on the Lower Mississippi, by running a ditch across a bend of the river, and the force of the current itself has done the rest. Will it be done? If Missouri goes out of the Union, it will be a matter of course, to say nothing of the profit of the thing, with the people of Illinois to establish a rival city here in Alton.

WARNING FROM GEORGIA.—A Southern writer, from an important point in the interior of Georgia to his correspondent in New York: A formal withdrawal of Georgia from the Union has taken place, but she will hold herself ready to step back at any time. So will Alabama. There will be no serious trouble; only in words. Would to God the whole country were in the hands of the people instead of demagogues; in twenty-four hours we would be right. Don't give up the ship. This confirms other reports which have reached us from the South, going to show that the masses of the people do not sympathize with the violence of the secessionist leaders. There is a strong body of conservatives even in the seceding States, but just now their voice is stifled.

SHOES LYMAN HONESTY.—A Miss White, of McKean who was married to a gentleman from Mississippi, a few weeks ago, and accompanied her husband to that State, which she intended making her future residence, returned to us, on Tuesday afternoon, having been ordered to leave the Southern domain, at a certain date, before the expiration of ten hours. It seems that she made too free of her northern sentiments to suit the Southern chivalry, and hence was ordered out of the country. If this is not vanity and oppression on the part of the South, it is a most unbecoming manner, but edited with marked ability, it cannot fail to succeed. The publishers, desirous of introducing these two valuable works, offer them both, together with a prepaid copy of a handsome *Premium Book*, for the trifling sum of *One Dollar and Fifty Cents*; or, either one of them and a *Premium Book* for *One Dollar*. This is certainly cheaper than any other publications of the same size and character in the United States.

Specimen numbers are furnished without charge, by the publishers, A. M. Spangler & Co., No. 26 North Sixth Street, Philadelphia.

RAPIDITY OF GAZARD EVENTS.—The New York Times says, during the French revolution the first thing every Parisian did on waking up in the morning was to feel if his head was still on his shoulders. Our people, it adds, before they are deceased, send for the morning newspaper to see if the Union has been dissolved over night.

PEN AND SCISSORS.

An exchange thus defines Congressmen.—A class of men who receive \$5,000 per year try to be President.

Gen. Wolf proclaims the treason of South Carolina as far transcending that of Benedict Arnold.

We notice by the last number of the *Lewistown Democrat*, that Henry Frydinger has again assumed control of that paper.

Orders have just been issued for the enrolment of all citizens subject to the militia duty in the district of Columbia.

Mrs. Yell lately punished Mr. Lay, for not performing a promise made by her husband, as he would not make her Lay, she made him gay.

An officer of Fort Sumter called the other day, and subscribed for the *Charleston Mercury*, to be mailed to the Fort for the next three months.

Kather Slippery.—The accounts of oil discovered in the papers from the western part of the State. If all that is published be true, a tract of land out there is equally as valuable as a tract in California.

An elderly lady, named Kate Hoffman, who has been a confirmed lunatic from childhood, was burned to death a few nights since, at the residence of her sister, near Millington, Juniata county.

They naturally make the sufferer nervous, irritable and complaining, and relatives and friends are forced to bear the brunt of their ill-humor. The use of *Holland's Celebrated Stomach Bitters* will prove an efficient remedy for this. It will not only strengthen the whole physical organization, but entirely cure the most obstinate cases of Indigestion, Diarrhea, Dysentery, and Liver Complaint.
